NEWTON.

The handiest place in Newton for a quick lunch is at Wilbur Bros., 311 Centre street.

—Dr. and Mrs. T. O. Loveland of Elmwood street have returned from Vermont.

—Miss Rosamond Clark, who is at Wellesley College, is one of the honor students from the class of 1904.

—Mr. J. L. Phillips and family have moved from Waltham into the Stevens house on Oakland street.

—Marshall, the photographer, makes picture frames. His fall line of mouldings is very complete and up-to-date.

—Mr. and Mrs. George C. Buell have returned from their wedding trip and are residing on Newtonville avenue.

—Mrs. W. O. Trowbridge and Miss Miriam Trowbridge of Kenrick park have returned from the White Mountains.

Newton now has a first class restaurant and the people seem to enjoy it. Wilbur Bros. are doing a good business.

—Mr. C. D. Keener and family of Maple street returned Friday from North Weymouth, where they spent the summer.

—Miss Mabel Esther Couillard of 37 Jefferson street resumed teaching Oct. 1, and is prepared to receive pianoforte pupils.

—Mrs. Estella Andrews, who has been the guest of Mr. and Mrs. E. I. Latham, Charlesbank road, left last week for Keene, N. H.

—Grace church contributed about \$600 to the endowment fund of \$100,000 of the new Episcopal diocese in the western part of the state.

Newton people appreciate a place where they can get Ice Cream above the average. Wilbur Bros. have been unusually busy during the past week.

—Rev. Dr. and Mrs. Wolcott Calkins of Bellevue street, who have been spending the season at East Gloucester, leave soon for a European trip.

—Mrs. F. L. McIntosh and Miss McIntosh, who recently returned from New Hampshire, are guests of Mr. and Mrs. James H. Ewer of Fairview street.

It is nice to know where to go to get a good lunch, one that is wholesome and palatable. Wilbur Bros. serve this kind at their restaurant, 311 Centre street.

—Mrs. Dudley A. Sargent is a member of the executive board for the "Old Ironsides," fair to be given in November in the New Horticultural hall, Boston.

—Rev. Dr. C. H. Daniels of Church street and Rev. Dr. W. H. Davis of Park street will attend the meeting of the American Board in Hartford, Conn., next week.

—Mr. Charles S. Sumner is here from Germany, visiting his father on Charlesbank road. The Misses Sumner have returned from a several months' European trip.

—Mrs. Henry W. Crowell and her son, Mr. Joseph Crowell, who have been living on Huntington avenue, Boston, are moving into their new house on Copley street.

Returning travellers from Buffalo, speak in the warmest terms of the comfort and conveniences of the accommodations at the Algoma. We are exclusive agents.

—The first meeting of the Tuesday Club for the season was held last Tuesday evening in the parish house of Grace church. Rev. Dr. George W. Shinn was the host.

—Mr. Wiley S. Edmonds and family, who have been spending the summer on Bellevue street, have rented the house formerly occupied by Mrs. Kendall on Vernon street.

—Ladies when in need of a switch, pin curls or front piece, have it made at Mrs. L. F. Eliot-Anderson, 171 Charlesbank road, Newton. Only the finest quality of hair used.

—Mr. Addison C. Burnham of this place is treasurer of the American Colonial Steamship Company, recently incorporated at Augusta, Me., to carry on a transportation business.

—The Volunteers of America will hold a union meeting in the Eliot church chapel, Monday evening, Oct. 7, at 7.30. It is expected to have Balfour Booth and other well known speakers.

—Mr. and Mrs. Henry Waitt were at the historic Lancaster Inn, Lancaster-on-the-Nashua, Mass., last week, enjoying the bracing air and charming scenery, for which the old town is noted.

—Mrs. William F. Banks, Miss Louise and Miss Lillian Banks have returned from a several months' sojourn in England and Wales. They were passengers on the "Commonwealth."

—Miss Helen Day of Sargent street will be a passenger with friends on the "Deutschland," of the Hamburg line, sailing from New York for the continent and England, where she will stay a year.

—At the residence of Mrs. George S. Harwood on Ivanhoe street, last Friday evening, the first Woman's Exchange of the season was held. There was a good attendance and a satisfactory sum was realized.

—Captain Ernest R. Springer and Lieuts. G. F. Guilford and Thomas E. Wye of the Fifth Regiment are among the prominent military men who have applied for membership in the Old Guard of Massachusetts.

—A number of Newton friends of Miss Carrie Ethel Cooke, daughter of Mrs. William Russell Cooke, witnessed her marriage to Mr. Frederick Creelman Waddell at the Pilgrim Congregational church, Dorchester, last Tuesday evening.

"A PRIVILEGE."

It is the privilege of every person to contribute something toward the current expenses of our Young Men's Christian Association, and I believe one that should be accepted by all in this portion of our city.

This institution should have almost as strong a hold upon our hearts as our own homes, for it serves to develop young men on all sides, thereby making of them Christian citizens and competent and reliable workers in any field.

If the old saying is true, that a man's heart is where his money is, then I would venture to suggest that every one place a few cents at least in the Association's treasury. Our new year is about to begin, and we solicit the gifts of every person, old and young. Gifts of any size will be gratefully received.

The results of last year's work warrant the heartiest co-operation of the public.

ALLAN C. EMERY,
Vice President, and
Chairman Finance Committee.

NEWTON.

—Read about the new custom corset parlors on the first page.

—Visit the barber 289 Washington street for first class work.

—With three first class hair cutters satisfaction guaranteed at Burns', Cole's block.

—The Odd Fellows' Building Association of Newton Highlands hold a fair in its building Oct. 28th, 29th and 30th.

—The ladies of Newton should not fail to see the display of autumn and winter millinery at the "Elite" Millinery parlors, 307 Centre street on Tuesday and Wednesday of next week.

—Mr. H. A. Ball is the authorized agent in the city of Newton for the authentic Life of President McKinley, written by the well known authors, Alexander K. McClure and Prof. Charles Morris, L. L. D. 3t

—Cards are out announcing the marriage of Miss Ethel L. Pote, daughter of Mr. and Mrs. Geo. P. Pote of Peabody street to Mr. Wm. H. Leach, Jr., of Bridgeport, Conn., on the evening of Oct. 16th. A reception will be held from 8 to 9.30 o'clock.

Burglars at Newtonville

Burglars entered the house of Mr. John J. Cornish, Newtonville avenue some time Tuesday night or Wednesday morning, and succeeded in carrying off nearly \$200 worth of silverware without arousing the family.

Another theft though to have been committed by the same thieves, was the larceny of \$25 worth of clothing from the lines in Margaret Kelly's yard.

Y. M. C. A.

The opening of the boys' physical department took place in the gymnasium last Wednesday evening, with twenty class members.

Mrs. A. F. Emery, president of the Women's Auxiliary, with Mrs. J. W. Brigham Miss M. Fay Butler, Mrs. Moses Clark and Mrs. T. H. Hildreth will attend the 13th annual conference of the Women's Auxiliaries to the Y. M. C. A. in Pittsfield next week.

A large number of friends attended the opening of the physical culture department on Tuesday evening.

A march and drill was given by a class of men, followed by an address by Mr. E. C. Wyatt, the director.

Mr. Thos. M. Shaw gave a punching bag exhibition, and the evening closed with a reception to Mr. Wyatt and Dr. J. F. Bothfeld. Music and refreshments were served and a good time enjoyed.

Good Thing for Newton Ladies.

A Custom Corset Dept. has been opened in Eliot Block, (up one flight) by the Temple Corset Parlors of Temple Place, Boston, of which Mr. F. W. Ruggles of Church street, Newton, is proprietor. Newton ladies will appreciate the convenience of having a first class custom corset concurred right here in Newton. The Temple Corset Parlors are regarded as the finest corset outfitters in Boston.

Their system of corset fitting has given them a wide reputation. They also have at their Boston parlors a choice line of retail or "stock" corsets.

Their great specialty is their "Temple" custom corsets. There is something about these corsets, style, comfort, shape that ladies recognize as different from other corsets.

The perfect way they are fitted and by ladies who know how is a great satisfaction. Prices are moderate and satisfaction is guaranteed.

Woodland Park Hotel.

The following among others have registered at the Woodland Park Hotel during the past week:

Mr. and Mrs. Edwin Howland and family, Boston; Mr. Samuel Lord, Lexington, Mass.; Mr. and Mrs. James Tausig, St. Louis, Mo.; Miss Edith Stuart, New York, N. Y.; Mrs. H. A. Risley, Washington, D. C.; Mr. C. H. Rice, Mr. H. Newcomb, Laconia, N. H.; Mr. and Mrs. H. F. Douglas and daughter, Troy, Ohio; Mr. August P. Belmont, Jr., New York, N. Y.; Mr. and Mrs. Joseph J. Byers, New York, N. Y.; Miss Julia Book, London, Eng.; Mr. Vincent G. Byers, New York, N. Y.; Mrs. A. S. Tuttle, Chicago, Ill.; Miss S. C. Wadhams, Miss L. F. Wadhams, Wilkes Barre, Penn.; Mr. H. Nickerson, Miss E. F. Ripley, Cohasset, Mass.; Mr. and Mrs. Chas. W. Grosvenor, Pomfret, Conn.; Mr. and Mrs. H. S. Walter, New Britain, Conn.

CONVENTIONS.

Delegates Have Had a
Busy Week.

Choice of Candidates Made
By Republicans.

COUNCILLOR.

The third councillor republican convention was held in Wesleyan Hall, Boston, Tuesday at noon.

Hon. Henry D. Yerxa of Cambridge was unanimously renominated by acclamation and responded with a brief speech.

E. T. Colburn and S. W. Jones were elected members of the district committee.

SENATORIAL.

The senatorial convention was held in Temple Hall, Newtonville, at 3 p. m., on Wednesday, and was called to order by W. O. Cutler of Natick.

W. O. Cutler was elected temporary chairman and Albert P. Carter of Newton temporary secretary.

Geo. M. Weed of Newton, F. E. Critchett of Watertown and W. B. Robinson of Natick were appointed a committee on credentials and reported the full number of delegates, 57, as being present.

The temporary organization was then made permanent, and a committee on ballots consisting of C. E. Hatfield, A. L. Pond and Lee McCurdy appointed.

The convention then elected a district committee consisting of the chairman of the town committees, the chairman of the Newton city committee, the chairman of the 7 ward committees of Newton and the member of the state central committee.

Mr. Wm. M. Flanders was unanimously re-elected a member of the state committee.

The district committee was authorized to fill vacancies caused by the death or disability of the candidates of the convention.

Nomination speeches were limited to five minutes, although there was no disposition to talk by any one.

Mr. H. D. Deger objected to the use of a hat as a ballot box, and an empty drawer was provided for the purpose.

The first ballot resulted in 26 votes for Col. Nutt and 31 votes for Henry R. Skinner of Watertown, who was declared the nominee of the convention.

Mr. Skinner was escorted to the platform by Messrs. Bullard, Critchett and Nason, and made a brief speech of thanks, urging the party to support the ticket.

Mr. Skinner was born in Foxboro about 40 years ago, but for fully 30 years has made his home in Watertown. He is a lawyer. For six years he was a member of the Watertown school board and part of that time its chairman. In 1899 and 1900 he represented the 14th Middlesex representative district (Belmont and Watertown) at the general court. At present he is a member of the Watertown board of selectmen.

COUNTY.

The Republican county convention met in Institute hall, East Cambridge, yesterday morning, at 10.30 o'clock, and rapidly completed its duties.

Theodore C. Hurd of Winchester, Clerk of Courts, for 5 years, Frances Bigelow of Natick, County Commissioner for 3 years, David T. Strange of Stoneham and Edward P. Thompson of Woburn, Associate Commissioners for three years each, John R. Fairbairn of Cambridge, Sheriff, and Geo. A. Sanderson of Ayer, District Attorney were unanimously nominated.

Mr. J. F. Ryder was the Newton member of the committee on credentials and Mr. W. M. Flanders was re-elected a member of the County Committee.

Newton Choral Association.

The Newton Choral Association is now entering upon its second season with the prestige of signal success in the first year of its work. The programs, which have been selected for the two concerts of the coming year will appeal to all lovers of the best music. The first concert will be given on Tuesday evening, Jan. 14, 1902, and will comprise miscellaneous chorus selections and the Cantata, "Fair Ellen."

Music by Max Bruch, for solo voices and chorus. The second concert in April will consist of the historical cantata, "Joan of Arc. The Maid of Orleans," music by Alfred R. Gaul and verse by Frederick Enoch. The soloists for the concerts will be announced later. The fee for active membership is \$2.00 a year and for associate membership \$5.00 a year.

Mr. Everett E. Truett the musical director will examine voices of new applicants in the chapel of Eliot church on the evenings of Oct. 7th and 10th, at 7.30 o'clock, the trial piece is Kellar's America Hymn of Praise. For further information apply to Mr. Philip H. Robinson, manager, 12 Channing street, Newton.

Post Office Notes

The local branch of the National Association of post office clerks held a meeting at the Newtonville post office last Sunday afternoon at 3 o'clock. There was a good attendance and President H. F. Butler presided. Several new by-laws were acted upon and it was voted to invite the Watertown and Waltham branches to become members of this branch.

Mr. Lucet of the Boston post office was present and made an address.

REAL ESTATE.

Turner & Williams have sold for Alice F. Tupper her estate No. 27 Walnut street, consisting of house and about 10,000 feet of land to Alma M. Billings, who buys for investment, assessed value \$2,500.

HIGH IDEALS

Are Those in Work of the Y. M. C. A.

Unequaled Privileges are Offered To Men.

Among the many excellent institutions in Newton social, religious and educational, the Young Men's Christian Association certainly has a place. Situated in Nonantum square a centre of great activity mingling with the crowds of electric car patrons and touching the very pulse of business life the association stands battling for its principles and contending for recognition as an institution distinctively for the benefit of Newton young men.

What more or better proof is necessary to substantiate the claim of the Association for the endorsement of Newton people than the actual facts incident to its work of the past years. It stands for the development of the highest type of Christian citizenship, exercising care and thought in the building up of the character of the young men counted in its membership. It believes that the boy of today is the man of tomorrow and as an Association surrounds the boy with influences calculated to draw out the noble and the manly.

It debars no man of what ever creed, nationality or color whose moral character is clean, from the enjoyment of its membership privileges and discourages the spirit of "for myself" teaching that of "for the other fellow."

It conducts its affairs on a strictly business basis, its books are open to the inspection of its many contributors and friends, and its methods of prosecuting its work explained to all who have it in mind to investigate. No other institution in Newton can produce such an all-round equipment for work for young men as the Young Men's Christian Association.

Believing as it does in the all-round development of the man it sets before the young men of Newton the following privileges as his to enjoy if he will, viz:

A course in gymnastics and athletics under the direction of a first class instructor.

A complete medical examination under the direction of one of the most competent physicians in Newton.

A system of baths of the most desirable kind.

An indoor tennis-court, the only one in Newton.

The use of the shuffle board, the most fascinating men's game yet introduced.

The conversation and game room supplied with games of an unobjectionable character.

The reading room supplied with the best papers and magazines.

The nicely furnished parlors for the entertainment of visitors and friends.

The Bible classes, men's meetings, lectures, entertainments, gymnasium exhibitions, athletic contests, fire-side chats and a score or more interesting social events, all of which are carried on under the most favorable conditions surrounded by influences of an acknowledged Christian character.

The demands for physical instruction have been so great that arrangements have been completed whereby the association has engaged Mr. Edward C. Wyatt of Newton as physical director and classes have been arranged for boys and men.

Two years ago Mr. Wyatt served the association in the same position and his many friends will be pleased to learn that he has again taken up the work which this year bids fair to be most encouraging to the instructor and beneficial to the pupils.

The past summer months have wrought many changes in the association rooms and the corps of interior decorators and carpenters that have been at work have left behind them as attractive rooms as can be desired.

Special attention has been paid to the gymnasium which has been thoroughly renovated; the ceiling and walls tinted, the lighting system changed, the apparatus carefully examined and placed in readiness for use and the entire equipment put in the best possible condition.

During the past month of June, the jubilee convention of the Young Men's Christian Association was held in Boston and the manner in which it was conducted together with the magnificent reports of the work that were presented have stamped upon the minds of thoughtful people everywhere the value of this organization to the manhood of the country.

That the association has been of value to the City of Newton has been demonstrated and is to be more fully demonstrated in the coming year and the question before the people is not, can Newton afford to support an association, but rather, can Newton afford to be without an association?

The restraining, moulding, fixing influence of the association upon the lives of young men made this institution of value to the City of Newton and should secure for it a position among the many excellent institutions of this city and the cordial, substantial endorsement of the people.

If considered from no other standpoint than that of a purely business investment the young man who by the payment of \$7.00 per year secures a membership in the association which entitles him to the above named privileges, has made an investment yielding a dividend enriching mind developing his body and beautifying his character.

Standing upon the threshold of the new year the outlook for the association is most promising, the increased activity in Nonantum square and vicinity offer unlimited opportunities for work and the association well officered, and with committees carefully chosen is ready for the work.

All good things are initiated. When you buy Butter This Butter see that the name Kennedy is on the package. Its evidence of goodness. In In-cer, seal Patent Packages.

At The Churches.

The first social meeting of the Ladies Circle will be held in the parlors of the Newtonville Universalist church next Thursday evening.

At the First Baptist church, West Newton, last Sunday evening, head master A. E. Bailey of the Allen school gave an interesting lecture on the Hebrew Hymnal.

Rev. Mr. Skinner of Dobbs Ferry, N. Y., was the speaker at the Methodist church, Auburndale, last Sunday evening.

The first fall meeting of the Girls' Friendly Society was held last evening in the parish house of Grace church.

The second quarterly conference was held at the Methodist parsonage, Wesley street, Newton, last Monday evening. Rev. Dr. H. J. Mansfield presided.

The Woman's Guild connected with the West Newton Congregational church held a meeting in the parlors last Wednesday afternoon.

The Bible class is to begin next Sunday at 10 a. m., in the parish house of Grace church, Newton.

At the Newton Methodist church last Sunday evening an address was made by Rev. A. E. Colton on "Recent Victories of the Bible."

The annual offering for the Young Men's Christian Association will be taken next Sunday at the Immanuel Baptist church, Newton.

At the mid-week meeting at the Immanuel Baptist church, Newton, this evening on recommendation of the advisory committee, two additional deacons will be elected.

The Misses Ethel M. Springer and Minnie S. Perkins and Miss George of Grace church, Newton, are preparing for their future work as Deaconesses.

The Ladies' Aid Society connected with the Methodist church, Newton Centre, held a social meeting Thursday afternoon of last week in the church parlors.

The Ladies' Missionary Society held the first meeting of the season yesterday afternoon in the parish house of Grace church.

At the First church, Newton Centre, last Wednesday afternoon, a meeting of the Mothers and Teachers' Association was held. Addresses were made by Mrs. Calvin Cutler of Auburndale on "Mothers' meetings in Foreign Lands," and by Mr. H. I. Ordway and Mrs. Wallace C. Boyden on "Bible Reading in the Home."

At the annual meeting of the Ladies' Benevolent Society held last week at the Congregational church, Auburndale, these officers were elected: President, Mrs. William H. Blood; vice-president, Mrs. S. W. Dike; secretary, Mrs. Philip Wilner; treasurer, Miss Elizabeth A. Ryder; directresses, Mrs. C. W. Higgins; chairman, Mrs. W. H. Bancroft; Mrs. F. E. Porter, Mrs. C. P. Darling, Mrs. W. H. Cooley.

At the Church of the Messiah, Auburndale, Sunday evening, Oct. 13, the vested choir is to give a special service of music.

The Epworth League connected with the Immanuel Baptist church, Newton, has been reorganized and will meet Sunday after the morning service. Rev. F. B. Matthews will be the leader for the present. The officers are F. H. Tucker, honorary president; J. L. Roll, president; E. C. Wyatt, vice-president; C. H. Capelle, secretary; G. H. Secord, treasurer. The following are chairmen of committees: G. H. Safford, social; Gilbert Townsend, religious work; E. N. Soule, visiting; E. T. Morey, membership.

The annual pastor's reception for the members of the Congregation will be held this evening in the parlors of the Second Congregational church, West Newton.

The Epworth League of the Newton Methodist church will entertain all the young people's societies of the Methodist churches of the city next Monday evening.

At Channing church, Newton, next Sunday morning the Rev. Adelbert L. Hudson will preach upon "Liberty and Law." Sunday school will resume its regular sessions at 12 o'clock.

Consecration Day was observed by the Sunday school at the Congregational church, Auburndale, last Sunday. The music was in charge of Mr. Arthur S. Cooley and brief addresses were made by Revs. Dr. F. E. Clark, E. E. Strong, F. N. Polouet, G. A. Mathews and C. M. Southgate.

At Eliot church, Newton, next Sunday, Mrs. C. H. Daniels will start her class for teachers.

The Business Men's Class will resume its sessions at Eliot church, Newton, next Sunday. The topic to be considered will be "Should Anarchism receive Legislative Treatment?" Mr. Nathan Heard will make the opening address.

Rev. Robert Keating Smith, assistant to Rev. Dr. George W. Shinn, began his duties last Sunday. Rev. Mr. Smith is already well known to many of the parishioners, as he was lay reader here at one time and was in charge of the services during the past summer. He is a graduate of the Episcopal Theological school of Cambridge and was ordained in June, 1895.

McCarthy-Sullivan.

Miss Margaret Sullivan, daughter of the late Richard T. Sullivan of Upper Falls, was married on Wednesday morning to Mr. Joseph McCarthy, managing editor of the Lawrence Daily Tribune. Solemn nuptial mass was celebrated at St. Mary's church on Chestnut street, with Rev. T. J. Daughy, celebrant, Rev. N. J. Merritt as deacon and Rev. C. I. Riordan as subdeacon. The bride's sister, Miss Julia J. Sullivan, was bridesmaid and Mr. William Hopkins, best man. A wedding breakfast at the Sullivan residence on Elliot street followed the ceremony.

For Some Afternoon in Early Autumn.

To the Editor of the Graphic:

Let me suggest to your readers a very pleasant way of spending an hour or so of one of these bright afternoons of the early autumn. It may seem rather odd to recommend a visit to a Hospital as providing gratification, but that is just what I want not only to suggest but to urge.

It so happens that our Hospital grounds presents quite a remarkable scene of activity just now. The last of the three contagious wards is going up, and the Thayer Ward for nurses is rushing along.

A crowd of workmen of all kinds, heavy teams, piles of building materials, all indicate a rush to get the walls up and under cover before the snow flies. When these two new structures are completed we shall have a fine plant for taking care of the sick and the injured.

We hardly realize what an important institution this has come to be. We have seen it grow by degrees and it may not impress us as it does strangers. A short time ago a committee from another city reached Newton on a tour of inspection of Hospitals. They had seen a number. They were in search of points for a new one they had to build. Well, what was their verdict? That the new buildings of the Newton Hospital were the very best for their purposes they had found anywhere.

The testimony of these visitors as to the cleanliness, the comfort and the general management of this institution would surprise some of our people who think of these things as matters of course. But we especially value the testimony of patients who, when they leave us, say that they can never forget the kindness, the tenderness and the skill with which they were treated by physicians and nurses.

Every citizen of Newton has the right to be proud of the Newton Hospital. It has a noble reputation far and wide, and deserves it too.

But such an institution to be kept up to a high point of efficiency requires a considerable expenditure of money.

The trustees are sometimes alarmed as they see how large the monthly bills are. Once they were \$1,000, now they are \$2,000. Sometimes they jump up to \$2,500. A recent order for fuel was placed. It provided for 600 tons of coke and, say \$1,800 for heating alone.

Counting patients, nurses, attendants and helpers there is a daily population on that hill of from seventy to one hundred persons. If any one will count up what it costs him to live at home, he will be amazed to find that the average expenditure per day at the Hospital is about one dollar for each person—a very small sum indeed.

The greater part of the needed \$30,000 for the year comes from the Thanksgiving collection in the church. Then the city appropriates what is necessary to pay for the poor whom it sends for treatment. A considerable sum is received from paying patients in the private wards and earned by nurses sent out to private homes.

The Ladies' Aid and other organizations are always helpful in getting funds, and now and then individuals are moved to special generosity.

I have no doubt that if many visits are made to the Hospital grounds as I have suggested the very sight of the improvements in progress will stimulate generous giving.

There ought to be a fund of \$6,000 provided at once to get the Thayer Ward up without debt. Then the Hospital Sunday offerings this year should be at least \$12,000. It would be well if they could be made \$15,000.

Especially should the Endowment Fund be increased. It is about \$65,000 now, safely invested, but its income does not more than pay one month's outlay. Probably some good people have remembered the Hospital in their Wills, but however acceptable their bequests may be after awhile, they will be doubly welcome now. Why not give the money now and have the pleasure of seeing it do good while you live?

What difference will it make whether a man's estate is \$75,000 or an even \$80,000 when he dies? Or whether it is just \$125,000 or \$130,000? Or just \$200,000 or nine thousand more? It is not worth your while to hold on to the few thousands now that will make such a feeble addition to sum total when your executors close up your estate.

Certainly a man must provide for his own, and he is to be blamed if he alienate the portion of his dependent wife and children, but men's families are not benefited in proportion to the size of their inheritance. A man's estate is an investment for his family. True, but think of this. It is putting money to good account for one's own family as well as doing good for others when a man in his life time, gives as generously as he can for the cause of religion and benevolence.

The better place you make of this city of Newton now by sustaining the Christian church and the various organizations for the relief of suffering, the better will it be for your family after you are taken from them.

Ride up in your carriages some afternoon or go up in the street cars, and after you have looked around the Hospital grounds make a note that the Treasurer of the Newton Hospital is Mr. George S. Bullens, Waverley avenue, Newton.

Geo. W. Shinn.

Newton, Sept. 24.

Lasell Seminary.

Lasell Seminary this year opens a little later than usual, Sept. 26. New pupils should report on Tuesday, Sept. 24. Mrs. Blanche C. Martin, instructor in Oratory, will open the year with a welcome on Wednesday evening, Sept. 25. Newly added department for next year is free instruction in sewing.

What's Your Face Worth?

Sometimes a fortune, but never if you have a sallow complexion, a jaundiced look, moth patches and blotches on the skin, all signs of Liver Trouble. But Dr. King's New Life Pills give Clear Skin, Rosy Cheeks, Rich Complexion. Only 25 cents at Arthur Hudson's Drug Store.

Police Paragraphs.

Inspector Frank B. Fletcher located at the Woodland Park Hotel, Auburndale, last Friday, Winthrop S. Allen, aged 16, who ran away from Worcester, Tuesday. The lad had been employed as a bellboy, and was turned over to his parents.

In court last Saturday, Harry Stone and Peter Moses, Armenians, living in Cambridge, were complained of for cruelty to animals. The evidence was that Stone, who is a baker, permitted Moses to drive a horse that was in no way fit for use. Moses, it was alleged, was cruel to the animal just before he was arrested by Patrolman McAleer. A full hearing was given the case. The court decided that there was a possibility of Stone's having been imposed upon when he purchased the horse. He advised him, however, not to try and use the horse again. Stone said he would have it killed. The case against Stone was continued until Oct. 11. Moses was fined \$10.

Michael Loughlan of Worcester, arrested Sunday in that city for the police of Newton, was arraigned in court Monday for the larceny of \$62 from Patrick Bouzan of Newton Lower Falls. It was alleged that the money was taken while Loughlan and his wife were employed about the house of Mrs. Hannah McDonald, where Bouzan was a boarder. Loughlan was sure that he did not know of the presence of Bouzan's money in the house, but his wife said that she and he had talked of it. Loughlan was found guilty and sentenced to six months in the house of correction.

Th excitement incident to traveling and change of food and water often brings on diarrhoea, and for this reason no one should leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all druggists.

GRATEFUL TEACHERS.

LETTERS FROM MISS CROOKER AND MISS PERKINS.

The following letters have been received by the committee entrusted with the pleasant task of presenting Miss Crooker and Miss Perkins, former teachers of the Wade school, with some substantial evidence of the esteem in which they are held by the community at Upper Falls:

East Walpole, Sept. 10, 1901.

My dear Mr. Temperley:— I was surprised and deeply touched at receiving your note and the enclosed check.

I do not know how to express my gratitude for so generous a gift, and for the kind thought which prompted it. But it is only one more evidence of the forbearance and warm hearted kindness which the people of Newton Upper Falls have invariably shown me in all the many years in which I have lived and worked among them. I brought away a store of pleasant recollections of them as pupils and friends. Please extend my thanks to those whom you represent, and assure them that they have always my heartiest interest in their welfare and happiness.

Sincerely yours,

Martha L. Perkins.

Springfield, Mass., Sept. 11, 1901.

Dear Mr. Temperley:— Please say to my pupils and other friends who so kindly remembered me, how much I thank them for their gift. I am much touched at its reception, coming as it does a year after I have left Newton.

I spent many happy years in Wade school, and in the slightest degree I helped toward making good men and women of the children who there worked with me. I am most heartily glad. The cordial co-operation of both parents and pupils at Newton Upper Falls was my constant help and inspiration. With best wishes, Yours sincerely,

Ella F. Crooker.

Newton Blue Book.

The canvass of this popular family reference book will soon commence, and the book will be published this Fall. It will contain as usual a list of the principal residents, street directory, clubs, societies, theatre diagrams, etc. The price will remain the same, \$1.

Every family and club should subscribe for it, as it is sold mostly by subscription.

E. A. Jones.

Publisher, 59 Rindge avenue, N. Cambridge.

Street Railway Men Dance.

In the spacious cafe at Norumbega Park last Friday evening a highly successful dancing party was given under the auspices of the Garden City Mutual Aid Association, which comprises employees of the Newton & Boston, Wellesley & Boston and Commonwealth avenue street railway lines. More than 500 were present and the happy gathering included besides residents of all the Newtons, many from out of town. Mr. J. Reed was in charge of the floor. His chief assistant was Wm. Taffe and the aids included John Hickey, Frank Davis, W. Hazlett, D. Foley, J. J. Kivlehan, Joseph Reeves, J. D. Derosiers and W. Blackwell.

RED TAPE UNDONE.

A Comprehensive Explanation of the Management of Municipal Affairs.

The Workings of the Buildings and Plumbing Departments, Described This Week.

A small but very important municipal department, is that of public buildings.

The city charter defines the duties of the public buildings commissioner (an awkward title by the way), as having charge of the construction, alteration, repair and maintenance of the public buildings.

This is not all of his duties, as the state gives him supervision of the very important work of house plumbing and drainage, and the ordinances require him to inspect all buildings in process of construction.

The repairs on the city buildings are numerous and require the most painstaking care to make the most economical method of repairing fit the available appropriation.

Requests from the schools, fire buildings and others for all sorts and sizes of repairs from window cord to new roofs and floors are constantly received and acted upon.

There are about 50 city buildings in charge of the department one half being school houses. On these, the larger repairs are usually made during the summer vacation, when each building is given a thorough overhauling.

Constant oversight is kept of all city buildings, as it is well known that a stitch in time saves nine, especially when applied to a department like this.

When new public buildings are erected the commissioner gives much of his time to the supervision of the items of carpentry, masonry, plumbing, painting, roofing, heating and grading, which enter into its construction. No building can be erected or material additions made to old buildings without a permit from the department. Before this is done, the plans are submitted and approved by the commissioner, and after construction has begun, the work is inspected until the building is ready for plastering. The principal points required by the commissioner are adequate fire stops and general strength.

The commissioner also has charge of the heating and lighting plant for the City Hall and police building, appoints the engineer and assistant and purchases the necessary supplies. Another small duty is the annual contract for the coal supply for all city buildings.

The commissioner also acts as a member of the board of examiners of plumbers. No person can engage in the plumbing business in this state without a certificate of examination from a board of examiners. This examination takes the form of written questions, to determine the applicant's knowledge of the principles of drainage and ventilation and is followed by a test of actual work at the bench. Two forms of certificates are given, one for journeyman and the other for master plumbers.

A most important part of this department is the supervision of all plumbing work in the city affecting the drainage and ventilation. The city ordinances fix the standard of plumbing work and the plumbing inspector, an appointee of the buildings commissioner, has the matter in charge.

Applications for plumbing permits are made to the commissioner and examined before being granted. When the work is ready for testing, the inspector is notified and the premises visited. A plug is then inserted in the main outlet, and the soil pipes filled with water to a point above the roof. The whole is then inspected and any defects or leaks pointed out for correction. The inspector requires as many tests as may be necessary to satisfy himself that the work is properly done.

Notices are regularly received from the street department of all premises, where sewer house connections are contemplated. The inspector investigates each one and notifies the owner of the necessary changes to be made in the plumbing.

The applications for building and plumbing permits are carefully filed, and indexed by the card system, and a record of the cost and repairs on each of the public buildings is kept by the commissioner.

The expense of the department for 1900 was \$23,000. 239 building permits and 666 plumbing permits were received during 1900, the latter covering 1,499 fixtures.

Two horses and teams are maintained, one for the use of the commissioner, the other for the plumbing inspector.

The recent construction of the High and Bigelow schoolhouses, the new almshouse and a new fire station at the Lower Falls, carrying expenditures of several hundreds of thousands of dollars, and the contemplative erection of costly new school buildings in the near future emphasize the importance of the public buildings department, and give additional interest to a brief statement of its work.

Stepped Into Live Coals.

"When a child I burned my foot frightfully," writes W. H. Eads, of Jonesville, Va., "which caused horrible leg sores for 30 years, but Bucklen's Arnica Salve wholly cured me after everything else failed." "Infallible for Burns, Scalds, Cuts, Sores, Bruises and Piles." Sold by Arthur Hudson, 25c.

Free Evening Schools to Open.

Next Monday evening under Supt. of Schools A. B. Field's direction, a free English school will be opened in the Jackson grammar building at No. 100, under Mr. Robert M. Brown's supervision, and on the same date a free drawing school is to be opened in the old Claffin school building, Newtonville, with Mr. Warren C. Hill in charge.

Newton Hospital.

The usual quarterly meeting of the Newton Hospital Trustees was held at the Hospital on the 30th ult. President J. R. Leeson occupying the chair, and the following members present: Mesdames Bacon, Coolidge, Gould, Haskell, Lodge, Lowell, Nichols, Paine, Messrs. Bullens, Day, Ellison, Hardy, Hutchinson, Pettet, Shinn, Travell, Tyler; Doctors Hunt, May, Porter, Seales.

After approval of the records the treasurer reported receipts for the quarter from donations, endowment funds and bank balances, \$1351.13, from the work of the Hospital, \$4,982.14; expenses for the same time, \$7,507.83. Amount received from insurance companies for fire loss about four thousand dollars, and a balance on hand for general expenses of about eighteen hundred dollars only. The executive committee reported average number of patients for the quarter 40, one of the lowest number given. The usual amount of business was being attended to, including arrangements for securing much needed sewerage connection with the city system, and contracting for the new Thayer Ward. The president announced that his negotiations, which have long been underway with the railroad company, had been brought to a close, and thereby 20,000 feet of land, adjoining the railroad property, acquired by the Hospital corporation.

The increased needs of the Hospital and future enlargements for enabling the institution to meet a larger class of the wants of the community were considerably discussed before adjournment.

Golf Extraordinary.

Two teams to be composed of members of the Albemarle Club (men,) who have not played golf prior to this season, are to be selected by lot; one team to be captained by Samuel W. French, the other by William E. Hickox. These teams will play a match game on the Albemarle links, Wednesday afternoon, Oct. 23d, at three o'clock, weather permitting, for a prize of a tin cup. The losing team will get a toy balloon, which the captain of the losing team must personally carry home. Those who desire, and are eligible to engage in this contest (entrance free), will forward their names to Mr. Samuel W. French, care Newtonville Trust Co., Newtonville, on or before Oct. 20th, upon which date the drawing will take place. The usual rules for medal play will govern this match.

578 Miles by Train and Steamers for \$5.00.

Special Annual Autumnal New York Excursion on the Boston & Albany R. R. from Pittsfield and all points east to New York, Thursday, Oct. 11. Send to A. S. Hanson, Gen. Pass. Agent, Boston, for descriptive leaflet.

Boston Food Fair.

The Boston Food Fair which opens at the Mechanics' Building, Boston, Monday, Oct. 7, promises to be the most extensive exposition of food products ever held in New England.

The management has this year secured a larger number of special attractions than ever before, including Giannini's Royal Marine Band of Italy. Signor Giannini, tenor soloist and manager of this band is one of the most famous tenor singers in the world. Among the other bands engaged is Collins' First Regiment Band and Orchestra, with Bowen R. Church, the wonderful cornetist, also the Salem Cadet Band.

The Domestic Science Department will be a big feature of the coming fair. Miss Nellie Dot Ranche, who has charge of this department is one of the most celebrated authorities on practical cooking in the world. Her instructions are free to all, and her methods are very simple and easily understood.

MISS NELLIE DOT RANCHE.

Every lady who visits the Boston Food Fair should attend her demonstrations, which take place every day.

Other features of the fair will include a wonderful electrical display, a magnificent illustrated production of "Ben Hur," beautiful floral gardens, the giving away of thousands and thousands of articles of food, including many barrels of flour, one thousand fresh baked pies every day and the demonstration of many foods and household utensils of great value which are now being placed before the public for the first time.

There will be excursions to the Boston Food Fair from all sections of New England. The price of admission is only 25 cents.

Obeying Orders.

General Harney was an officer of the old school, a strict disciplinarian who took no excuses for hesitation in obeying orders. When he was on his way to Mexico, when the United States was at war with that country, he engaged teams to transport the baggage and placed in charge of them a Texan named Carter. The streams were all up, and Carter had much trouble, but whenever he tried to modify the general's requirements he was cut short with the admonition, "All you've got to do is to obey orders."

Says Noah Smithwick in his recollections called "The Evolution of a State."

They camped one night near the Nueces river, which Carter found to be impassable. He said nothing about it to the general, and the next morning the order was given to move on. Carter started with the wagon train and halted at the river, which was absolutely impassable. Harney came blustering up.

"Didn't you know that river was up?" he demanded.

"Yes, sir," meekly replied the wagon master.

"Why didn't you tell me?"

"You didn't ask me, sir. You said my business was to obey orders. You ordered me to hitch up and move on, and I did it."

"You did quite right, sir. Turn round and drive back to camp."

If the general had been "done," he was not going to show it.

Mr. Hare's Fountain of Youth.

Mr. John Hare, the eminent English actor-manager, said that the most delightful compliment he ever received was from Mr. Gladstone. It was a double ended compliment. Whichever way you took it was satisfactory.

Mr. Hare earned fame playing old men's parts, his character as Mr. Gold in "A Pair of Spectacles" being a good example. Added to this was a horror of having his picture taken.

Mr. Gladstone had never seen a picture of the actor, but he knew him well behind the scenes as well as before the footlights. The premier's favorite play was "A Pair of Spectacles," and he always went behind the scenes to chat awhile with the actor. The really old man and the made up old man would sit there and talk in the most delightful way for an hour after the show.

One day the Earl of Rosebery had Mr. Gladstone to dinner, and he also invited his friend, John Hare. The actor came in smooth shaven, looking about 35. He was presented to Mr. Gladstone, and the prime minister shook his hand most cordially and said: "My dear sir, I am very, very glad to meet you. I know your father very, very well. Splendid actor! Fine old man!"

It took the whole evening for the earl and Mr. Hare to convince him that this son was really the father.—Saturday Evening Post.

An Educational Mistake.

Whether or not a college education is advantageous depends entirely upon the ability of the recipient to absorb and utilize such an education. Unfortunately such a view of the case is seldom considered by parents and guardians who are inclined to send their children to college simply because it is considered the proper thing to do. Consequently we find throughout the country thousands of young men who have passed through college acting as cheap clerks, bookkeepers or even as car conductors and restaurant waiters. Having learned no mechanical trade for which they may be adapted and being unfitted by nature for a profession, they go through life discontented with their lot and vaguely believing that the world owes them better treatment because they have gone through college.—Los Angeles Times.

The Appeal to the Record.

Little Tommy returned sore and trembling from the torture room. "Doesn't your papa ever thrash you?" he asked his chum, who is the son of a cabinet minister.

"I should say not!" replied the other loftily. "Every time he threatens to cane me I read him an extract from his great peace at any price speech in which he said: 'These barbarians are like wayward children, but have we on that account the right to take away their heaven sent privilege to do as they please? Let us treat them as we would our own wayward children—plead with them, beseech them, but never coerce them with either gun or rod.'"

"That's a good deal to remember," remarked Tommy.

"Yes, but now he's got so used to it that he drops the cane as soon as I start."—London Answers.

An Ounce of Prevention.

"As you went out," whispered the observing boarder, "I saw you pick up something from the door, tear it in a dozen pieces and throw it in the range. Was it a love letter?"

"No," responded the practical boarder, "it was a little booklet telling how to prepare prunes in 99 different ways. I was afraid it might fall into the hands of the landlady."—Philadelphia Record.

Suited to a Tee.

Fox (to bear)—Come over tomorrow, and we'll play a game of golf on the links.

Bear—All right. I don't know what the game is, but if there's any job you can put up on the lynx I'm in with you.—Boston Herald.

The orange came to Europe from Africa in the eleventh century. Sir Walter Raleigh brought it to England in the sixteenth century. It was first planted in Australia in 1788.

Daisy was originally the eye of day, or day's eye.

BOSTON AMUSEMENTS.

BOSTON MUSIC HALL: VAUDEVILLE.

The artistic success scored by that dainty American-Japanese musical comedy in one act "Miyo San," at Boston Music Hall, has led to further negotiations, with the probability that the engagement will be extended. Since the initial performance of last Monday several marked improvements in the piece have been made and at present it constitutes a charming diversion and a genuine vaudeville novelty. Among the new comers next week will be Sam, Clara and Kitty Morton in a dancing specialty. C. C. Diggins will introduce his dog and monkey comedians in a refined, up-to-date act. An exclusive feature is Rube, the wonderful slack wire performer, a dog which balances and swings himself on a small wire. Others engaged are Palfrey and Hilton comedy trick bicyclists, Leah Russell, in impersonations of a Yiddish soubrette, the coolmans, versatile instrumentalists, Cross and Holden, singers and dancers, Lillie Allyn, in character changes and Leroy Adams, a mystifying magician.

Columbia Theatre—"Evangeline," Edward E. Rice's classic—for it may be considered a classic in burlesque—goes merrily along at the Columbia Theatre, Boston, towards the fiftieth performance, which will shortly be given. Little doubt remains as to the quality of the attraction offered by Manager Henderson in the palatial Columbia Theatre. At every performance of "Evangeline" may be found not only hundreds of the newer generation of playgoers, but those to whom Rice's burlesque is an old story. The latter seem to enjoy its repetition more than ever. The music throughout is as bright and pleasing as it was before. It should be remembered that the Columbia is one of the most luxuriously equipped places of amusement in the United States, and the only place outside of New York furnishing the splendid performances of the Alhambra and Empire Theatres, London, and the comfortable and elegant lounging rooms, promenades and refreshment saloons of those establishments. The prices, 25c to \$1, for reserved seats, are within the reach of all.

Large Crowds at Riverside.

The favorable weather conditions were undoubtedly responsible for the large gathering at Riverside last Saturday. There was more indication that the season was at its height than that it would soon decline. In the evening at the Newton boat clubhouse a successful promenade concert was given. About 200 attended and an excellent program was rendered by Daggett's orchestra.

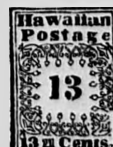

"DOES MOTHER WANT ME?"

The little fellow has blown with all his strength, and the downy tufts still cling to the dandelion stem. According to the oracle of childhood, mother does not want him. But mother would tell a different story. She has noticed the weakness of the lungs, and if she saw him now, flushed with his unusual effort and struggling to stifle the cough which followed it, she'd feel how much she wanted him, and wanted those "weak" lungs made strong, that she might not lose him.

For "weak" lungs, obstinate cough, hemorrhage, weakness and emaciation there is no medicine so healing and so strengthening as Dr. Pierce's Golden Medical Discovery. It is especially valuable for children, building up weak bodies with sound, healthy flesh. It is entirely free from alcohol and narcotics.

"Winter before this, my oldest boy (who is now nearly five years old), had a terrible cough; he had it the whole winter and all summer," writes J. M. Farr, Esq., of Cameron, Scriven Co., Ga. "Physicians did him no good and nothing my wife and I could do did him any good. After your 'Discovery' had cured my cough so quickly when everything else failed, I wrote my wife to bring him back from the country, she having carried him there to see if the change would do him good. We were living in Savannah, Ga., at the time. She brought him back and after giving him your great 'Golden Medical Discovery' for a time, he entirely recovered."

The Common Sense Medical Adviser sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for paper-bound book, or 31 stamps for cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

day afternoons, and is for sale at all News-
stands in the Newtons, and at the Boston &
Albany News Room, Boston Depot.All communications must be accompanied
with the name of the writer, and unpublished
communications cannot be returned by mail,
unless stamps are enclosed.

NOTICES

of all local entertainments to which admis-
sion fee is charged must be paid for at regu-
lar rates, 25 cents per line in the reading
matter, or \$1 per inch in advertising columns.

THE MAYORALTY.

President Bailey of the board of alder-
men is announced as a candidate to
succeed Mayor Pickard.Alderman Bailey has had a long and
varied service in the city govern-
ment, where he has been a member
of the old common council and board
of aldermen, and has served for four
years as an alderman under the present
charter.Alderman Bailey is one of the lead-
ers of the present board and is serv-
ing his second year as President of
that body. He is therefore thoroug-
ly equipped for the office of mayor
and would make an excellent chief
magistrate if elected.It is most fortunate that the City
of Newton has the opportunity to
choose a mayor from men like Alder-
men Weeks and President Bailey, as
the honor of the city will be safe in
the hands of either.The Graphic will heartily support
the candidacy of Captain Weeks, as
we believe he is the better man for
the place, but we do so with the
kindest of feelings towards President
Bailey.

THE SENATORSHIP.

A great surprise was given the gen-
eral public by the unexpected defeat
for renomination of Senator Nutt of
Natick at the Republican senatorial
convention.As a political coup it was managed
with great skill and secrecy and for
once, the Newton delegation was
practically solid in its support of the
successful nominee.Senator Nutt has repeatedly antag-
onized the interests of this city dur-
ing his service in the legislature and
we are not disposed to mourn over his
defeat, but in making Mr. Skinner
the nominee, a grave mistake has
been made by the party. Mr. Skinner
is a weak candidate and is not of
senatorial calibre. His political
service to date has been very Medi-
ocre and his popularity is confined to
only a faction of his own town. Under
these circumstances to invite a
split in the party by an unnecessary
insult to the western end of the dis-
trict is poor judgment to say the
least, and we greatly fear its effect
at the polls.

Golf Notes.

On the links of the Newton Golf
Club Saturday afternoon the semi-
finals in the club championship con-
test were played. The finals in both
rounds will be played next Saturday.
The winners were H. F. Kimball and
Dr. Colby.Consolation cup, semi-finals—Win-
ners, A. M. Crane and George K.
Maltby.A handicap stroke competition was
held on the links of the Newton
Centre Golf Club last Saturday after-
noon. A pitcher, offered by A. A. Tilney,
president of the club, was the prize,
and was won by Dr. E. Hartshorn,
with a net score of 77.A team match was played on the
links of the Woodland Golf Club at
Auburndale Saturday afternoon be-
tween the home team and the team
of the Wauwatosa Golf Club of Win-
throp, the Woodland team winning
by a score of 18 up.Mr. Percival Gilbert was the run-
ner up in the golf tournament of the
Myopia Club last Saturday.

NEWTON CLUB.

CALENDAR.

Saturday, Oct. 5. Home Night.

The first Home night of the season
occurred last Saturday, with contests
in bowling and whist. Mr. W. H.
Pulsifer in big play, Mr. Walter
Stearns in candle pins and Mr. C. M.
Goddard and partner at whist, cap-
tured the prizes of pen knives.The fixture card for the season is
now being arranged.

Phonographs.

An inferior talking machine with this
rapping records is enough to make a musical
ear distracted. If you are interested in se-
curing a first class instrument with clear
and natural tones, I would be
pleased to give you the benefit of several
years' experience in handling phonographs,
graphophones, etc. Prove this by giving
me a trial. Call or address E. E. Harwood,
194 Church street, Newton.

Combination Diving.

The Swedes delight in "combination
diving," and two men will perform
many clever feats together. One of the
most grotesque of these is when one
man stands upright on the springboard
and tightly clasps another man's body
round the waist, holding him head
downward and putting his own head
through the man's legs. When the up-
right man springs from the board, he
throws his legs into the air so that the
two men, clasping the other tightly
round the waist, turn a somersault, and
when they reach the water the man
who started upside down arrives feet
foremost.The handspring dive is a very effec-
tive specialty of Swedish swimmers.
The performer takes off from the div-
ing board with hands instead of feet,
turning his body in order to descend
feet foremost or somersaulting to ar-
rive head downward. Very graceful
also is the back dive, in which the
spring is made backward, the body
turning toward the springboard. Dou-
ble somersault dives are made from
platforms 30 or 50 feet high, the di-
ver making two turns in the air and en-
tering the water feet foremost.—Peter-
son's Magazine.

Not the Same Wife.

The old gentleman had returned to
the home of his boyhood for the first
time in ten years or more and, as on
the last occasions, he had written "and
wife" after his name on the hotel reg-
ister. Of course the keeper of the hotel
was glad to see him and grasped him
warmly by the hand."Ain't grown a day older than when
you was here last," he said."No?" said the old gentleman half in-
quiringly."Not a day," returned the tavern
keeper emphatically. "Your wife seems
to have changed more'n you."

"Yes?"

"Oh, yes. Lenstways she does to me.
Looks thinner than when you was here
last."

"Indeed?"

"Yes. She ain't near so fleshy as she
was, accordin' to my recollection. Seems
like she's taller, too, an her hair don't
look just the same to me, an—""And," put in the old gentleman soft-
ly, "she's not the same wife, you know."
—Tit-Bits.

A Youthful Promoter.

A horseman had an amusing expe-
rience near the speedway a few days
ago. He called to an idle newsboy to
hold his horse while he made a call on
a client. On leaving the house he was
surprised to see another boy in charge
of the horse. So he asked:"How's this? You are not the boy I
left my horse with.""No, sir. I jist spekked and bought
him of the other boy for 10 cents. He
said as how you were only worth a
nickel, and I says you were good for a
quarter. See?"The boy got the quarter and went
around the corner, where the first boy
was waiting under an open window in
the home of the horseman's friend."That's the way ter work the swells,"
said the young speculator to his com-
panion. "Ef you had staid, he wouder
coughed up a dime. The bluff made
him ershamed to hand over less than
the two bits. You gets 12 cents, and I
keep the extry cent for permuta dis
scheme. See?"—New York Times.

How to Treat a Cook.

"Into no department in life," says
Yuan Mei, a Chinese authority on
cooking, "should indifference be al-
lowed to creep; into none less than into
the domain of cookery. Cooks are but mean
fellows, and if a day is passed without
either rewarding or punishing them
that day is surely marked by negli-
gence or carelessness on their part. If
badly cooked food is swallowed in sil-
ence, such neglect will speedily be-
come a habit. Still, more rewards and
punishments are of no use. If a dish is
good, attention should be called to the
why and the wherefore. If bad, an ef-
fort should be made to discover the
cause of the failure."

A Retiary.

A retiary was the name of a Roman
gladiator armed in a peculiar way. He
was furnished with a trident and net,
with no more covering than a short tun-
ic, and with these implements he en-
deavored to entangle and dispatch his
adversary, who was called a secutor
(from sequi, to follow) and was armed
with a helmet, a shield and a sword.
The name of the first is pronounced as
if spelled re-shi-ary, the accent on the
first syllable.

Good Hearted.

Minnick—I thought you said Scribble
was a good hearted fellow.

Sinnick—Well?

Minnick—Well, I hinted pretty strong-
ly that I'd like to have a copy of his
latest book, but he studiously ignored
the request.Sinnick—That's where he proved his
kindly nature.—Exchange.

Remorse.

Law Notes tells of a trial in which
the following remorseful letter appear-
ed in evidence:Mr. Bidwell:
Dear Sir—This is what I never expect to come
to. But it is trouble, and no one to help me out.
So I want you to have this young woman buried.
But me, let me lay up of ground, for the Tur-
key Burials to eat; for I have did wrong.
JOSEPH BRADLEY.

His Sympathy Aroused.

She met him at the door, all breath-
less with excitement.

"John," she cried, "baby's out a tooth."

"Poor little fellow!" he returned com-
miserably. "Is it a bad cut?"—Chi-
cago Post.

A Big Shadow.

We are told that the "smallest hair
throws a shadow." And so it does. It
throws a shadow over your appetite
when you find it in your food.—Ex-
change.

Death of Noah S. King.

The death of Noah S. King of Oak
Hill last Tuesday marks the passing
of the oldest native citizen in the city
of Newton. He lived and died in the
house in which he was born. He de-
scended from good old revolutionary
stock. His grandfather, Dr. John
King, took an active and patriotic
part in that struggle for freedom.
His father, Dea. Noah King, was for
thirty years an honored and useful
deacon in the First Baptist church
of Newton.Noah S. King accepted the legacy
of high character, of noble patriotism,
of industry, and a high order of
intelligent citizenship, proved him-
self entirely worthy of his ancestry.
He was educated in the public schools
of Newton, and in the private school
of Mr. Marshall O. Rice of Newton
Centre. He subsequently took an
active and intelligent interest in the
public schools of his native city, serv-
ing for fourteen years consecutively
upon the school board. He was highly
esteemed by the other members for
his keen perceptions and wise coun-
sels. He recently passed his fifty-
third wedding anniversary. He
leaves a widow, son and daughter.
He was eighty-five years and three
months.

Clubs and Lodges.

The Newton Ladies' Home Circle
will hold the first whist of the sea-
son, at the home of Mrs. Phillip

Mortgagee's Sale of Real Estate.

BOYS.

Pursuant to the power of sale contained in a
certain mortgage deed given by Albert T. Foster
to Rebecca F. Sampson and William E. Mur-
dock, executors of the will of George Sampson,
dated November 30, 1896, and recorded with Mid-
dlesex (So. Dist.) Deeds, lib. 2817, page 408, will
be sold at public auction at the Real Estate Ex-
change and Auction Board, No. 7 Exchange
Place, in the City of Boston and Commonwealth
of Massachusetts, for breach of the condition of
said mortgage and for the purpose of foreclos-
ing the same, on Monday, the twenty eighth day
of October, 1901, at twelve o'clock noon, all and
singular the premises conveyed by said mort-
gage deed and therein described substantially as
follows, namely: A certain parcel of land with
the buildings thereon situated in that part of
Newton, in the County of Middlesex and Com-
monwealth of Massachusetts, which is called Waban,
being lot four hundred thirty-one (431) on a
plan entitled "Plan of land of Waban Village,
Newton, Mass.," made by Ernest W. Howditch,
dated 1890, and recorded in Middlesex So. Dis-
trict Registry of Deeds, book of plans 71, plan
30, and bounded—Northernly by Nahant Avenue
One hundred (100) feet; Westerly by lot four
hundred thirty-two (432) on said plan, One hun-
dred twenty-four and seventy-nine hundredths
(124.79) feet; Southerly by lot four hundred thirty-
five (435) on said plan, eighty-two and thirty-
eight hundredths (82.38) feet; Easterly by lot
Six hundred forty-two (642) on said plan, One
hundred nine and twenty-seven hundredths
(109.27) feet. Containing 11,518 square feet and
subject to the restrictions mentioned and set
forth in deed from Arnold A. Rand et al., trust-
ees to Joseph W. Sanders, recorded with said
deeds book 2164, page 6, which have been com-
plied with to date.Said premises will be sold subject to any un-
paid taxes or assessments.

—Mr. and Mrs. W. D. Lovell of Lenox street are receiving congratulations on the birth of a daughter.

—The President on Monday appointed Joseph Fyffe a paymaster in the navy, with the rank of lieutenant.

—The Odd Fellows' Building Association of Newton Highlands holds a fair in its building, Oct. 28th, 29th and 30th.

—Dr. Samuel G. Webber and family of Highland street have returned from a several weeks trip through the White Mountains.

—Mr. Frank G. Ingraham was one of the ushers at the Ballag-Hunt wedding held Thursday evening of last week from the First Parish church, Lexington.

—A large audience was present in Odd Fellows' hall last Monday evening, when Prof. and Mrs. Metcalf gave a pleasing entertainment of readings and impersonations.

—P. C. Soriano of 52 Prince street, Boston, riding a bicycle on Adams street, Wednesday evening, when he ran into a wagon. He was considerably bruised and his wheel wrecked.

—Mrs. Pierpont Wise and Miss Marguerite L. Wise of Highland street were among the passengers who sailed Saturday on the Saxonia of the Cunard line for an extended outing in Europe.

—Mr. Joseph H. Howes, aged 77, of Washington street, was working in his grape arbor, Monday afternoon, when he slipped from the trellis and fell to the ground, sustaining a painful injury to his collar bone. He was removed to the Newton hospital.

—There was a good attendance at the social held under the auspices of the local branch of the W. C. T. U. in the vestry of the Baptist church last Tuesday evening. The business meeting was followed by a supper and later a musical and literary entertainment was enjoyed.

—Mr. John Mead, a well known and highly respected resident of this place, died Wednesday evening at his home on Austin street. He was for years in the carriage business in Boston. Of high standing in Masonic circles Mr. Mead had many friends. He is survived by a wife and son.

—Mrs. Henrietta Estelle Hayes, wife of Clarence H. Hayes and a former well known resident on Highland street, died at her home in Boston, last week. Her husband and one son survive her. The funeral was held from the chapel in Mt. Auburn cemetery Friday afternoon at two o'clock, and was largely attended by relatives and friends.

Honduras Building.

The Honduras building at the Pan-American Exposition is located in the western part of the Court of State and Foreign Buildings. It faces the approach and overlooks a portion of Delaware Park and the Lake. The building is designed with an octagonal rotunda surrounded with wide porches on three sides and with pavilions on four sides, the remaining side being occupied by the kitchen and toilet rooms. The central rotunda and two of the pavilions are intended for exhibits of the country's products. There are a cafe and offices for the commissioners in the other two pavilions.

Hodge, the Single Minded.

An election petition was being tried, and a witness was called to prove "bribery."

"One of the gentlemen says to me, 'Hodge, you must vote for the Tories,'" said the witness.

"And what did you answer to that?" asked the counsel.

"Well, says I, 'How much?'"

"And what did the agent say?"

"He didn't say nothing. The other gentleman comes to me and says, 'You must vote for the Liberals, Hodge.'"

"And what did you answer?"

"I said, 'How much?' So he arst me what t'other gentleman offered me, and I told him 5 shillings."

"And what did the Liberal agent do?"

"He gave me 10 shillings."

Counsel sits down triumphant, and up starts the other side.

"Did you vote for the Liberals?"

"No."

"Did you vote for the Tories?"

"No. I ain't got a vote!"—Spare Moments.

Restoring the Polish.

Says a housekeeper: "My piano, which had been covered with a cambric cover, was loaded with dust that had sifted through the slinky cloth. The dust was too thick to be wiped off. It should have been blown and lightly whisked off first, but this my maid did not do, and in consequence the grime was wiped in for all I know with a damp cloth. At all events the highly polished surface was clouded over almost to a gray, and I was in despair until a friend suggested a remedy. She advised me to wring as dry as I could a piece of cambric from out a basin of water and rub the piano until the cambric was bone dry. This I have done and completely restored the polish."

Barbey, Mrs. J. H. Schultz, Mrs. Underwood and the Messrs. Nelson Smith, Williams and Leonard Fowle. Refreshments were provided by Landlord Butler.

—Mrs. Frances Newell, wife of Horace Dutton, passed away at her home, corner of Hancock street and Woodland road last Monday after a somewhat protracted illness. She was the daughter of the late Hon. Frances W. Bird of Walpole and was 57 years of age. Funeral services were held from the family residence yesterday afternoon at 3.15, conducted by Rev. C. M. Southgate, pastor of the Congregational church, assisted by Rev. Calvin Cutler. The burial was at Forest Hills.

City Hall Notes.

Mayor Pickard has been confined to his house the past week by illness.

A successful test of the Hart ladder pipe recently purchased for the fire department by Chief Randlett was made in front of hook and ladder 1's house Monday evening. This new contrivance is much less costly than a water tower and is calculated to take the place of this very valuable piece of apparatus. The test was highly satisfactory. A large number of interested spectators viewed the firemen at work under the chief's direction.

MANY TEACHINGS

In The Life and Death of President McKinley.

Eloquent Tribute Paid By
Rev. Fr. Callanan.

The address delivered by Rev. P. H. Callanan of St. John's church, at the memorial services in honor of President McKinley, at Wellesley, recently, elicited so much favorable comment that we have been asked to publish it in full.

The address is as follows:

Mr. Chairman and Fellow Citizens: I venture to say that I keep entirely within the bounds of truth when I assert that never before in the history of our country, has such universal sorrow been made manifest by the death of her Chief Magistrate. At the death of the martyred Lincoln, a section of our common country was still suffering from the wounds of the Civil war, and throughout the length and breadth of the land, thousands of homes were then desolate through the losses of dear ones. The true and loyal citizens of the country sincerely mourned his loss, but the whole country was slow to give the great man his just due until time had healed the ranking wounds of the war. But today, a prosperous and united country bows in universal sorrow at the tragic ending of our beloved President's noble life.

This is neither time nor place for fulsome praise or brilliant platitude of statement. Nor is it the time to talk of political or material triumphs. It is the solemn hour when the mortal remains of our country's ruler is being consigned to mother earth, and we are here to join our hands with the hands of our neighboring community, and they with the next community, until the chain of fraternal grasp stretches from the Atlantic to the Pacific, and from Canada to the gulf; and with hearts beating in unison, and hands bound in fraternal grasp, we stand in imagination beside the grave of our dead Chief. All the people of our beloved country are today one universal brotherhood, with hearts and hands united in a common grief. This union of hearts and hands today, though a spiritual one, is, nevertheless, a real one.

But it would not be justice to the dead if we did not lend the aid of our voice to say the merited word of praise and eulogy for the noble life that has gone out. To strike down suddenly the head of a family, the chief executive of state, or city, or town, the chief head of the army or navy, creates more or less public anguish and sorrow, according to the character of the one stricken or the numbers affected by the loss. But today we stand, face to face with a national calamity; where every citizen of the land has been outraged, where our Chief Executive, ensnared in the love of all his countrymen, has been stricken down by the hand of an assassin. The sense of horror at the dastardly deed that first took possession of us, gradually turned to joy as we watched, and hoped and prayed at his bedside, until the fatal turn came and the world was startled at the announcement that William McKinley, our President, was dead. Then horror and hope turned into sorrow, and that sorrow has been augmented every hour since the dread summons came.

Now, my fellow citizens, this sense of personal loss, this universal expression of sadness among young and old, among members of all political parties, among native born and adopted fellow citizens, among Jews and Christians—whence comes it? How do we account for it? We can account for it only on one ground. President McKinley was a man of destiny, chosen by the Almighty, for the exalted position which he filled and honored. He was a kindly gentleman; he was a fearless Chief Magistrate; he was a just man; he was an honest man; he was above all a God-fearing Christian.

In an address delivered by him on Dec. 20, 1893, to the people of Columbia, South Carolina, he made use of these words:

"A government like ours rests upon the intelligence, the morality and the patriotism of the people." This sentence, without the change of a word, is a fitting and comprehensive eulogy of our dead Chief. Search the mortuary annals of history, and no truer, no more appropriate epitaph could be found to place on his tomb. Our martyred President would make these the qualities, the characteristics, that should dominate the life and character of every good citizen of the republic—intelligence, morality and patriotism. And we find these qualities dominating his life from his boyhood to his death.

His respect and love for parental authority in his childhood, which he always made manifest, even to the last hours of the life of his parents, are an example to all the children of our country. Morality was at the bottom of it, a sense of duty to his parents.

His struggles with poverty and want in his childhood did not deter him from a thirst for knowledge, and like many a great man of African history, he struggled upward and onward in the realm of knowledge.

The morality behind his efforts, the good purpose that he had in view, already showed itself in his life. Even at sixteen years of age we notice it, when he showed a marked tendency to respect for God and religion. Again let the youth of our country pause right here and witness the struggles of a boy of fifteen or sixteen years of age, amid hardship and privations and yet true to his duty to God and his parents. Did these qualities render him any less a manly boy? Did they unfit him for deeds heroic in his career? Witness him at eighteen years of age, leaving

home and father and mother, and guided by true patriotism, shoulder his musket and offer his life to his country in her hour of need.

Intelligence, morality and patriotism! Yes; and young as he was, these were the foundation stones of his career, and on them he built his life after.

As a citizen, he always took an active part in public affairs, and always convinced his fellow citizens of his honesty of purpose. As a legislator, he was earnest, fearless and absolutely incorruptible. As a statesman, he was prudent and sagacious. As a ruler, he was just and benignant; and although he had political enemies, he never lost the respect of his opponents. Throughout his whole life, there was an intelligent, moral and patriotic purpose in all his acts and all his utterances. Of his private life, as honest man, kindly gentleman, loving husband and model Christian, what shall I say? Indeed, keeping to the predominant note of my theme, there was made manifest the expression of the God-fearing man in all he said and all he did. The whole world mourns him because his whole career has been the personification of the highest ideals of Christian manhood.

And, my fellow citizens, we would not be true to the lesson of the hour if we allowed this occasion to pass without giving expression to our horror at the motive and the causes that have plunged us into this national sorrow. The attack on the life of our beloved Chief was an attack on the life of the nation and on the institutions of our country. Already criticisms are appearing in the public prints because ministers of the gospel have dealt with the subject of anarchy with unglad hands. In a message to Congress on Dec. 5, 1899, our late President, referring to the lynchings in the South, said, "The courts and not mobs must execute the penalties of the law." Yes, he was right. We must not punish the anarchist by resorting to anarchy. Every yielding to lawlessness leaves its impression for evil upon the mind of the public. In the shock and the horror of the hour, the whole public mind was aroused to a righteous anger, and an outbreak of violence was feared; but the people looked beyond the terror of the hour, and confided in the great God of justice to set all things right. And this is well; for bad, very bad, influence may be set at work among the weak-minded and ignorant, who, the better part of the people give any countenance to violence, no matter how aggravating the cause.

However, we are here today to raise our voice in protest against the unchecked and indiscriminate liberty of speech and press given in the past to these emissaries of lawlessness and disorder and murder. The Constitution of the United States insures to me, to you, and to all of us, life, liberty, and the pursuit of happiness. There is only one way to preserve and protect these great gifts of my country to me, and that is through law and order. Without law and order, I have no protection of life, and I have no chance for liberty or happiness.

We call upon the federal and state governments to enact laws to preserve our glorious rights guaranteed us by the constitution, that liberty may not perish from the face of the earth. Where men or men give vent to opinions subversive of law and order, and disseminate the doctrine of the assassination of rulers, whether these doctrines are uttered in the saloon, or the work shop or the tenement or the street corner, or through the pamphlet or the press, then the majesty of the law should step in and forever deprive them of the liberty which they do not know how to use. We have been too lax in this respect. The day seems almost at hand when our Chief Magistrate must appear in public protected by a gordon of armed soldiers, like the potentates of Europe; and when that precaution becomes a necessity, I will blush for my country that holds out to the world its boast of a government of the people, by the people and for the people. No! Liberty we must and shall have, but liberty untrammelled by military shackles; a liberty given us by the constitution, and blessed by God.

"Long may our land be bright
With freedom's holy light!
Protect us in Thy might!
Great God! Our King!"

And we cannot let this solemn occasion pass without a word of heartfelt consolation and sympathy to her, who next to God, has been the greatest consolation and help to our departed Chief. May the God of peace and mercy comfort her in her great loss.

And, my fellow citizens, this is the hour of courage also. Brave men have tender hearts, but their courage bears them up through sorrow and disaster.

Brave citizens of the Republic! Let us today stretch forth the hand of welcome to our incoming Chief. Let us pledge him our loyalty and support in this trying hour of the Nation's sorrow.

Our lamented Leader has laid aside the cross to exchange it for an imperishable crown woven from the sighs and tears as well as the praise and gratitude of a sorrowing nation. President Roosevelt has taken it up, and like Simon of old let us bend our backs to the burden and help him to bear the cross of public duty manfully to the end. Let us ask the Almighty to build up his administration of affairs on the foundation of intelligence, morality and patriotism.

The ship of State may glide safely through the present breakers and journey on to the end, that the life, liberty and happiness of the people may be assured. We send forth to him today our loyalty, our prayers and our support. We have every reason, from his past record, to have confidence in his character and his capacity. We know that he has ability, high scholarship, great energy, an undoubted bravery. And his sagacity and prudence are such that we hail him as the president of all the people.

One closing reflection on this saddest tragedy of modern times, and I am through. President McKinley will forever be enshrined in the memory and affection of his countrymen, and his life and character will inspire to high achievement and his untimely death will draw more closely together, in aim and effort, all who seek the true greatness and glory of

the Republic. For this he lived: for this he died. His closing words and his closing hours are a powerful and salutary sermon to all of us to live in the love and fear of God. His words of forgiveness to the assassin; his prayer to God during the operation; his final words "Thy will be done," only prove to us that patriotism and love of country founded on respect for God's law, make the ideal citizen.

It has always held, hold now, and will ever hold the doctrine that the best Christian is the best citizen, and the man who respects the law of God will always obey the law of the land.

My friends, we may in spirit at the tomb of our Hero, carry home with us these simple, noble thoughts, and learn the lesson that his life and death teach and will ever teach the citizens of our country. Our endeavor in life should be to meet trials and sorrows and labors manfully, courageously. Our effort should be to trust in God, to respect religion, to love and to fear God living, and to ask for the grace of a noble and happy death. No greater blessing could be vouchsafed us, no greater glory could be given us before God and men, than to have lived the life of a conscientious, simple Christian.

When President McKinley's tariff, and policy, and politics, and all his material and financial victories are forgotten, his death bed scene will ever be a pulpit with living voice, leading men upward and onward to the realization of the good, the true, the noble in life. I give you my closing sentiment clothed in the musical metre of the President's favorite hymn:

Deep in Thy Sacred Heart,
Let me abide,
Thou that hast bled for me,
Sorrowed and died;
Sweet shall my keeping be,
Grief surely leading me,
Nearer, my God, to Thee,
Nearer to Thee.

And when the goal is won,
How like a dream,
In the dim retrospect,
Sorrow will seem!
Sweet will my transports be,
Jesus! Thy face to see,
When I have come at last,
Nearer to Thee!

State of Ohio, City of Toledo, ss.
Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Oct. 6—Last day for designating polling places.

Oct. 6—Last day for registrars of voters in every city and town, except Boston, to post in each voting precinct preliminary alphabetical list of voters.

Oct. 7—Democratic convention of the 16th Middlesex representative district, rooms of Nonantum Young Men's Association, corner of Chapel and Watertown streets.

Oct. 7—Certificates of nomination for offices to be filled by all the voters of the Commonwealth must be filed at the office of the secretary of the Commonwealth before 5 p. m.

Oct. 14—Nomination papers for nominations of candidates for offices to be filled by all the voters of the Commonwealth must be filed at the office of the secretary of the Commonwealth before 5 p. m.

Oct. 15—Latest day for calling conventions for nominations of candidates for State offices, other than those to be filled by all the voters of the Commonwealth, must be called before 5 p. m.

Oct. 15—Latest day for petitioning for the appointment of supervisors of elections.

Oct. 16—Last day for registration in all cities. Upon this day every registry of voters must be kept open from 12 o'clock noon (in Boston from 9 a. m.) until 10 p. m. when registration must cease.

Oct. 17—Certificates of nomination for State offices, other than those to be filled by all the voters of the Commonwealth, must be filed at the office of the secretary of the Commonwealth before 5 p. m.

Oct. 18—Nomination papers for nominations of candidates for State offices, other than those to be filled by all the voters of the Commonwealth, must be filed at the office of the secretary of the Commonwealth before 5 p. m.

Oct. 22—Last day for filing complaint against incorrect and illegal registration in cities.

Nov. 1—Last day for filling vacancies among election officers.

Nov. 5—State election.

Stricken With Paralysis.
Henderson Grinnett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man, Logan county, W. Va. Several very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. Sold by all druggists.

Literary Notes

The Ladies' Home Journal for October is, perhaps, the best number of this magazine ever issued. The literary features include "How the Leopard Got His Spots," by Rudyard Kipling; "A Fifth Avenue Tomb-dour," by Ernest Seton-Thompson; the first installment of "A Gentleman of the Blue Grass," by Laura Spencer Porter; the last of "Miss Alcott's Letters to Her 'Laurie,'" and the closing chapters of "Aileen," "Some Things the President Does Not Do," a collection of anecdotes about Whistler, the artist, and Mr. Bok's advice to a young man about to marry are important features. The regular editorial departments are supplemented by nine new ones of great interest, among which Professor Edward Howard Griggs's talks on "The Education of a Child from Eleven to Eighteen," Professor Schmucker's "Seeing Things Outdoors," and Miss Withey's "Writing and Speaking Correctly" are noteworthy. The illustrations and art features are superb.

Scribner's Magazine for October is rich in illustrations by such accomplished artists as Howard Pyle, F. C. John, Henry Hunt, W. E. Leigh, and Louise L. Heustis. Theodore Roosevelt contributes the first of two hunting articles called "With the Cougar Hounds," describing his adventures while hunting the mountain lion last winter in Colorado. General Francis Greene's second article on the Regular Army covers the period from the War of 1812 to the Civil War. The early Autumn is the season of Country fairs and St. Nadal, has caught the spirit of these pictures of American celebrations in "A Horse-Fair Pilgrimage," Walter A. Wyckoff concludes his present series with an account of his experiences in the Chicago slums. "Thomas Carlyle" is the subject of W. C. Brownell's essay. There are three short love stories—"Over Sunday," by Carolyn Wells, "Oscar and Louise" by Margaret Sutton Briggs, and "A Triumph of Evidence" by William Allen White. Mr. Mitchell's romantic serial, "The Prince of Lory" will be concluded in November.

The Twentieth Century.

The advent of the new century is to be commemorated by the Newton GRAPHIC in the publication of a handsomely bound volume entitled "The Twentieth Century of the Commonwealth, 1871-1901." It will contain valuable and interesting historical material, fully illustrated with half-tone engravings of churches, schools, residences, parks, etc. The history will tell of leading events, characters and progress of the city, and the many advantages of Newton as a beautiful and desirable place of residence will be fully set forth. The volume will contain portraits and biographies of representative men who, in their lives, their work or their influence have made Newton to-day the garden city of the Commonwealth and of New England.

It is believed that such a work will commend itself to the citizens of Newton as bringing together a carefully collated record of the lives of men who have contributed to the welfare of our city; some of whom we are justly proud as educators, lawyers, physicians, clergymen and men of affairs.

Such a publication at this time will give to the present and to the future of the city and will bequeath to the future a legacy of what Newton was at the beginning of what promises to be a most remarkable century.

Mortgagee's Sale of Real Estate.

By virtue of a power of sale contained in a certain mortgage deed given by Eliott J. Hyde to Peabody W. Kimball dated January 31st, 1896, and recorded in Middlesex South District Registry of Deeds, Book 247, folio 110, will be sold at public auction on lot four of the premises hereinafter described, for breach of the conditions of said mortgage and for the purpose of foreclosing the same, on Monday, the 21st day of October, 1901, at four o'clock p. m., in and on said lot four, a parcel of land lying in and on said lot four, conveyed by said mortgage deed and therein described as follows, viz:

That certain parcels of land situated in that part of Newton in said County of Middlesex called Newton Highlands described as follows: A certain parcel of land being lot four on a plan entitled "Plan of land in Newton Highlands belonging to the heirs of Mrs. Sophia Stone," E. R. Smith surveyor, dated January, 1886, and duly recorded with Middlesex Deeds, bounded northerly by Walnut street 160 feet, northerly by land of David S. Farnham 255 feet, easterly by lot 8 on said plan 117.6 feet, and southerly by lot 5 on said plan 226.1 feet, containing 32,171 square feet of land. Also a parcel of land lying in and on said lot four, bounded southerly by a private way leading from Walnut street to Dehman street 160 feet, easterly by lot 8 on said plan 117.6 feet, northerly by said land of Farnham 122 feet, and southerly by lot 15 on said plan 118.6 feet, containing 14,510 square feet of land. Also a certain parcel of land being lot fourteen on said plan and bounded northerly by said private way 160 feet, northerly by lot 12 on said plan 118.6 feet, southerly by land of M. H. Stone 75 feet, and southerly by lots 17, 18 and 19 on said plan measuring in all 497.4 feet, containing 41,116 square feet of land, all of above measurements are according to said plan.

Two hundred dollars in cash to be paid at the time and place of sale.

W. O. CHILDS, PEABODY W. KIMBALL,
186 Devonshire St., Boston, Attys. for Mortgagee.

Commonwealth of Massachusetts

COURT OF LAND REGISTRATION.

To Henry Sawyer of Boston in the County of Suffolk and said Commonwealth, Frederick Johnson of Newton in the County of Middlesex and said Commonwealth, and Edward F. Miller, Chairman of the Trustees of the Methodist Episcopal Church in the City of Newton called Abundant, and to all whom it may concern:

WHEREAS, a petition has been presented to said Court, this twenty-third day of September, to register and confirm her title in the following-described land: A certain parcel of land with buildings thereon situated in that part of Newton called Abundant, bounded: Northerly by Central Street 70.1 feet; easterly by land of Johnson 100 feet; southerly by land of Sawyer 47.75 feet; and westerly by land now or late of Henry H. Tarbox 93.1 feet. Containing 5701 square feet. You are hereby cited to appear at the Court of Land Registration, to be held at Boston, in said County of Suffolk, on the twenty-first day of October, A. D. 1901, at ten o'clock in the forenoon, to show cause, if any you have, why the prayer of said petition should not be granted, and the said petition be taken as confessed, and the said land be forever barred from contesting said petition or any decree entered thereon.

Witness, LEONARD A. JONES, Esquire, Judge of said Court, this twenty-fifth day of September, in the year nineteen hundred and one. Attest with the seal of said Court. [SEAL] CLARENCE C. SMITH, Recorder.

Mortgagee's Sale of Real Estate.

By virtue and in pursuance of the power of sale contained in a certain mortgage deed given by Mary A. Keyler of Newton in the County of Middlesex and Commonwealth of Massachusetts to Augustus M. Buttrick, for breach of the conditions contained in said mortgage and for the purpose of foreclosing the same, will be sold at public auction upon the premises hereinafter described, upon Saturday the twenty day of October, 1901, at four o'clock in the afternoon, all and singular the real estate described in said mortgage to wit: a certain tract of land situated in that part of said Newton called Abundant on the easterly side of a new street called Orris street and lying in numbered fifteen (15) in a plan of land of C. W. Higgins of date January 1st, 1885, and bounded and described as follows, to wit: Beginning at the Northwesterly corner of a lot lot by the easterly line of said Orris street by lot numbered thirteen (13) thence running easterly by said lot thirteen (13) one hundred and thirty three and a half (133 1/2) feet to land of owners unknown; thence southerly by land of said unknown owners to lot numbered sixteen (16) on said plan; thence westerly by said lot numbered sixteen (16) one hundred thirty one (131) feet; and thence northerly by said street sixty (60) feet to the bound first named. The said premises are subject to the restriction that no building shall be put within thirty feet of said Orris street, if the same be in force.

\$200 to be paid in cash at the time and place of sale, other terms will be stated at the sale.

AUGUSTA M. BUTTRICK,
Assignee of said Mortgagee.

Commonwealth of Massachusetts

COURT OF LAND REGISTRATION.

To Lucetta H. Wetherell of Boston in the County of Suffolk and said Commonwealth, Helen F. Russell of Chelsea in said County of Suffolk, David S. Farnham of Chelsea in said County of Middlesex, John E. Drury and George P. Greene of Lowell in said County of Middlesex, Willam O. Safford and Mrs. Donald White of Salem in the County of Essex and said Commonwealth, Mrs. Henry H. Terry of Hyde Park in the County of Norfolk and said Commonwealth, William B. Crafts of Brookline in said County of Norfolk, Johanna A. Flood of Waltham in the County of Plymouth and said Commonwealth, and James P. Safford of New York in the County and State of New York, and to all whom it may concern:

WHEREAS, a petition has been presented to said Court by David Benshimol and Bennett Benshimol of said Boston, to register and confirm their title in the following-described land: Certain parcels of land situated in said Newton and particularly described as follows:

1. The lot numbered one hundred and thirty-nine (139) on plan entitled "Plan of Villa Sites for sale by the Newton Highland Land Association at Newton Highlands, Newton, Mass." drawn by Vezale Bros., Civil Engineers, dated May, 1873, and recorded in Middlesex South District Registry of Deeds, Book of Plans 25, plan 14, bounded as follows: Southerly by Unionland Avenue one hundred (100) feet; Southerly by the lot numbered one hundred and thirty-eight (138) on said plan one hundred and seventy-five (175) feet; Northerly by the lot numbered one hundred and seventy-seven (177) on said plan one hundred and seventy (170) feet; by the lot numbered one hundred and forty (140) on said plan one hundred and seventy-five (175) feet; and by the lot numbered one hundred and thirty-eight (138) on said plan one hundred and seventy-five (175) feet. Containing 24,000 square feet of land, more or less.

2. The lot numbered two hundred and eighty-two (282) on said plan bounded as follows: Easterly by Vezale Avenue one hundred (100) feet; Southerly by the lot numbered two hundred and seven (207) two hundred (200) feet; Westerly by the lot numbered one hundred and seventy-two (172) on said plan one hundred (100) feet; Northerly by the lot numbered two hundred and nine (209) on said plan, two hundred (200) feet. Containing 24,000 square feet of land, more or less.

3. The lot numbered two hundred and fifty-one (251) and two hundred and fifty-two (252) on said plan bounded as follows: Southerly by Willard Street two hundred and sixty-one (261) feet; Westerly by the lot numbered two hundred and thirty (230) feet; Northerly by the center line of Sucker Brook about one hundred (100) feet; Easterly by the lots numbered one hundred and fifty-three (153) and two hundred and fifty-four (254) on said plan two hundred and thirty-nine (239) feet; Northerly again by said lot two hundred and fifty-three (153) one hundred and eighty-seven (187) feet; and Easterly again by Dehman Street about one hundred (100) feet. Containing 49,460 square feet of land.

You are hereby cited to appear at the Court of Land Registration, to be held at Boston in the County of Suffolk, on the fourth day of October, A. D. 1901, at ten o'clock in the forenoon, to show cause, if any you have, why the prayer of said petition should not be granted, and unless you appear at said Court at the time and place aforesaid your default will be taken as confessed, and you will be forever barred from contesting said petition or any decree entered thereon.

Witness, LEONARD A. JONES, Esquire, Judge of said Court, this eighteenth day of September, in the year nineteen hundred and one. Attest with the seal of said Court. [SEAL] CLARENCE C. SMITH, Recorder.

Commonwealth of Massachusetts

COURT OF LAND REGISTRATION.

To Alonzo W. Perry of Rockland in the County of Plymouth and said Commonwealth, Edward Murphy and James J. Norton, Trustees, of Cambridge in the County of Middlesex and said Commonwealth, Mary A. Hutchinson and Elery Wales of Brookline in the County of Norfolk, Phoebe J. Wales, George E. Wales, Emma A. Wales, William H. Wales and Levi Wales of Newton in said County of Middlesex, Sarah J. Caruthers, K. Augusta Hart, Louise C. Blades, Lillian E. Kitch and Mabel F. Kitch of Melrose in said County of Middlesex, Nathaniel Wales and Mary E. McIntosh of Needham in said County of Norfolk, Harriet B. Bell of Orange in the County of Hampshire and said Commonwealth, Charles D. Wales of Boston in the County of Suffolk and said Commonwealth, Sarah E. Stone, the elder, Sarah E. Stone, the younger, George W. Stone, William W. Stone, Charles E. Stone and J. Warren Stone of Scituate in the State of Connecticut, Martha Wales of Andover in the Province of Lancashire, Canada Otis A. Wales, Edwin M. Wales, Otis Wales, George E. Wales and Alligani A. Schellenger of Scituate in the State of Colorado, L. Elizabeth Schellenger of Littleton in said State of Colorado, Otis Laporte and Mary Wales of Scituate in said State of Colorado, Henry H. Wales, whose last known residence was in Mexico, or his heirs, devisees or legal representatives, and Grace L. Kitch of parts unknown, or her heirs, devisees or legal representatives, and to all whom it may concern:

WHEREAS, a petition has been presented to said Court by George L. Robinson, Jr., of Medford in said County of Middlesex, to register and confirm his title in the following-described land: A certain lot of land in that part of Newton called Waban, being lot numbered 321 on a plan of Waban Village, Newton, Mass., drawn by Ernest W. Howditch, Surveyor, and recorded in Middlesex South District Registry of Deeds, Book of Plans 63, plan 35, as bounded:

Easterly by Beacon Street 32 1/2 feet; Southerly by the junction of Beacon Street and Varick Road and by Varick Road by a curved line 168 1/2 feet; Southwesterly by lot 31 on said plan 168 1/2 feet; Northwesterly by lot 31 on said plan 168 1/2 feet. Containing 15,700 square feet.

You are hereby cited to appear at the Court of Land Registration, to be held at Boston, in the County of Suffolk, on the fourth day of November, A. D. 1901, at ten o'clock in the forenoon, to show cause, if any you have, why the prayer of said petition should not be granted, and unless you appear at said Court at the time and place aforesaid your default will be taken as confessed, and the said petition be taken as confessed, and the said land be forever barred from contesting said petition or any decree entered thereon.

Witness, LEONARD A. JONES, Esquire, Judge of said Court, this twenty-fifth day of September, in the year nineteen hundred and one. Attest with the seal of said Court. [SEAL] CLARENCE C. SMITH, Recorder.

A Typical South African Store.
O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor."

This store, is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists.

A Street Sprinkling Case.
Judge Loring, in the Suffolk supreme court, last Saturday dismissed a petition brought by John Ward against the aldermen and street commissioner of Newton, asking for a writ of certiorari to quash assessments for street watering levied upon real estate on Commonwealth avenue and Beacon street, Newton, upon the ground that they exceeded the special benefit conferred upon the property. The assessments were for \$19.80, \$12.84 and \$6.15.

When you have no appetite, do not rely on your food and feel dull after eating you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. Price 25 cents, at all druggists.

Newton "Vets" Win \$200 Prize.
The Newton Veteran Firemen have covered themselves with glory as a result of their trip to South Weymouth, last Saturday. With the hand tub "Nonantum" they made up for any and all "slips" of the past by capturing the second prize in the play-off held at the fair grounds.

Union of East Braintree was first with 205 feet 9 and three quarters inches, while Newton came out with 200 feet 11 and one quarter inches. At the coming muster in Marlboro the "Nonantum" will be among the contestants and will, undoubtedly, prove its worth.

UNION PAINTERS STRIKE.

CONSIDERABLE WORK OF THAT CHARACTER TIED UP FOR A TIME IN CONSEQUENCE—MEN VERY HOPEFUL.

The union painters of this city have struck for an 8-hour day. On Monday evening at a meeting in Jefferson hall, Newtonville, it was decided to take this step and on Tuesday the strike began.

Much encouragement has been given them the strikers say, for many of the leading master painters have acceded to the union's demands.

The firm of Bemis & Jewett of Newton Centre, which is said to be opposed to granting the request is the principal south side establishment to be affected.

Mr. Asa Jewett told a reporter Tuesday that the strike came as a surprise inasmuch as he had promised to grant the 8 hour day beginning the first of January, 1902.

A Fleishish Attack.

An attack was lately made on C. F. Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at Arthur Hudson's Drug Store.

How England Feels.

The following extracts from a well known resident of Newton travelling in England is especially appropriate at this time.

Stanhoe Hall Hotel, Worthing, Eng. Sept. 16, 1901.

We are all very much shocked at the news of the President's death. While it was not unexpected in view of the news which we had on Friday night, it was none the less shocking to know that it had really taken place. I am very much struck by the universal sorrow shown by everyone; it is very remarkable, I think. Take this place for instance. It is a small watering place about 10 miles from Brighton, with its pier, marine parade, rows of hotels and boarding houses like any English watering place.

The news of the President's death reached us on Saturday about 9 a. m. Twenty minutes later I went out on the parade and every flag was at half mast, even on the boat sails! When the band, which plays three times a day came out they struck up the dead march and as soon as the people realized what it was, all those who were sitting down stood up and in most cases the men removed their hats and stood uncovered until it was over.

Mind you this was simply the common or garden Englishman out for a holiday. It was really very touching. In the evening I spoke of the universal sorrow to an Englishman who had just come down from London, and he told me that it was the same there.

All during the week the London papers have been full of expressions of sympathy and hope that the President would recover, and the better news came in from day to day, they were full of congratulations.

It has been a revelation to me of the friendly feeling between the two countries, and I am mighty glad that I was here in England and not on the continent.

One thing has struck me, and that is how often during the past week, the staid law abiding Englishmen have expressed regret that the assassin was not lynched! One man, a clergyman at that, said to me: "It is a pity that the crowd didn't get hold of him. They wouldn't have left much of him, and it would have been a good thing."

Yesterday afternoon there was a very dramatic incident occurred. About dusk I heard a band playing the dead march and as the regular and doesn't play on Sunday p. m., I went to the front to see what it could be. It was the Salvation Army coming along the street with their flags draped and the band playing the dead march escorted by a big crowd of people. They have been flying the American flag on our hotel all day and were just lowering it when the band began. The man lowered it slowly and just as the procession passed the hotel, the flag dropped on the ground. I saw several people in the crowd point to the flag; some of the men raised their hats and there was a general murmur from the crowd as the flag settled down.

In the evening when the regular band came out they began with the dead march, and again the people all stood until it was over.

The President's picture draped in many of the shop windows of the town, and wherever you go you hear expressions of sorrow and regret.

After all we are of the same blood and there is no reason why we should not be friendly, and such incidents as I have seen in the past two days show that we are in spite of a little twisting the lion's tail on our part and growling at the eagle or theirs. It doesn't mean anything, only a little blowing off steam for political purposes.

Banker Routs A Robber.

J. R. Garrison, Cashier of the bank of Thornville, Ohio, had been robbed of health by a serious lung trouble until he tried Dr. King's New Discovery for Consumption. Then he wrote: "It is the best medicine I ever used for a severe cold or a bad case of lung trouble. I always keep a bottle on hand." Don't suffer with Coughs, Colds, or any Throat, Chest or Lung trouble when you can be cured so easily. Only 50c and \$1.00. Trial bottles free at Arthur Hudson's Drug Store.

We are exclusive agents for a modern hotel at Buffalo, within 5 minutes of Pan-American Gates, in the most fashionable residential district. Hotel is newly furnished throughout and terms are reasonable. Full information at Graphic office.

In the School of Work.

Charles A. Dana of the New York Sun was a man of extensive learning and attained great importance to college training, but was quick to recognize the value of the practical education that a man of good parts may pick up in this workaday world outside of university walls.

A young man went to The Sun office one day and asked to see the editor in chief. He would not be rebuffed by the subordinates and after some delay was admitted. He stated his business without a moment's loss of time.

"Mr. Dana," he said, "I believe I could be of some use on this paper, and I want you to give me a trial. If you don't find me of any use, you needn't pay me any salary, and if you do I shall want a good salary. If I don't find my proper groove in a month, you can drop me out."

Mr. Dana looked him over. "Young man," he said, "I like your looks. Have you ever attended any institution of learning?"

"Yes, sir. I am a graduate of two newspaper offices, one a country weekly and the other a daily paper in a city of 100,000 inhabitants."

"I'll take you. Go and report to this managing editor."

And Mr. Dana turned again to his work.—Youth's Companion.

Tennessee's Wealth of Oak Timber.
One of Tennessee's richest fields of natural resources is in its forests. Most of her timbered land is as yet virgin, and at the top of the list of the varieties to be found is oak. That tree is one of the most valuable that ever grew, and this state is more than usually rich in it.

Oak timber is practically indestructible when not exposed to the elements of the atmosphere. I mean that oak timber can be submerged in the ground or buried in the water, where the atmosphere does not affect it, and it will last for so many years that the man who had put it there is dead and forgotten by the time it has decayed.

It is a growing favorite, and deservedly so, in many ways of manufacturing furniture and in finishing fine houses. The price on it is always firm, and every now and then it makes a spurt and climbs up a point from which it never will fall. If the forests of this tree to be found in Tennessee today are here 90 years from now, this will be one of the richest states in the Union.—Knoxville Sentinel.

An East Indian Verdict.

In a case in one of our Indian courts a jury had before them evidence that could not be in any way shaken. When the concluding stage had been reached, the following interchange of conversation took place between the judge and his colleagues in the administration of justice:

"Gentlemen, are you ready to give your verdict?"

"Yes."

"What is your verdict?"

"Our answer is, sir, that you can do as you like with the men that have confessed, but we acquit all the rest."

"But is it possible that you have weighed the evidence?"

"Evidence like this can always be fabricated."

"Do you find that as regards these prisoners it has been fabricated?"

"Evidence can be fabricated."

"So the evidence is untrustworthy?"

"Unless a man confesses who can tell if he is guilty?"—Bombay Gazette.

Close to a Fool.

A farmer was working in his field when a sewing machine man came along.

"Good morning," said the sewing machine barker.

"Morning."

"Your corn seems to be pretty yellow."

"Yaas; I planted yellow corn."

"You don't seem to have more than half a crop."

"Waal, I planted it on the halves."

"You seem pretty close to a fool."

"Yaas; there's only a fence between us."

When the sewing machine man came to, it required the services of two doctors to get him into such shape that he was able to make the next town.—New Orleans Times-Democrat.

A Pound of Swallows.

How many live swallows go to a pound? This question lately formed the subject of a bet in the little town of N—, in Baden. A swallow was caught and its legs and wings tied up with a piece of silk thread and placed on the scales. To everybody's surprise it was found to weigh only ten grams, so that it takes 50 of them to make up a pound.—Karlshuber Nachrichten.

The Suspension Bridge.

There is no doubt that the first idea of a suspension bridge was suggested to primitive man by the interlacing of tree branches and parasitical plants across rivers. Probably monkeys used them before men did. In very mountainous countries, such as Tibet and Peru, they have apparently been used since the dawn of history, possibly earlier.

A Tour of the Escorial.

It requires about four days to make an investigation of the Escorial, the great Spanish palace, there being such a multitude of rooms and apartments. To travel all the halls, chambers, corridors, lengths and depths of the great palace would require a tour amounting to over 100 miles.

Healthy Trees.

The time in the summer at which the leaves begin to turn is a tolerably sure indication of the soundness of the tree. Some trees will keep their foliage green until September, while the leaves of unhealthy trees will begin to show signs of turning brown or yellow in August.

At The Churches.

Program of music at Grace church, Sunday evening:

Processional, "Round the Lord in glory seated." Whitney
Magnificat "O my Saviour, hear my prayer." Charles Gounod
Hymns, "Let them praise the name of the Lord." Spahr
"Hail, Gladdening Light." Martin
Retrospection, "Jerusalem the golden." Ewing

Rev. J. C. Jaynes will preach in the West Newton Unitarian church next Sunday. The Sunday school and kindergarten will resume its sessions at noon.

The first monthly sociable for the season will be held in the parlors of the Central Congregational church, Newtonville, next Tuesday evening.

The kindergarten class in charge of Mrs. S. G. Dunham will resume sessions at the Universalist church, Newtonville, next Sunday at 10.15.

Rev. Dr. V. A. Cooper, superintendent of the New England Home for Little Wanderers will speak at the Central Congregational church, Newtonville, next Sunday morning. A choir of children from the Home will be present and sing.

Rev. E. M. Noyes, pastor of the First Congregational church at Newton Centre, will preach his seventh anniversary sermon next Sunday morning.

At the Universalist church, Newtonville, next Sunday, the communion will be held at the close of the service.

The annual meeting of the Young Men's Club will be held in the chapel of Eliot church next Tuesday evening at 7.45.

Rev. Frank S. C. Wicks of Brighton will be the speaker at the Hale Union in the Unitarian church, Newton Centre, next Sunday evening.

NONANTUM.

—Rally Day was observed at the North church last Sunday afternoon, addresses being made by Rev. O. S. Davis and Prof. J. B. Taylor of Newtonville.

—Mr. and Mrs. Edward Kinchella of Hawthorne street will have the sympathy of their friends in the loss of their infant daughter, Alice, last Saturday.

—The Harvest supper at the North church Wednesday evening was thoroughly enjoyed and the entertainment given by Miss Alice Worcester Weeks, Mrs. Kate Belle Walcott and Owen brothers and Mr. Chas. Bacon was a great success.

—The postponed anniversary service of the Beulah Baptist church were held last Sunday. Rev. Harlan P. Smith of Waverley preached and special music was furnished by a quartet, Miss Safford and Mr. Wilson. In the evening a prayer and praise service was held.

—Mrs. Hannah Keefe, widow of Thomas Keefe, a well known resident of Newton, died at her home on Chapel street last Wednesday. Mrs. Keefe had a serious fall last Friday and death was largely due to her injuries. Three sons and two daughters survive her. The funeral took place from her late residence this morning, solemn high mass of requiem following at the Church of Our Lady at 9 o'clock. The interment was in Calvary cemetery, Waltham.

—It is expected that the body of John E. Farrell, formerly a private in Co. C. 26th infantry, U. S. V., who died about a year ago in the Philippines, will reach this city the latter part of this week. Farrell was about 21 years old and the son of Edward Farrell of West street. During the Spanish war he was with the 2d artillery. He was unmarried, had made his home in this city all his life and had many friends. It is expected that a military funeral will be held.

Hickox's Shorthand School, Copley Square, Boston, has the unparalleled record of having placed every graduate during the past three years in a position, at a starting salary of not less than \$10 a week.

She Started Early.

A marinet of a sergeant deciding to get married, some of his men decided that when the happy event came off it would be a fitting occasion to pay back with interest old scores, especially as their friends decided to keep up the time honored custom of throwing rice and old shoes at the happy couple.

On the eventful day when the happy pair emerged from their quarters they were greeted with a perfect shower of rice and old shoes, but one Tommy had slyly substituted a big pair of regulation Bluchers, which he threw with such unerring aim that the missile caught the sergeant just above the eye, inflicting a nasty cut.

Directly the ceremony was over the sergeant immediately went to the hospital to have the wound dressed. The doctor, after examining the swollen and discolored optic, inquired how it was done.

"Well, sir," replied the sergeant, "I got married today, and—"

But was cut short by the doctor (a married man) exclaiming:

"Oh, I see! That explains it; but, by Jove, she's started early!"—London Answers.

Value of Diamonds.

As to the value of diamonds, perfectly white stones or decided tints of red, rose, green or blue are most highly prized. Fine cinnamon and salmon or brown, black or yellow stones also are esteemed. If flawless and without tint of any kind, they are termed first water. If they possess a steely blue color, at times almost opalescent, they are called blue white. Such are usually Brazilian stones. Exceptionally perfect stones are termed gems, and for such there is no fixed value, the price depending on the purity and the brilliancy of the stone. The term first water varies in meaning, according to the class of goods carried by the dealer using it.

It is impossible to estimate the value of a diamond by its weight. Color, brilliancy, cut and general perfection of the stone all are to be taken into account. Of two stones, both flawless and weighing ten carats, one may be worth \$600 and the other \$12,000. Exceptional stones often bring special prices. Off color or imperfect stones sell at an average price per carat regardless of size.

How Fortress Monroe Was Built.

The manner of constructing the fort at Old Point Comfort is interesting and throws some light on customs and practices then in vogue. The work was almost wholly done by slaves who were brought to the place by their masters and leased to the engineers in charge. The slave owner received 50 cents a day for each slave, and the government furnished each "laborer," as the slave was called, with two suits of working clothes, a pair or two of shoes, rations, quarters and occasionally a little tobacco. The "laborers" worked with very little clothes and generally without shoes. They lived in barracks and were subject to a kind of military discipline. The owners were regular in coming in to collect the hire for their slaves, from which we may infer that the "constituents" of those days knew how to appreciate a good thing to a degree worthy of the present generation.—Leslie's Weekly.

Care In Making Axes.

An ax is subject to rigid tests before it is pronounced perfect. The steel must be of the required temper, the weight of all axes of the same size must be uniform, all must be ground alike and in various other ways conform to an established standard. The inspector who tests the quality of the steel does so by hammering the blade and striking the edge to ascertain whether it be too brittle or not. An ax that breaks during the test is thrown aside to be made over. Before the material of an ax is in the proper shape it has been heated five times, including the tempering process, and the ax when completed has passed through the hands of about 40 workmen, each of whom has done something toward perfecting it. After passing inspection the axes go to the grinding department and from that to the polishers, who finish them upon emery wheels.

Cunning Harry.

Harry and Charlie, aged 5 and 3 respectively, have just been seated at the nursery table for dinner. Harry sees there is but one orange on the table and immediately sets up a wail that brings his mother to the scene.

"Why, Harry, what are you crying for?" she asks.

"Because there ain't any orange for Charlie."—Exchange.

Bunched His Blunders.

"John," said Mrs. Billus after the caller had gone away, "I wish you wouldn't bunch your blunders so."

"What do you mean, Maria?" asked Mr. Billus.

"I didn't mind your telling her that you were ten years older than I, but you followed it up a minute later by letting it slip out that you were 52."—Chicago Tribune.

The Handicap of a Name.

Poppers—No; we haven't christened the baby yet. My wife wants to give him a fancy name out of a book, but I won't have it.

Assum—Why not?

Poppers—Because then he'd grow up to be homely as blue mud and tough as nails. I never knew it to fail.—Philadelphia Press.

Willie's Idea.

"Isn't it awful how thin Mr. Henpeck is now?" remarked Mrs. Gabbie to her husband. "And he used to be so stout."

"Perhaps," chimed in little Willie, remembering his trouble with his bicycle tires—"perhaps his wife forgets to blow him up regular, like you said she used to."—Philadelphia Press.

Christian Endeavor Notes.

The regular consecration meeting of the Golden Rule Society will occur Sunday evening. Subject, "Giving."

The leader of the Oak Hill Society, Oct. 11, will be Rev. L. W. King, subject, "Giving."

The regular missionary meeting of the Golden Rule Society which was to have occurred Sept. 29, was postponed for two weeks and the topic for that date was considered the 29th ult. The subject, "Dark Days and their lessons," seem especially suitable in view of the recent sorrow through which we have passed as a nation, and many earnest thoughts found expression in the meeting led by the vice-president of the society.

Auburndale W. C. T. U.

A meeting of the Women's Christian Temperance Union was held in the chapel of the Congregational church, Sept. 25th. The president, Miss Eliz. Gordon, presided. As Miss Gordon expects to be absent from the city, Mrs. Calvin Cutler was elected to fill her place. Other officers for the year are: Vice-presidents, Mrs. Miller of the Methodist church, Mrs. Ware of the Episcopal church and Mrs. Kendall of the Congregational church; secretary, Mrs. J. M. Clark; treasurer, Mrs. Wm. Ware; superintendents of departments, Mothers' Meetings, Mrs. F. N. Peloubet; Flower Mission and Work among Sailors, Miss Eliz. Strong; Press and Legislation, Mrs. L. C. Norton. Regular meetings are to be held in the chapel of the Congregational church on the second Tuesday in each month. It was reported that twenty-four comfort bags had been sent to sailors by Mrs. Kendall.

Mrs. Cutler was chosen to represent the Union at the State Convention to be held in Lynn, Oct. 15-18. All are invited to attend this convention.

The presence of the national president and vice-president will add unusual interest. Mrs. Stevens and Miss Gordon are expected to speak on Wednesday, Oct. 16th. The assistant secretary of the Y Branch of the World's W. C. T. U., Miss Amy Swankie-Cameron, will be gladly welcomed by all Y's and white-ribboners.

CITY OF NEWTON.

TO PLUMBERS.

Sealed proposals for furnishing all materials and performing all the labor required to install the plumbing in the proposed school building at Newton Centre, according to plans and specifications prepared by Hartwell, Richardson & Driver, 62 Devonshire street, Boston, will be received at the office of the Public Buildings Commissioner until 3 P. M., Tuesday, October 15th, at which time they will be opened in the presence of the bidders. Plans and specifications may be seen at the office of the architects. A certified check for two hundred dollars (\$200) made payable to the City of Newton, must accompany each bid. The award of the contract is contingent on the passage of an appropriation for the same. The right is reserved to reject any or all bids.

GEO. H. ELDER,

Public Buildings Commissioner.

West Newton, Mass., Oct. 3, 1901.

CITY OF NEWTON.

TO CONTRACTORS

NEWTON.

Sandwiches of all kinds at Wilbur
Bros., 311 Centre street.

—Mr. Edward P. Tuttle of Franklin
street is able to be out after his
recent illness.

—Miss Sarah Mason of Centre
street will spend the winter at the
Copley square hotel, Boston.

—Mrs. Sarah L. Sanborn is the
guest of her daughter, Mrs. A. W.
Fuller of Newtonville avenue.

—Mr. John T. Joyce of Thornton
street was best man at the Gorman-
Bell wedding, held in Dorchester,
Wednesday evening.

—Mr. H. B. Watson and family are
moving here from the West and will
make their future home in the Warren
on Washington street.

—Rev. and Mrs. J. H. Owens have
returned from Cottage City and are
visiting Mr. and Mrs. Charles Law-
rence of Newtonville avenue.

—Mrs. Samuel W. Kendal, Jr.,
with her son and daughter, formerly
of Park street, have taken rooms with
Mrs. Austin on Centre street.

—Rev. Dr. Frederick A. Noble of the
Union Park church, of Chicago,
has been a recent guest of Mrs. E. H.
Byington of Franklin street.

—Mr. and Mrs. J. E. Merrill and
Miss Stowell of Sargent street ar-
rived from Europe this week on the
Ivernia of the Cunard line.

—Mr. William B. Ely and his bride,
who was formerly Miss Bessie Chap-
man of London, arrived on the New
England last Saturday morning.

Mrs. Laura Ormiston Chant, the
well-known lecturer, was the guest of
Mrs. Edward Sawyer of Bellevue
street last Wednesday afternoon.

—Mr. Warren D. Turner of Rich-
ardson street, who recently returned
from Canada, has gone to Denver,
Col., for the benefit of his health.

—People who enjoy frozen pudding
made from rich cream and dune fruits
should patronize Wilbur Bros., 311
Centre street. Telephone connection.

—Mr. and Mrs. Robert Barry of
North School street will have the
sympathy of their friends in the loss
of their young daughter last Satur-
day.

—The first meeting for the season
of the Eight O’clock Club will be
held next Wednesday at the residence
of Mr. Herbert Stebbins on Centre
street.

—Rev. Frank B. Matthews made
the principal address at the evening
session of the Boston West Baptist
Association held last Wednesday in
Jamaica Plain.

Cooked meats ready for instant use
always on sale by the pound at Wil-
bur Bros., 311 Centre street. Newton
people appreciate this, especially dur-
ing the hot weather.

—At the annual meeting of the
Single Tax League of Massachusetts,
held in Boston, the first of the week,
Mr. C. B. Fillebrown of Bellevue street
was re-elected president.

—At the triennial meeting of the
American Church Sunday School In-
stitute, held in San Francisco, last
Monday, Rev. Dr. George W. Shiun
was elected a member of the execu-
tive board.

—Rev. Dr. and Mrs. Charles H.
Daniels of Church street and Rev.
William H. Davis of Park street,
have been attending the meetings of
the American Board at Hartford,
Conn.

—In Union hall, Young Men’s
Christian Association, Boston, last
Sunday evening, Mrs. Marie A.
Moore of this place gave an illustrat-
ed lecture on “The Sacred History of
the Madonna,” with sketches of the
celebrated painters.

—A private kindergarten and con-
necting class will be started in New-
ton about November 1st. Parents
having children under five years of age
like to see the place apply at once.
Location near Waverley avenue and
Park street. Address H. C. Graphic
Office. 3t

—Mr. John A. Evans of Brooks
street has in his possession a curious
stone, Indian pipe, which was found
by a friend in a bed of clay on Nut
Island, Hough Neck. It is elaborately
ornamented with painted representa-
tions of wild animals, Indian heads
and other appropriate designs.

—It is surprising how well Kodak
films enlarge. Some one of the pretty
views you have taken this summer if
enlarged and hung on your wall will
bring back the good times of the past
vacation. Marshall makes a special-
ty of this work at his studio in the
Stevens building, Nonantum square.

—We inadvertently failed to men-
tion last week, the dainty luncheon
given by Miss Margaret Clark of
Merton street, on the previous Satur-
day in honor of her sixth birthday.

Miss Helen Butfield of Hunnewell
avenue celebrated her eighth birth-
day on the same afternoon with a
party of her friends.

—A union meeting under the aus-
pices of the Volunteers of America
was held in the chapel of Eliot
church, last Monday evening. Owing
to the absence of Gen. Ballington
Booth, who was detained in New
York, Major Begley of Lynn was
present and described the work
being done among the poor and the
prison convicts.

—The annual meeting of the
Young Men’s Club was held last
Tuesday evening in the chapel of
Eliot church. About forty were pres-
ent. The officers elected for the com-
ing year were: President, John N.
Raton; vice-president, Guy B. Has-
kell; secretary, Fred L. Frowbridge;
treasurer, Arthur W. Porter. A vote
of thanks to the retiring president,
Mr. William T. Coppins was passed
and the remainder of the evening
was spent in a social way.

At The Churches.

At the First Congregational church,
Newton Centre, this evening Mrs.
Abby Snell Burnell, a former mis-
sionary, in the character of a high-
caste Hindu Woman, will give a
graphic portrayal of life in India.

Prof. Sinclair of Howard University,
Washington, D. C., will be the speak-
er at the prayer meeting at Eliot
church, this evening.

The Young Men’s League connected
with the Immanuel Baptist church,
Newton, will consider the special
topic of “Christ and Law.”

Rev. Dr. Henry J. Patrick will
conduct the mid-week meeting to-
night at the Central Congregational
church, Newtonville. The topic will
be, “The Law of Love.”

The annual offering to the Young
Men’s Christian Association which
was to have been taken last Sunday
at the Immanuel Baptist church, New-
ton, will be taken next Sunday.

A missionary tea meeting will be
held at the Methodist church, New-
tonville, next Thursday afternoon.

The first meeting of the Central
Club will be held Saturday evening
in the vestry of the Central Congre-
gational church, Newtonville.

Next Sunday noon the Sunday
school rally will occur at the Auburn-
dale Methodist church. The exer-
cises will be very interesting.

At the Channing church next Sun-
day Rev. Adelbert Hudson will
preach a sermon for young people,
subject, “The Soul’s Judgment
against Itself.”

The annual fall rally of the church
and Sunday school will be held next
Sunday at the Universalist church,
Newtonville. The topic of the pas-
tor’s sermon will be, “The Higher
Universalism.”

At the anniversary exercises at
the Church of the Sacred Heart, New-
ton Centre, last Sunday, solemn high
mass was celebrated in the morning
at 10.30. A vesper service was held
in the evening and a sermon on
Christianity was preached by Rev. J.
J. Doody of the Cathedral of the
Holy Cross and chancellor of the
archdiocese of Boston.

The Altar Guild of Trinity parish
Newton Centre, will hold a candy sale
at the residence of Mrs. H. J. Ide, 98
Summer street, on Saturday after-
noon, Oct. 12 from 3 to 5.30, for the
benefit of the Organ Fund.

At the installation of Rev. Adelbert
L. Hudson, as minister of the Chan-
ning church, Revs. F. G. Peabody,
Jas. DeNormandie, J. C. Jaynes, S. A.
Eliot, W. F. Greenman, F. B. Horn-
brooke and Wm. H. Davis will take
part.

Rev. J. W. Butler, D. D., of
Mexico, will preach at the Newton
Methodist church next Sunday morn-
ing.

Rev. F. B. Matthews, Deacons
Stephen Moore and George Ordway,
Messrs. J. A. Lamson, E. A. Lin-
coln, D. J. McNichol, Mrs. D. J. Mc-
Nichol and Mrs. C. H. Capelle were
the representatives from the Baptist
church, Newton, to the Boston West
Association held at Jamaica Plain,
last Wednesday.

Messrs. Charles F. Avery and E.
P. Hatch were the representatives
from St. John’s church, Newtonville,
at the semi-annual meeting of the
archdiocese of Lowell held at the
Diocesan House, Joy street, Boston,
Thursday of last week.

New Store.

Mr. H. B. Coffin, the well-known
grocer, is now moving into his new
store at 69 Elmwood street, Newton.

The new store is on the street level
and with a floor area of 30x70 gives
the first impression of spaciousness.
One is next attracted by the paneled
counters of quartered oak of beautiful
finish, and the Walker bins behind the
counters with their mirrored sur-
faces, appropriately lettered, and the
necessary touch of brightness to the
darkness of the wood. A convenient
office is on the left, and on the right
is a butter and cheese refrigerator to
match the fixtures. Behind the sales
room, which by the way is unbroken
by posts, is a large and convenient
shipping room, in North Carolina
pine, opening into a covered shed,
where the wagons may be loaded in
stormy weather. An oil closet, is
ludicrously located near the cellar stairs.
The cellar is high, light and clean,
with cement floor, large bins and
numerous shelves for storage of all
kinds, and a cold storage room 15x20
feet in size.

The store is lighted with gas and
electricity and has large plate glass
windows. The fixtures were made
by the Churchill Furnishing Co., and
include beside what has already been
mentioned a plate glass counter for
the display of choice goods. Such a
store is an ornament to the city and
must be a source of great satisfaction
to Mr. Coffin.

Good Thing for Newton Ladies.

A Custom Corset Dept. has been
opened in Eliot block, (up one flight)
by the Temple Corset Parlor of
Temple Place, Boston, of which Mr.
F. W. Ruggles of Church street, New-
ton, is proprietor. Newton ladies
will appreciate the convenience of
having a first class custom corset con-
cern right here in Newton. The Tem-
ple Corset Parlor is regarded as the
finest corset outfitters in Boston.
Their system of corset fitting has
given them a wide reputation. They
also have at their Boston parlors a
choice line of retail or “stock” cor-
sets. Their great specialty is their
“Temple” custom corsets. There is
something about these corsets, style,
comfort, shape that ladies recognize
as different from other corsets. The
perfect way they are fitted and by
ladies who know how is a great sat-
isfaction. Prices are moderate and
satisfaction is guaranteed.

NOMINATIONS

For The General Court

Made by Republicans and
Democrats.

The 16th Middlesex Republican con-
vention met in Temple hall, Newton-
ville, last Saturday evening at 7.45
o’clock.

Mr. George M. Fiske was chosen
temporary chairman and Mr. Chas. E.
Hatfield temporary secretary. Messrs.
Seward W. Jones, N. H. Chadwick
and A. R. Weed were appointed a
committee on credentials and reported
47 of the 66 delegates as present.

The temporary organization was
then made permanent.
On motion of Alderman Weed,
Messrs. George P. Bullard of West
Newton and William F. Dana of New-
ton were nominated for representatives
by acclamation.

The city committee was elected a
district committee and authorized to
fill vacancies in the nominations made
by the convention.

Mr. N. Henry Chadwick requested
the delegates present to consider the
matter of nominating one of the pres-
ent representatives for a third term
next year, in order that Newton may
have one experienced man, at least,
in the legislature, and thus wield a
wider influence.

The convention then adjourned
after a session of about 15 minutes.

In the rooms of the Nonantum
Young Men’s Association on Water-
town street, Monday evening, was
held the Democratic representative
convention of the 16th Middlesex dis-
trict. Thomas J. Klockner was chair-
man and Frank E. Kneeland secre-
tary.

After some discussion Mr. Charles
E. Farrington and Dr. William H.
McOwen were nominated by acclama-
tion.

The chairman and secretary were
vested with authority to fill the places
of either candidates that might be
made vacant by withdrawal or other
causes.

NEWTON.

—Read about the new custom corset
parlors on the first page.

—Mr. and Mrs. C. E. Buffum are
at the Hollis after a season’s absence.

—Special attention to children’s
hair cutting 289 Washington street.

erected by the Society of the Daugh-
ters of the Revolution at Valley
Forge, will occur next week Saturday,
Oct. 19th. Mrs. Alex. M. Ferris of
this city is general chairman of the
memorial committee.

—Robert L. Slater died Wednesday
night of hemorrhage at his home on
Lincoln court, aged 21 years. De-
ceased was a native of Newton, for-
merly attended the public schools and
had many friends here. The funeral
will be held from the house Satur-
day afternoon at two o’clock.

Boston & Albany \$7.50 Excursion to the
“Pan-Am.”

Going at 8.30 a. m. and 6.00 p. m.,
Thursday, Oct. 17, returning on or
before 9.30 p. m. train Tuesday, Oct.
22, giving ample time to “do” the
most glorious All American Ex-
position during its last and most glori-
ous days. Tickets on application.

Hunnewell Club.

A business meeting was held last
Saturday evening at which a nomi-
nating committee was appointed, the
annual dues fixed at \$30, and other
business transacted.

BOARD OF ALDERMEN.

Hold Important Session on Monday Night.

\$12,500 for Police Station—New Plans for Ash Street School and Other Matters Considered.

The regular session of the aldermen last Monday night was attended by Aldermen Brown, Chesley, Ensign, Fisher, Hubbard, Hutchinson, Lothrop, Lyman, Mellen, Norris, Pond, Pilsner, Saltonstall, Stickney, Weed and Weldon, with President Bailey in the chair.

A communication from the Mayor recommending the receipt of \$200 from F. C. Perry for the improvement of Court street was received, and after a brief explanation by Alderman Lothrop, that the matter was the result of several years' agitation for the acceptance of Court street, the order accompanying the communication was adopted.

A communication from the Mayor transmitting a statement of the Charity department of deficits of \$2097.68 in Hospital account, \$1,978.54 in Out Door Poor account and \$501.71 in Almshouse account was referred to the Finance Committee.

The writs prepared by the City Solicitor in the suits of Rose L. Saltonstall and the Chestnut Hill Club were signed by the members present.

Petitions of R. J. Morrissey and Reuben Forkner for auctioneer licenses were granted.

Petitions of Howard Emerson for sewer in Montvale road and of Thompson et al for sewer in Boylston street were referred to the Sewer Committee.

Petitions of Flint et al for light on Arlington street; of Fisher et al for lights on Waldorf road; of the Telephone Co. for pole locations on Valley street and Watertown street; for attachments in Auburn street and of the Gas Co. for locations on Summer street were referred to the Street Light Committee, hearings being assigned on the four last petitions for Oct. 17, at 7:45 p. m.

Petition of Hale et al for a night officer at the Upper Falls was referred to the Police Committee.

Petitions of Wilder et al for a cross walk on Homer street; of Coffin et al for a crosswalk on Elmwood street; of E. P. Whitmore for sidewalk on Sterling street; of Goodwin for sidewalk on Charlesbank road; of A. S. March for sidewalk on Arlington street; of Hannou et al for laying out of Kensington street, and of Benner et al for acceptance of Trowbridge avenue were referred to the Highway Committee.

COMMITTEE REPORTS.

The following reports were received: CLAIMS: Recommending settlement of claim of Thos. F. Kelly for \$200.

FINANCE: Approving appropriation of \$200 for settlement of Kelly claim; approving appropriation of \$3084 for widening Hammond brook; recommending \$500 additional for Charity Department, Hospital account, and recommending \$12,500 for police and fire stations at Newton.

HIGHWAYS: Favorable to sidewalk construction on Sterling street, Pettie street, Nonantum street, Peabody street, and Elliot street (edgestones); favorable to crosswalks on Centre street, Ward 6, Nonantum street and Hammond street; and favorable to sidewalks on Berwick road under betterment act.

POLICE: Favorable to acceptance of act allowing pensions to disabled police officers.

PUBLIC PROPERTY: Submitting report of Public Buildings Commissioner as to items of cost of police and fire stations, and relative to new school building on Ash street.

SEWERS: Recommending sewer construction in Commonwealth avenue Ward 6; and the taking of land for sewers near the Newton Hospital and in Webster place.

STREET LIGHTS: Favorable to pole locations to Telephone Co. in Beach street, Channing street, Grant avenue, Lowell avenue, Newtonville avenue, Willard street, Oakleigh road, Parsons street, and Woodland road; favorable to granting attachments to Telephone Co. on Beaumont avenue, Hull street, Otis street, Lowell avenue, Crofton road, Waban avenue and Newtonville avenue; favorable to granting of Telephone Co., conduit locations in Washington street, Gibbs street, Summer street and Marshall street; favorable to granting Gas Co. pole locations on Ballard street, Washington street and Summer street, and favorable to granting Gas Co. attachments on Clyde street.

The following committee reports were accepted:

CLAIMS: Recommending leave to withdraw on claim of Patrick Vahey.

HIGHWAYS: Recommending reference to 1902 of petition of street watering on Chekwid road, and favorable to \$3084 for widening of Hammond brook.

JOURNAL: Recommending approval of records to date.

STREET LIGHTS: Recommending leave to withdraw on pole locations on Pelham street for Telephone Co. and on pole locations on Highland street for Gas Co.

The majority and minority reports of the Fire Department committee, the former favoring a double entry fire station on Market road and the latter recommending a single door house were presented by Alderman Lyman.

In advocating the minority report, Alderman Lyman called attention to the needs of the district for fire protection, but was opposed to a double company house. He believed in going slow, with school buildings in sight and a high tax rate. He said that the fire department was primarily for the benefit of the fire insurance companies who contributed nothing towards its support.

Alderman Saltonstall spoke for the majority report urging the economy of an additional \$1000 at the present

time to provide for a two door house, instead of an enlargement of a one door house, in the future at a cost of \$7000. He believed a double door house would be needed within ten years.

Both reports were then referred to the Public Property Committee.

A recess of ten minutes was then taken to allow the License Committee to meet.

Upon reassembling, licenses were granted to Mark F. Tiffany and W. J. Hackett for pool tables; to Chas. A. Glover and Michael Dargan to move buildings; to Violet Davis for an intelligence office, and to Wm. C. McIntosh and Donato Orlandello for express wagons. A report of the License Committee refusing petitions of F. Nekrotti for common victualer license and of Antonio Sidoli and Antonio Zermani for street musician licenses was accepted.

The Finance Committee reported favorably on granting \$2,592.18 for interest on city loan permanent and \$1,500 for interest on water bonds and an order therefor was adopted.

The order for the state election on Nov. 5th and assigning a hearing for Oct. 7 at 9 p. m. on taking land for sewer near Newton Hospital were adopted.

At 9 o'clock this hearing was held, notice having been waived by the parties interested. No one appeared and the hearing was closed.

ORDERS.

The following orders were severally adopted: \$500 for settlement of Kelly claim; \$3084 for widening of Hammond brook; \$500 additional for Charity Department Hospital account;

for sidewalks on Sterling, Pettie, Nonantum, Peabody and Elliot streets, (edgestones); for crosswalks on Centre street at Crescent avenue; Hammond street, Nonantum street and Elmwood street; assigning hearings Oct. 21 on concrete sidewalks on Berwick road and for taking land for sewer in Webster place; taking land for sewer near Newton Hospital; for sewer construction in Commonwealth avenue, Washington street and private land; for widening, etc., of Hammond brook under betterment act; granting Telephone Co. pole locations on Channing street, Newtonville avenue, Beach street, Lowell avenue, Parsons street, Woodland road, Grant avenue, Willard street and Oakleigh road; granting Telephone Co. attachments on Newtonville avenue, Beaumont avenue, Hull street, Otis street, Lowell avenue, Crofton road and Waban avenue; granting Telephone Co. conduit locations on Washington street, Gibbs street, Summer street and Marshall street; granting Gas Co. pole locations on Washington street, Ballard street and Summer street, and attachments on Clyde street; \$3905 for water mains in Chaska avenue, Dedham street, Foster street, Adams street, Prince street, Selden street and Sheridan street and confirming street watering assessments for the season.

NEW POLICE STATION.

Orders appropriating \$12,500 for a new police station adjoining the armory and for remodeling the present fire station; and providing for the issue of a ten year note at 3½ per cent. therefor were adopted, after a clerical error in the order had been corrected.

An order accepting Chap. 377 of the Acts of 1901 authorizing pensions to disabled police officers was tabled after Chief Tarbox had stated that Somerville had accepted the act, but that no contingency existed at present, and no expense would be incurred by the city under it.

AUBURDALE SCHOOL.

An order for the rejection of present bids for the Ash street school and authorizing new or modified plans for a building not to cost over \$60,000 was presented by Alderman Weed.

Alderman Lothrop offered an amendment that this amount include architect fees.

Alderman Weed said that this item was left out advisedly, as it was not the final settlement of the matter, the commission being based on the amount of bids received, and because the architects leave some claim for plans already prepared.

Alderman Lothrop objected to the payment of two commissions.

Alderman Mellen said the Finance Committee were opposed to extravagance in public buildings, and that the \$60,000 should cover the entire cost, including architect's fees.

Alderman Brown said that architects work under well understood rules. They are entitled to a definite commission, even if plans are rejected. It is not fair to take this commission out of the sum allowed for the building.

Alderman Fisher said the architects were unofficially informed that the building should not exceed \$60,000.

Alderman Weed said that architects had endeavored to keep cost down, and had received estimates of \$65,000 from reputable builders before working plans had been made.

Alderman Ensign referred to the expense involved in the Boylston street matter, the new police station at Newton, the demands for safety of public records at City Hall and believed it a time to halt.

Alderman Hutchinson reviewed the situation and said Auburdales was entitled to plans on a basis of \$60,000. It was not fair to charge commission on plans we do not intend to use.

Alderman Weed stated that the plans had been authorized by the city and if a new architect is selected, additional fees will be charged. Some advantageous arrangement can be made by the Mayor, if order is passed.

The architects are not prepared to name a definite sum without further consideration, but stated they would be reasonable.

Alderman Fisher did not believe architects entitled to fees on an \$80,000, when they had known the wishes of the board in advance. \$60,000 should include entire cost.

Alderman Lyman said the board could not require new drawings without compensation. The architects were gentlemen of integrity and could be trusted. Work done in good faith should be paid for.

Alderman Chesley thought the changes should be made without charge.

Alderman Weldon said you can trade with architects as you would for a horse, and the discussion was a waste of time. He believed \$60,000 was a big sum for a school house.

The amendment was then drafted so that the \$60,000 should include the architect fees for the rejected as well as the proposed plans, and adopted. The order as amended was then adopted.

President Bailey announced as a matter of information that the B. and W. Street Railway Co. had formally accepted the Boylston street location and at 10.30 p. m. the board adjourned.

A Typical South African Store.

O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor."

This store, situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists.

Travis-Henderson

On Monday evening at the residence of Mr. and Mrs. G. C. Travis on Eldredge street, took place the marriage of their son Mr. Harold Fitch Travis to Miss Florence La Bree Henderson, daughter of Supt. F. G. L. Henderson of the Newton street railway. The ceremony was performed at 7.30 by Rev. F. B. Matthews, pastor of the Immanuel Baptist church. Only a small company of guests, including relatives and immediate friends, were present. The bride wore a becoming traveling gown of broadcloth. She was unattended. A reception followed at which the following were ushers: Mr. Charles B. Gleason of Boston, Mr. William Jepson of Melrose and Mr. H. C. Travis of Newton. Mr. and Mrs. Travis left on a wedding tour. At its conclusion they will make their home on Huntington avenue, Boston.

Banker Ruuts A Robber.

J. R. Garrison, Cashier of the bank of Thornville, Ohio, had been robbed of health by a serious lung trouble until he tried Dr. King's New Discovery for Consumption. Then he wrote: "It is the best medicine I ever used for a severe cold or a bad case of lung trouble. I always keep a bottle on hand." Don't suffer with Coughs, Colds, or any Throat, Chest or Lung trouble when you can be cured so easily. Only 50c and \$1.00 Trial bottles free at Arthur Hudson's Drug Store.

In Memoriam.

Feeling that more than a passing notice should be given of the death of Mrs. Sarah Rowe Evans, widow of the late John O. Evans, the following lines are dedicated to her memory: Quietly she had lived in Newton more than half a century. Coming to Newtonville first, she lived in the old General Hull mansion, which was located where the Associates block now stands. Later moving to Newton Corner, where her husband was well known as one of the foremost house painters of his time. Mrs. Evans leaves an example as a helpmate to her husband which later generations can emulate but never excel. As a wife and mother she was one of the old New England kind. The later years of her life have been passed with her daughter, Mrs. Nancy J. Park, where loving hearts have helped to make her later life free from the cares and perplexities of the world, so that when the last call came it was feeling akin to that of old "Well done good and faithful friend," enter thou into thy reward.

Russell-White.

Miss Annie L. White, daughter of Mr. and Mrs. John L. White and Mr. Arthur S. Russell, were united in marriage Tuesday evening, at the home of the bride on Rowe street, Auburdales.

The ceremony took place at 8, and was performed by the Rev. Mr. Wicks of the Brighton Unitarian church.

The bride, who was given away by her father, was attended by her sister, Miss Mabel White. The best man was Mr. A. Lawrence Russell, a brother of the groom. Only the relatives of the family and a few near friends were present. The house was decorated. A reception followed the wedding. After a tour Mr. and Mrs. A. S. Russell will make their home in Allston.

A Fiendish Attack.

An attack was lately made on C. F. Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters, which effected such a wonderful change that he writes he feels like a new man.

This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at Arthur Hudson's Drug Store.

At The Churches.

Rev. Mr. Fairfield of Spokane, Washington, occupied the pulpit of the Second Congregational church, Newton Centre, last Sunday.

The vesper services in place of the evening worship will begin next Sunday afternoon at Eliot church, from 4.30 to 5.30. These services will be largely musical and devotional with a brief pastoral address.

A meeting of the Women's Home Mission society was held last Tuesday afternoon, at the First Baptist church, Newton Centre. The topic considered was "Glimpses of Mather School," and the speakers were Mrs. Ellen Story, Mrs. H. S. Basset and Mrs. Arthur Hodges. Music was by Miss Mears.

Deacon E. D. Dyer and Messrs. C. A. Haskell, A. B. Cobb and F. A. Gay were the representatives from Eliot church at the Suffolk West Conference, held last Wednesday in Watertown.

At Eliot church last Sunday the collection amounted to \$1100, taken toward the sum for the release of Miss Stone, the missionary.

A large number were present at the Union Social of the Epworth League Societies connected with the various Methodist churches, held last Monday evening with the Newton church.

The men's topic class at the First church, Newton Centre, last Sunday discussed "Yellow Journalism." The subject was introduced by Mr. J. C. Hagar, editor of the New England Druggist.

The annual reception to Rev. William H. Davis, pastor of Eliot church, will take place in the parlors next Thursday evening.

An entertaining and largely attended social was held Wednesday afternoon in the vestry of the Auburdales Methodist church. In the afternoon there were games for the young people and in the evening music and refreshments.

The Channing sewing circle held its first meeting in the parlors of Channing church, yesterday morning. It will work as informers years for the Children's Mission, the New England Hospital, Newton Hospital and the poor of Newton.

There was a good attendance at the first social of the season held last evening at the Universalist church, Newtonville. Supper was served at 6.30 and was followed by an interesting phonograph entertainment.

The young people's mission club at the Central Congregational church, Newtonville, next Sunday evening will consider the subject of Bible reading under the direction of Mr. D. P. Jewett.

The new calendar of Channing church was issued for the first time last Sunday and is a folder in a neat and convenient form. An excellent picture of the church is on the front page and the following pages give the order of service, parish notes and directory.

A successful and well attended social of the young people's society was held last evening at the Congregational church, Auburdales.

Mr. John L. Palmer has taken the place made vacant by the resignation of Mr. Earle Wakefield in the library of the Sunday school connected with the Central Congregational church, Newtonville.

The annual rally of the Sunday school connected with the Newtonville Methodist church was held last Sunday.

The Bible class connected with St. John's Episcopal church, Newtonville, resumed its services last Sunday after the morning sessions in charge of Mr. Hugh McBirkhead.

The boys' club held a meeting in the vestry of the Methodist church, Newtonville, last Monday evening, under the general supervision of Mr. Arthur Beal, the president.

The offering at Eliot church, Newton, next Sunday will be for the American Bazaar.

A missionary barrel has been sent this week from Eliot church, Newtonville, to the school at Pleasant Hill, Tenn., conducted under the direction of the American Missionary Association.

The meetings of Prof. Charles W. Rishell's class were resumed at the Methodist church, Newtonville, last Tuesday evening.

At the prayer meeting at Eliot church, Newton, this evening, the topic considered will be, "Messages from Hartford and Howard University."

At the meeting of the Home Missionary Department of the Woman's Association held at Eliot church, Newton, Tuesday afternoon, Mrs. W. H. Davis related stories of the Southland.

The monthly concert of prayer for missions will be held this evening at the Baptist church, Newton Centre, Mrs. Alice B. Cole, president of the Women's Baptist Home Mission Society will be the guest and speaker.

When you have no appetite, do not relish your food and feel dull after eating, you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. Price 25 cents, at all druggists.

Arthur Hudson,

NONANTUN SQUARE, NEWTON SEVENS BLOCK.

SMALL POX

Discovered in a Newtonville Boarding House.

Prompt and Energetic Action by Health Dept.

On Friday afternoon the Health department was started with the report by telephone of a suspected case of smallpox, in the boarding house, 241 Walnut street, Newtonville.

An examination by the city physician revealed a nearly confluent case of small-pox, the first eruption having been noticed on the Wednesday previous.

The victim was Frank Marshall, a carpenter, aged 22, who had lived in Newton but a few weeks, and who had during that time visited Hopedale, Milford and Boston.

Pending the arrival of the Boston small pox expert, Dr. Thos. B. Shea, the premises were placed under strict quarantine. Dr. Shea confirmed the diagnosis, and Agent Stone of the Health department dressed the patient and conveyed him to the hospital that night.

A police quarantine was then established, and the inmates vaccinated, and will be kept under strict surveillance for the period of incubation. The next day the agent and assistant made a thorough job of burning all bedding, clothing, etc., in the sick chamber, disinfecting the entire house with formaldehyde gas and washing the sick chamber in a solution of bi-chloride of mercury.

The board of health has also made arrangements and strenuously urged a general vaccination, as it is thought that the coming winter will witness more small-pox than the present generation has yet experienced.

Newton Blue Book.

The canvass of this popular family reference book will soon commence, and the book will be published this Fall. It will contain as usual a list of the principal residents, street directory, clubs, societies, theatre diagrams, etc. The price will remain the same, \$1.

Every family and club should subscribe for it, as it is sold mostly by subscription. E. A. Jones, Publisher, 59 Rindge avenue, N. Cambridge.

Spoons.

To the Editor of the Graphic:—

In some recent light discussions of such smaller social customs as are sometimes mentioned in the lighter newspaper paragraphs, questions arose about the present sizes, names and uses of spoons. This led me to spend a few brief chance intervals of street leisure in a bit of investigation in five leading Boston jewelry, etc. houses. The results may be interesting to some.

Leaving out all such special forms, useful or freakish, as salt, mustard, orange, etc., spoons, three principal kinds were everywhere seen, and were everywhere essentially alike. There were, teaspoons, "dessert" (or soup) spoons, and table spoons—these varying names depending on local or national habit.

One large house only, showed four kinds—tea, dessert, soup and table spoons. There, the "soup" spoon was intermediate between dessert and table spoons of the usual size.

All five houses showed as a recent novelty, or possible passing "fad," of "swell" style, the "round-bowl" soup spoon. One, only, though, perhaps all had it, showed a special form, said to be little called for, and mentioned as a "fad," and called a "bouillon" spoon.

While a complete table-silver chest might generally contain one dozen of each principal kind, with forks, etc., all agreed that total sales showed that very many more teaspoons are sold than of any other size. This indicates, of course, a far greater use of the teaspoon than of any other size. One elderly and very obliging expert, who had recently travelled all over Europe, noting styles and customs, took pains to consult the head of the silver department of his large house, and reported that they sold as many as twenty-five dozen teaspoons to one dozen "dessert" spoons. Yet they sold many more "dessert" spoons than table spoons. This agreed with the further direct testimony as to use that whatever might be private "swell" dinner parties—at the most fashionable private Boston and New York clubs, and at the most elegant and stylish public club dinners, teaspoons were, almost always, if not invariably provided for use in eating ice cream and other soft desserts.

It was further stated, however, that while in New England, anyone furnished with a table spoon for soup might call for a smaller spoon, it was often true that a New Yorker, provided with a "dessert" spoon for soup, would be likely to call for a table spoon instead.

As to present European practice, it was said, as the result of recent extended observation there, that the use of the "dessert" spoon with desserts is declining, and the obviously more suitable teaspoon was taking its proper place again.

Perhaps the most curious appearance on examination—if the subject were not too trifling for anything—that the new-fangled round-bowl soup spoon had banished the proper "dessert" spoon upon to the dessert plate to masquerade there as a proper dessert spoon, until the flurry of freaks should pass over.

The foregoing testimony, and more to the same effect from the other houses, capitally agrees with the always crystalline exactness of the Standard Dictionary's definitions, from which we learn that the teaspoon is "used in stirring or sipping tea and coffee, eating soft substances, etc.," and that it contains "sixty drops" or "one dram." The dessert spoon, with no mention of its various

really customary uses—for bread and milk, boiled grains and cream, soup, and small soups from a small dish—is defined as holding two drams, and the tablespoon as holding four drams. One informant, for more than twenty years in the business, said: "The English call them 'dessert' spoons. Americans call them soup spoons, and generally ask for, and use them as such. Is there an inglorious thread of 'anglomaniya' in this American nation of ours?"

Still another, a veteran in the business, confirmed the above mentioned actual frequent uses of the soup spoon, but spoke of it as "objectionable for dessert, especially for ladies, it being too large for convenience." The lightest touch of this subject in the philosophic spirit shows how obviously and eminently rational this opinion was; since, at the beginning of dinner, appetite is sharpest, and soup, quickly taken as an introduction to something better, calls for a large spoon; while for the more refined and delicately delicious desserts, refinement calls for a smaller spoon for the smaller tastings and more leisurely partaking.

The same opinion also confirms the almost life long experience and observation of one who testified to having hardly ever used, seen, or been served with a "dessert" (soup) spoon for eating desserts.

This brief study makes it quite clear that, whatever "society," or the "smar set" may do, with a mischievous trace of "anglomaniya" or other fantastic product of abnormal life in it, any alleged general use of the "dessert" spoon with desserts proceeds from misinformation. To society—that is mankind agreeably acting out its social instincts such use is only a transient exceptional variant, better disregarded.

Then let all who properly respect themselves, and the true dignity of life, cheerily try to keep homes, consecrated to the beautiful life that is simple, real, and free, safe from the impertinent intrusion of all belittling vanities that only disfigure life. Sol. Sil.

The excitement incident to traveling and change of food and water often brings on diarrhoea, and for this reason no one should leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all druggists.

St. John's Industrial School.

About 500 friends of St. John's industrial school, commonly known as the Working Boys' Home, witnessed last Friday afternoon, the blessing of the shrine of the Sacred Heart on the institution's grounds at Oak Hill, Newton Highlands, by his grace, Archbishop Williams.

Occupying an eminence on the summit of a knoll of gray rock, sheltered in a handsome wooden niche, the whole embowered amid stately firs and pines, with evergreen of lesser growth, the votive shrine presented an impressive sight. Beneath the base was massed beautiful flowers.

The shrine is represented as the statue of the Sacred Heart of Jesus pleading. In height it measures about 9 feet, while its great pedestal of rock is 15 feet. The monument complete stands about 25 feet.

His grace the archbishop, with his chief assistants, Bishop O'Connell of Portland and Bishop Northrop of Charleston, S. C., and a score of priests, marched in solemn procession from the main building of the home to the shrine.

The archbishop began his blessing as the statue was unveiled. The procession then entered the chapel of the home, where the services were continued in the presence of the augmented congregation.

The day marking the feast of the great lover of the poor, St. Francis of Assisi, the occasion of the blessing was the more appropriate and impressive.

The indoor part of the services included a sermon by Bishop O'Connell of Portland, followed by benediction. The latter was given by Rev. Fr. Philip O'Donnell of Boston. The choir sang a hymn composed by Bishop O'Connell.

The clergymen present included Rev. Fr. D. J. Wholey of Newton Centre, Rev. Fr. Fleming of Dedham, Rev. Frs. Colbert and Patterson of South Boston, Rev. Fr. Lee of Newton Centre, Rev. Frs. O'Donnell, Gallagher, Daley, McQuaid, and Sullivan of Boston, Rev. Frs. Callahan and McLeod of Newton Lower Falls, Rev. Fr. T. J. Danahy of Newton Upper Falls, Rev. Fr. Fitzpatrick of Milton, Vicar General Byrne of the Boston archdiocese, Rev. Fr. C. I. Riordan of Newton Upper Falls, Rev. Fr. Mullen of Lowell, Rev. Fr. Supple of Cambridge, Rev. Fr. Smyth of Roxbury, Rev. Fr. Moriarty of Concord, Cancellor of the archdiocese, Rev. Fr. Doody, Rev. Fr. J. Ford, Rev. J. J. Farrelly and Rev. Augustine S. Malley.

State of Ohio, City of Toledo, Lucas County, Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

—October Smart Set.

A Wonderful Cure.

Some charitable women were recently inspecting the wards of a Baltimore hospital when they chanced to see a poor fellow, the expression of whose face melted their hearts.

"My poor man," said one of the women sympathetically, "you seem to suffer agonies."

"Sure, mum," he answered, "I have the rheumatism."

"Is there anything I could do for you?" asked the kind hearted woman.

"We-I-I," slowly muttered the patient, "I would like to have my face shaved, but I haven't the coin."

The women held a hasty consultation, and one of them finally drew a crisp \$2 bill from her purse. Turning to the patient, she said, "There, take this, and may you soon get better."

Her wish was evidently gratified, for the next day when she called at the hospital to see the good effects of a shave on the rheumatic patient she was told that shortly after she had left on the previous day he had shown such marked improvement that he said he was able to get up and hurriedly left the hospital before a barber had been summoned. It was evident that the \$2 bill had wrought the wonder.—Baltimore Sun.

The Discovery of Electricity.

Children rub together bits of amber picked up from the ground and find that when rubbed these small pieces of waxlike substance are excited to attract particles of light substances, like straws and feathers. Could anything be more elementary or seemingly further removed from the mighty mechanical developments of the electrical powers which now surround us? Yet that simple frictional play was the starting point of all we now possess electrically. It lay by as a child's sport for ages—lay by for Sir Isaac Newton himself to look at, removed only to a box with a glass lid containing paper figures, which would move when the glass surface was excited by friction. A little later, and the flat glass surface became a tube, a globe, a globe revolving on a frame, a machine, an electrical battery, and so steadily onward until, each step marked by a gentle advancement upon advancement, lightning and thunder themselves were the inventions of man as well as of nature.

The Moors and Their Morals.

In appearance the Moors are a very fine race. For many generations their mothers have been chosen for their beauty. An active life in the saddle has developed them physically and a splendid appearance is the result. In addition, they have manners of unequalled suavity and polish, the result of early years spent in the harem. They are so habituated to think well of themselves as followers of the true prophet that an uneasy conscience never troubles them.

A man may be an utter scoundrel, cruel and licentious, and yet be regarded as a saint if he is descended from the prophet and conforms to the outward ceremonial of Islam. His brow is frank and unclouded, his smile is even benevolent, and yet it would be impossible to describe the details of his life. Such are the Moors—an interesting tableau vivant of many a chapter in the book of Judges, or Samuel or the Kings.—African Review.

Coffee Drinking Denounced.

As early as 1693 coffee was satirized in England, and on every hand the bitterest invectives were applied to it by the press and pulpit. In one instance a preacher hurled anathemas at the heads of those who used as a beverage "a sirup of root and essence of old shoes!" Probably he had good grounds for this statement, having sampled some boiled coffee. Another divine denominated it "a poison which God made black that it might bear the devil's color!" The women also took up the cudgels against it.

Folding Linen in Holland.

Folding linen is an accomplishment in which each one of the women in Holland is expected to be proficient before she becomes mistress of a home. In Holland especially the folding of linen requires considerable skill and training. Much of their fabric is of the finest texture and quality, and they fashion the various pieces in ironing into birds, animals, flowers and all manner of artistic shapes. Their linen closets are often shown to visitors with the same pride that china closets are shown elsewhere.

Never Wanted to Be at Home.

"Oh, you men, you men! When you used to call on me before we were married, it was all you could do to tear yourself from me at midnight. Now you are never so happy as when you are away from home."

Mr. Griffin—But you seem to forget, Fannie, that I was away from home in those courting days when it was so hard to tear myself away.—Boston Transcript.

A Malaprop.

Miss Windstraw—What a wheezy, plucked little thing that baby of Mrs. Puffproud's is, to be sure!

Mrs. Blazer (contemptuously)—Yes, and to hear her talk you'd think she had a progeny.—Leslie's Weekly.

Expensive Tastes Satisfied.

Nell—I didn't think Cholly would ever make up his mind to get married. He had such expensive tastes.

Helle—That accounts for it. He says his wife is the dearest girl in the world.—Philadelphia Record.

Tough World.

"I tell you," said the curbstones moralist, "this is a tough world."

"That's so," the busy man took time to reply, "and very few of us will get out of it alive."—Philadelphia Telegraph.

BOSTON AMUSEMENTS.

Columbia Theatre—An arrangement has been effected by which Rice's superb presentation of "Evangeline" will terminate its engagement at the Columbia Theatre, Boston, Saturday evening, Oct. 19. On the Monday following, "The King's Carnival" will appear, coming direct from the New York Theatre, with its entire gorgeous paraphernalia, and nearly two hundred people. In the cast are some of the best known people in comic opera and extravaganza, and there is a superb chorus and ballet. The present attraction—Evangeline—shows no diminution in its popularity. At every performance the Columbia is crowded, and from now until the close of the engagement it is probable that "standing room" will be at a premium. A series of Sunday night concerts for charitable purposes was inaugurated at the Columbia last Sunday evening. The best reserved seat costs only fifty cents. Next Sunday night the second of the series will be given. Towne's First Battalion Cavalry Band furnishes the instrumental music.

BOSTON MUSIC HALL: VAUDEVILLE.

Next week the bookings already made include a number of distinctive and enjoyable specialties. Chief among these will be the Probyn Ladies' Quartet, which comes to Boston direct from London. The quartet consists of four talented young women and the instruments on which they play are piano, flute, cornet and cello. "An Original Idea" is the title of the new acrobatic comedy which O. G. Seymour and Maud C. Dupre will present. Another novelty will be Rosa Nagnoni's birds, a remarkable collection of feathered performers. Other features will be: the three Orris, in a juggling and acrobatic novelty, Canley and Husted, in bright singing and dancing skit, Newell and Niblo, accomplished instrumentalists, Adolph Adams, whose impersonations are of exceptionally high order. Trask and Gladden, singers and dancers, Frank and Myrtle Chamberlain, in a unique rope juggling exhibition, and Hillman, a magician who is a worthy successor to the late Prof. Hermann. New motion views will be shown by the vitagraph.

Boston Theatre—The grand old Boston Theatre is about to be the scene of one of the most remarkable productions ever made in this country, William A. Brady's marvelous rendering of "Uncle Tom's Cabin." This production which crowded the New York Academy of Music to the doors and created the biggest sensation on Broadway, will now fill the gigantic stage of New England's greatest playhouse. "Uncle Tom's Cabin," as Mr. Brady presented it, at an outlay of \$25,000, proved to be the biggest kind of a success. Not only was the production itself most elaborate, but the cast was extraordinary, including for principals the highest-priced stars in the profession. Fifty-three drops are used in the way of scenery, including especially handsome settings showing the ice-choked Ohio river by moonlight; a rocky pass in the mountains of Kentucky; the exterior of a plantation mansion; a portion of the levee at New Orleans; the swamp home of Simon Legree, and a transformation requiring thirty drops and a force of eighty supernumeraries. The engagement at the Boston Theatre, which begins Monday evening, Oct. 14, is for five weeks, with Wednesday and Saturday matinees, and at the same reduced scale of prices as has prevailed ever since the opening of the season. In other words, one dollar secures the best orchestra seat, with 75c for the orchestra circle; 50c for first balcony; 35c for second balcony or family circle, and 25c for the gallery. The seat sale for "Uncle Tom's Cabin" opened Monday morning, Oct. 7, at 9 o'clock, at the box office of the Boston Theatre.

Confirmed Habit.

She—Mrs. La Salle is always changing husbands. He—Yes. She told me she was wedded to married life.—October Smart Set.

An Unnecessary Encumbrance.

The Secret

Of womanly health would be esteemed as priceless by thousands of suffering women. Each month sees them moaning in a darkened room. At the best they endure pain every day. At the worst the pain becomes torment.

The secret of womanly health is in keeping the womanly organism in a perfectly healthy state. This can be done by the use of Dr. Pierce's Favorite Prescription. It regulates the periods, dries debilitating drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

Women suffering from chronic forms of disease are invited to consult Dr. Pierce, by letter, free. All correspondence is held as secretly confidential and womanly confidences are guarded by strict professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y. Accept no substitute for Dr. Pierce's Favorite Prescription. There is nothing else "just as good" for womanly ailments.

"I suffered for more than ten years with female weakness of very bad form," writes Mrs. D. D. Woodward, of Tremont, Macdonald Co., Manitoba. "I used Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' with good result. I am able to do all my own work now. I do not know how to thank you enough for the kind advice you have sent me by letter. Your remedies did far more for me than all other doctor's medicines, and I have taken lots of them."

Dr. Pierce's Pleasant Pellets cure biliousness.

NOTICES

of all local entertainments to which admi-
ssion fee is charged must be paid for at regu-
lar rates, 25 cents per line in the reading
matter, or \$1 per inch in advertising columns.

A LUXURY.

The present board of aldermen has
rarely been accused of extravagance,
but its approval of the sum of \$12,500
for a new police station at Newton,
and for the remodeling of the present
building, thereafter, for the exclusive
use of the fire department, is clearly
open to criticism.The necessity for a new police sta-
tion in this district has never been
apparent, and the only valid reason
for the scheme is the difficulty in ob-
taining a quick hitchup by the fire
department under the present circum-
stances. This difficulty is more theo-
retical than practical, as it would be
impossible to move the fire apparatus
quickly in any event, as long as the
congestion of Nonantum square is al-
lowed to continue.The order contemplates but \$3,100
for the remodeling of the present
building in face of the report of the
Public Buildings Commissioner that
from \$5,700 to \$8,200 will be needed,
depending upon the plan adopted.
The commissioner's experience in
similar work on fire buildings in West
Newton and Newton Centre render
his estimates in this case of particu-
lar value and it is doubtful if the sum
appropriated will be sufficient for the
purpose. Another item to criticize is
the expediency of making an approp-
riation which will not be used for
at least a year, and which is not
based on definite plans or proposals.Granting the argument that a po-
lice station is needed would it not be
better, to locate it on the busy square,
where if anywhere, the services of its
men are needed, and remove the fire
department to a site where its appar-
atus would have far more freedom of
movement than is possible on its present
location.This matter is one which at the
present time may well be termed a
luxury, and if left to the future would
develop in a far more satisfactory
manner.

A REPUBLICAN SENATOR.

We took occasion last week to criti-
cize the Republican nominee for sena-
tor, and it seems only fair at this
time to call attention to a few facts
of vital importance to Newton.In the first place, Newton, in com-
mon with Brookline, Nahant, Milton
and other wealthy communities are
considered fair prey by their less for-
tunate neighbors for what might be
broadly stated, as legislative robbery.
The favorite method is through what
is termed the "Mill tax bill." This
bill assesses each city and town, one
mill on each dollar of valuation for a
fund to be distributed to the poorer
communities for educational purposes.If enacted this bill will annually
tax this city over \$50,000, and is in
itself a sufficient reason for the elec-
tion of a man known to be opposed to it.Another matter of great importance
to the metropolitan water district is
that of "consequential damage" claimed
by towns and individuals in the vicinity
of the great reservoir of the water board.
These claims embrace almost everything
from the loss of church membership to
items of land damages, and as New-
ton has to pay its share of every claim
allowed by the legislature, it be-
hooves us to send men to the house
and senate who will carefully protect
our interests in this direction.As the Massachusetts senate is con-
trolled by the Republican party, it is
good policy for Newton to be repre-
sented by one of that faith, in order
that our position on the important
questions outlined above, may be
given the greatest possible influence.

THE AUBURNDALE SCHOOL.

The aldermen have at last come
down to a business basis in the mat-
ter of plans for the Ash street school
house. The two mistakes of their
previous action have been remedied
by stating that the entire cost of theproposed building shall not exceed
\$60,000 and in limiting the number of
subsidiary rooms. These items were
not definitely stated before and are
undoubtedly responsible for the high
figures on the accepted plans.It seems unfair to include the item
of architects' fees for the present
plans in the contemplated cost of the
building as now ordered. The plans
were authorized by the board and
they should see that the expense is
met in some other way than by tak-
ing it out of the building for which
Auburndale is fully entitled.The health department are to be
commended for their prompt and en-
ergetic measures with the recent case
of small-pox. Success to their labors.The formal acceptance of the Boyl-
ston street franchise marks the begin-
ning of an improvement of great
value to the entire city.How many will envy the duty of
the agent of the board of health in
conveying that small-pox case to the
Hospital?

Are you vaccinated?

City Hall Notes.

Notices containing the following
have been conspicuously posted by
the board of health: "In view of the
increasing prevalence of small-
pox in our immediate vicinity the
board of health strongly urges that
all persons be vaccinated at once.
This is the season when small-pox is
likely to be epidemic. Protect your-
self by immediate vaccination."Mayor Pickard has returned to his
desk and is hard at work on the bud-
get for 1902.Miss Hattie A. Ross has resigned
her position with the City Clerk and
has entered the office of the Newton
Centre Trust Co. Mrs. Tarbox is
temporarily filling the vacancy.The sewer committee had an outing
on Wednesday and inspected the in-
teresting work at the tunnel in Hem-
lock Gorge.The Board of Health had a regu-
lar meeting last Monday night.
Chairman Curtis is expected home next
week.The street department has finished
the state road on Needham and Win-
chester streets.The proposals for the new Mason
school house will be opened next
Tuesday afternoon.

Registration closes next Wednesday.

Clubs and Lodges.

Department Inspector Miss Katherine
Flood of Mrs. A. E. Cunningham
Tent, D. of V. will inspect the Fitch-
burg tent this evening, the Cambridge
tent next Tuesday evening and the
Leominster tent next Wednesday
evening.There was a good attendance at the
meeting of Riverdale Lodge, N. E.
O. P., held Monday evening in So-
ciety hall on Auburn street, Auburndale.
A home meeting will be held

tends to start a car from Nonantum
square, Newton, Saturday evenings
of concerts at 7.15 o'clock. Leave
hall after concerts from the Hunting-
ton avenue side. Cars marked Sym-
phony Hall in front.

Charles Laurie.

Charles Laurie was born January
16th, 1836, at Grahamslaw, Parish of
Eckford, Roxburghshire, Scotland,
and came to Montreal with his father,
James Laurie, in infancy. He started
in life for himself at 14 by securing
a position to learn bookbinding in
Duane street, New York City, at \$1.50
per week. When but still a youth a
representative of Case, Lockwood &
Co., Hartford, Conn., came to New
York for an expert workman, and
was incredulous when young Laurie
was recommended. The young man's
confidence and the testimonials of his
employer prevailed and he went to
Hartford, proving fully equal to all
demands. Always fervently patriotic
toward his adopted country, at the
opening of the Civil War he enlisted
in the 12th Conn. Vols. and reached
the rank of first lieutenant for gal-
lantry and efficiency. He was cap-
tured on board the gunboat "Diana"
on the Red River and held a prisoner
for the Confederates in Texas for
sixteen months, suffering untold
hardships. He was exchanged, and
when his strength allowed rejoined
his regiment and took part in Sheri-
dan's memorable Cedar Creek Cam-
paign.After his three years of military
service he returned to his occupation
of bookbinding; this time with the
Riverside Press, Cambridge, with
which he was connected for seventeen
years, during the latter part of which
time he was foreman of the bindery,
and no man in charge of others was
ever more warmly esteemed by those
about him. He was honored as a citi-
zen in Cambridge by membership in
the Common Council. Mr. Laurie's
reputation as a master of the binding
craft led to the offer of a partnership
in Philadelphia, which he felt that
he ought to accept, and he accord-
ingly removed to that city. This, how-
ever, was not for long as the late Ed-
win Fleming was in need of a com-
petent and reliable younger man to
aid him in developing his business.An agreement was soon reached
whereby Mr. Laurie became junior
partner in the firm of E. Fleming &
Co. Mr. Fleming's sound judgment
in his choice was speedily proved by
the remarkable growth and continued
prosperity of this business house.
Upon the death of Mr. Fleming, Mr.
Laurie succeeded to the senior part-
nership at the necessary reorganization,
and continued in active busi-
ness as long as his strength allowed
him to reach his office. Under his
management the firm extended its
operations to joining, in connection
with Messrs. J. S. Cushing & Co.,
Compositors, and Messrs. Berwick
& Smith, Book Printers, in organizing
the famous "Norwood Press," in
many respects the finest, most exten-
sive, and best equipped book-produc-
ing establishment in the world. He
came to West Newton to reside ten
years since.For a period of two years it had
been noticed that Mr. Laurie showed
hardly his usual robust vigor, and
last spring he took a voyage to Europe
hoping that the change might serve
in place of the vacations which he had
never allowed himself time to take.
The season proved unfortunate for
traveling and a serious illness on
board the steamer, upon his return
left him the worse for what was hoped
to be a benefit. Later symptoms of
an incurable organic complaint ap-
peared, and the best medical skill
could not prevail to check its progress,
and he passed from earth Oct. 5th.
He bore his intense sufferings with
the greatest fortitude and never ceas-
ed to think for others in his deep
pain. He was hopeful to the last,
but resigned to his inevitable fate
might see fit to lay upon him.Charles Laurie was one of nature's
noblemen, and his was one of those
white souls that can pass before their
Maker with nothing to doubt and
nothing to fear. His word was as his
bond whatever the result might be
for himself, and his conduct and con-
versation were free from stain. He
had a winsome power of drawing men
to him, and retaining the esteem of
their best qualities. His kindness
was unfeigned, not only in his family
but toward all with whom he had to
do, and he was never able to take
summary measures with any one em-
ployed by him, no matter how suffi-
cient the reason, without the keenest
regret, and a great number will mourn
him with the sorrow of a personal
bereavement.Mr. Laurie had none of the self-
assertiveness so often held to be charac-
teristic of a successful self-made
man, but was modest and retiring at
all times. He preferred his home to
organizations and was as intelligently
appreciative of the matter of books
as of their style. His worth as a man
deserved every word of the many
touching tributes to his memory.The last rites were held from his
late residence, Tuesday, Oct. 8th, and
the roomy house could hardly contain
all who desired to pay respect to bene-
factor and friend. The services were
conducted by Rev. E. D. Burr of the
Newton Centre Baptist church, assisted
by the Rev. O. S. Davis of the
Central Congregational church of
Newtonville, who read most effective-
ly the selection from Sir Edwin
Arnold's "Light of Asia," entitled
"After Death." The Herbert Johnson
Quartet finely rendered "Asleep in
Jesus," and other selections. The
tribute of Mr. Burr to the sterling
character of the departed was as elo-
quent as just and profoundly im-
pressed all present. Among the pro-
fusion of floral offerings were two of
special prominence and fullness of
meaning: One from the employees
of the bindery of E. Fleming & Co.,
the Boston, a massive arch with open
book and dove hovering over. The
other a large floral press containing
a book mark "Finished," a gift of
those employed at the Norwood Press
bindery, to an employer who was
never regarded as other than a friend.
The pall bearers were from his im-
mediate business associates; his
three partners, Messrs. Charles T.
Baker, Charles B. Fleming and Samu-
el M. Fleming; Mr. George H. Ellis,
of George H. Ellis & Co., Mr. James
Berwick of the Norwood Press, and
Mr. Fred D. Irish of Dana Estes &
Co. Interment in Newton cemetery fol-
lowed. He leaves a widow and an
only daughter, Mrs. W. F. Gregory
of Newtonville.

change and Auction Board, No. 7 Exchange
Place, in the City of Boston and County of
Middlesex, for breach of the condition of
said mortgage and for the purpose of foreclosing
the same, on Monday, the twenty-eighth day
of October, 1901, at twelve o'clock noon, all and
singular the premises conveyed by said mort-
gage deed and therein described substantially as
follows, to-wit: A certain parcel of land with
the buildings thereon situated in that part of
Newton, in the County of Middlesex and Com-
monwealth of Massachusetts, which is called Walnut
place, being lot four hundred thirty-one (431) on a
plan entitled "Plan of land of Walnut Village,
Newton, Mass.," made by Ernest V. Woodruff,
dated 1890, and recorded in Middlesex So. Dis-
trict Registry of Deeds, book of plans 71, plan
40, and bounded: Northerly by Walnut Avenue
One hundred (100) feet; Westerly by lot Four
hundred thirty-two (432) on said plan, One hun-
dred twenty-four and seventy-nine hundredths
(24.79) feet; Southerly by lot four hundred thir-
ty-five (435) on said plan, eighty-two and thirty-
eight hundredths (82.38) feet; Easterly by lot
six hundred forty-two (642) on said plan, one
hundred nine and twenty-seven hundredths
(109.27) feet. Containing 11,518 square feet and
subject to the restrictions mentioned and set

Commonwealth of Massachusetts

PROBATE COURT.

MIDDLESEX, ss.
To the heirs-at-law, next of kin, and all other
persons interested in the estate of Alice F.
Jones, late of Newton in said County, es-
cated.WHEREAS, a certain instrument purporting
to be the last will and testament of said deceased
has been presented to said Court, for Probate,
by Mary F. Jones, who prays that letters testam-
entary may be issued to her, the executrix
therein named, without giving a surety on her
official bond.You are hereby cited to appear at a Probate
Court to be held at Cambridge, in said County
of Middlesex, on the fifth day of November, A. D.
1901, at nine o'clock in the forenoon, to show
cause, if any you have, why the same should
not be granted.And said petitioner is hereby directed to give
public notice thereof, by publishing this cita-
tion once in each week, for three successive
weeks, in the Newton Graphic, a newspaper
published in Newton, the last publication to be
one day, at least, before said Court, and by
mailing, postpaid, or delivering a copy of this
citation to all known persons interested in the
estate, seven days at least before said Court.
Witness, CHARLES J. McNEIL, Esquire,
First Judge of said Court, this eighth day of
October, in the year one thousand nine hun-
dred and one.

NEW WALL PAPERS

We have just received a large
invoice of choice

JAPANESE WALL PAPERS

NEWTONVILLE.

—Mr. and Mrs. Folsom have moved to Dedham.

—Read Clapp's adv. of boots, shoes and rubbers.

—Mr. and Mrs. E. B. Kicketson have moved to Newton.

—Read about the new custom corset parlors on the first page.

—Mr. and Mrs. Robie have moved into the Atkins house on Highland terrace.

—Miss Mary A. Harrington of Edinboro street has returned from Richmond, Me.

—Mills undertaking rooms, 813 Washington st. Tel. 445-5. Formerly with G. H. Gregg.

—Mr. George W. Bishop and family of Walnut street left Wednesday for a trip to New York.

—Mr. Morton of Chicago has leased the Lucas estate on Crafts street and will move in at once.

—Mr. Albert E. Hatton of Payne's pharmacy has returned from a visit to Bucksport, Me.

—Mr. Louis Pulsifer of Birch Hill road, who has been abroad several years, has returned home.

—Mr. and Mrs. F. S. Rollins of Walnut street have returned from their summer home in Nantucket.

—Mr. and Mrs. Joseph C. Hagar of Washington park are receiving congratulations on the birth of a son.

—Mr. F. F. Raymond and Miss Marion Raymond of Otis street have returned from Moosehead Lake, Me.

—Mr. S. C. McLaughlin and family of Cleveland, Ohio, are occupying the Putnam house on Highland park.

—Mr. James Dewar of London has been in town the past week the guest of Mr. A. Fred Brown of Walnut street.

—Rev. O. S. Davis of Lowell avenue leaves Monday to attend the National Council meeting in Portland, Me.

—The Odd Fellows' Building Association of Newton Highlands holds a fair in its building Oct. 28th, 29th and 30th.

—Your attention is called to C. C. Clapp's advertisement on this page of Fall and Winter boots, shoes and rubbers.

—Mrs. Annie Branson of Portsmouth, R. I., is the guest of Mr. and Mrs. Albert T. Sisson of Edinboro circle.

—Mrs. F. B. Stevens and family of Birch Hill road returned Saturday from New Hampshire, where they spent the season.

—At a song recital given in Steinert hall, Bath, Me., last week, Miss Catherine R. Hooper was a great success in "Monologues."

—The next regular meeting of the Lend-a-Hand will be held Wednesday afternoon with Mrs. L. H. McLain on Grove Hill avenue.

—Mr. D. M. Leonard, who has taken up his residence on Albemarle road, is private secretary to the acting president of the Boston and Albany.

—The Newton Education Association is to hold a meeting and reception in the New Church parlors on Highland avenue, Thursday evening, Oct. 17.

—Mrs. A. E. Hooper and family who have been spending the season at their summer home in Bath, Me., are now at their Austin street residence.

—The rooms of the Associated Charities will be closed for two weeks, beginning Monday, Oct. 14th. Mrs. Mary R. Martin, the secretary, will enjoy a vacation.

—Mrs. George Dunham, who has been ill at the Newton Hospital for several weeks returned to her home on Court street, Friday in much improved health.

—At a recent meeting of the preparatory school football association R. J. Leonard was elected vice-president and C. B. Cotting and E. M. Richards members of committees.

—The corner window in Mr. Frank L. Tainter's news store is finely decorated with a representation of the Ship of State. The background is of black and the effect is decidedly striking.

—Miss Grace Carter was one of the soloists at the fall field day and memorial service of the Ancient and Honorable Artillery Company held Monday afternoon at the Old South church, Boston.

—The first regular meeting of the History Club for the season was held last Wednesday evening at the residence of Prof. J. B. Taylor on Lowell avenue. The topic considered was "The Norsemen in Massachusetts."

—The Columbia Whist Club held the first meeting of the season Monday afternoon at the residence of Mrs. L. F. Norman on Lowell avenue. Prizes were won by Mrs. Soule, Mrs. McMann and Mrs. William Rogers.

—Mr. and Mrs. Henry C. Fisher have issued invitations for the marriage of their daughter Mabel to Mr. John Arthur Collins, Jr., on Wednesday evening, Oct. 16th, at eight o'clock, at the Universalist church.

—An enjoyable event was the second Ladies' Night held in Denison hall, last Friday evening by the Young Men's Association. About 100 couples were present. From 8 o'clock until 10, there was an orchestral promenade, and a fine program of dances. At 10 o'clock refreshments were served, after which dancing was continued until 1 o'clock. Mr. F. A. O'Sullivan was floor director, and he was assisted by Mr. Dennis M. Ryan, and the following aids, Chas. McCarthy, Jas. J. Kenslea, Geo. A. Stuart, Geo. M. Mills and John F. Dunn.

To Buffalo and Return on the Boston & Albany for \$7.50

Five days of travel and sight seeing. A great popular excursion fitting any purse to the Pan-American during its grandest days. Leaves South Station, Boston, 8.30 a. m. or 6.00 p. m. Thursday, Oct. 17, returning on or before 9.30 p. m. train Tuesday, Oct. 22. Tickets on application.

WEST NEWTON.

—Read about the new custom corset parlors on the first page.

—Mr. George B. Strong of New Bedford will make his home on Washington street.

—Mr. Paul Fitzpatrick of Waltham street has returned from a trip to Washington, D. C.

—Mr. and Mrs. Harry L. Burrage of Sterling street have returned from a trip to New York.

—Mr. H. P. Patterson of Newton Highlands has rented the Anders house on Otis street.

—Mrs. J. M. Hastings and Miss Agnes Hastings of Temple street are back from a European trip.

—The Newton Veteran Firemen's Association will be represented at the muster to be held next Saturday in Marlboro.

—Dr. John T. Prince of Temple street was one of the speakers at the teachers' institute at No. Attleboro, on Tuesday.

—Mrs. J. L. Gow, who has been the guest of Mrs. A. K. Tolman on Hunter street, has joined Mr. Gow at Annapolis, Md.

—Mr. and Mrs. Arthur F. Luke of New York have been the guests a part of the week of Mr. Luke's mother on Prince street.

—Dr. Albert Nott attended the semi-annual meeting of the Middlesex South District Medical Society at Waverley on Wednesday.

—Mr. Elijah A. Wood, who is grand herald of the Odd Fellows, attended the anniversary celebration of Standish Lodge in Rockland, last Saturday.

—Mr. and Mrs. George H. Ingraham and their son, Donald, have returned from their summer home at Rindge, N. H., and are at their Chestnut street residence.

—Fanny R. Dowse has purchased of Edward B. Towne and another a tract of land on Temple street, near Commonwealth avenue. The lot contains 154.149 feet and the selling price was \$16,000.

—At a business meeting of the Massachusetts Horticultural Society, held in Boston, last Saturday, Mr. E. W. Wood was elected a member of the committee on lectures and publication and Mr. William C. Strong a member of the finance committee.

—Mr. and Mrs. Willard P. Plimpton quietly observed their 50th wedding anniversary at their home on Chestnut street, last Wednesday. Many friends called during the afternoon and evening to offer congratulations and they were the recipients of numerous appropriate presents.

—At 8.30 Wednesday morning an alarm was rung in from box 35 for a fire in the dwelling at 65 Border street, occupied by James Spikes and family and owned by Gustave Guenther. One of the Spikes children, it is said, was playing with matches in a chamber on the second floor when the bedclothing became ignited. Damage about \$200.

—The funeral of Mr. John Mead was held from his late residence on Austin street last Saturday afternoon and was largely attended by relatives and friends. The floral tributes were numerous and of beautiful design. The simple but impressive service was in charge of Rev. Julian C. Jaynes, pastor of the Unitarian church, and a brief eulogy was given by Mr. Holmes, a former business associate of the deceased. The remains were removed to Mt. Auburn cemetery.

High School Notes.

The first social meeting of the Tau Tau Tau 1903 will be held Wednesday afternoon at the home of Miss Bernice Leach.

A business meeting of the Q. E. R. 103, was held on Friday afternoon at the home of Miss Sibyl Stone. The following officers were elected: President, Miss Yolande de Vignier; secretary, Miss Margaret Noyes; vice-president, Miss Margaret Noyes; secretary, and treasurer, Miss Kathleen Drew.

A business meeting of the Tau Beta Delta 1903, was held on Friday afternoon at the home of Miss Jessie Gould. The following officers were elected: President, Miss Lucille Zeis; secretary and treasurer, Miss Lillian Ware. The first social meeting of the year is to be held Friday, Oct. 18, at the home of Miss Esther Ely.

Newton High defeated Cambridge High Friday on the Cedar street grounds by the score of 22-0.

Newton meets Boston English High on Friday afternoon at 3.30, on the Cedar street grounds. Admission 15 cents.

The freshmen eleven defeated a scrub team by the score of 6-5 Saturday morning on the Cedar street grounds.

Death of John F. Crosby.

The death of Mr. John F. Crosby, son of Mr. Geo. W. Crosby, formerly of Eldredge street, comes as a shock to his many friends in this city. Death was the result of typhoid fever and occurred on Wednesday morning.

John F. Crosby was born in Boston, but lived nearly his whole life in Newton. He entered the Newton High school but finished his preparation for Harvard at Mr. Cutler's school. Graduating at Harvard in 1894, he entered the Harvard Law school, was admitted to the Suffolk bar in 1896, after only two years' study, and graduated from the law school in 1897. He was in the office of Smith & Ludden for one year, after which he formed a partnership with Mr. H. C. Fabyan, with offices at 31 Milk street. Since his mother's death he had continued to reside with his father on Eldredge street until a few weeks ago, when they removed to the Hotel Mountfort, Boston.

He was a popular member of the Bunnell Club and was one of the most skillful whist players in that organization. His death in early manhood closes a life of great promise in his chosen profession, where his ability and character were already attracting attention.

REGISTRATION

OF

VOTERS

For Elections

OF

1901

Chapter 548, Acts 1898.

City of Newton
State Election, Tuesday,
Nov. 5,
City Election, Tuesday
Dec. 10.

Chapter 548, Acts 1898.

Notice is hereby given that the Registrars of Voters, commencing Tuesday, October 1, 1901, will hold daily sessions for revising and correcting the Voting List and to register Voters, at the City Clerk's office, City Hall, as follows, viz: 8.30 A. M. to 12 o'clock M.; 2 to 5 o'clock P. M. except on Wednesday, October Sixteenth, as hereinafter stated, and except Saturdays, when the hours are from 8.30 o'clock A. M. to 12 o'clock M.; also from 7.30 to 9 o'clock in the evening upon the following dates and at the places herein named:

Newton Lower Falls—Freeman Hall, Tuesday, October 1.
Nonantum—Nonantum Club House, Wednesday, October 2.
Newton—Armory Hall, Thursday, October 3.
Newton Upper Falls—Voting Booth, Pettes Street, Friday, October 4.
City Hall—Saturday, October 5.
Auburndale—Taylor's Block, Monday, October 7.
Newtonville—Room 8, Central Block, Tuesday, October 8.
City Hall—Wednesday, October 9.
Waban—Waban Hall, Thursday, October 10.

Chestnut Hill Club—Middlesex Road, Friday, October 11.
Newton Highlands—Stevens' Hall, Saturday, October 12.
Newton Centre—Bray's Block, Tuesday, October 15, from 7.30 to 9.30 o'clock P. M.

Also at City Hall, Wednesday, October sixteenth, from 12 o'clock M. to 10 o'clock P. M., "which is the last session preceding the election, November fifth, and thereafter the Registrars will not, before the election, add any names to the Register, except the names of voters examined as to their qualifications since the preceding thirtieth day of April.

Every male person whose name is not on the Voting list as posted must, in order to be registered as a voter, appear in person before the Registrars of Voters, at either of the sessions above mentioned, presenting a certificate from the assessors or tax bill or notice from the collector of taxes showing that he has been assessed for a poll tax as a resident of the city on the preceding first day of May.

All women whose names are not on the lists and who wish to register must appear in person before the Registrars of Voters, to be qualified as required by law.

All naturalized citizens must present their final papers when they register.

If the father of an applicant was naturalized before he (the son) became 21 years of age the son is naturalized thereby, and must present the fathers naturalization papers.

Every male citizen of 21 years of age and upwards who has resided in the state one year, and in the City of Newton six calendar months next preceding the State Election November 5, 1901, and who shall be able to read and write, shall have the right to vote at said State Election.

GEORGE H. BOURNE, Chairman.
HENRY H. FANNING,
SETH C. STEVENS,
ISAAC F. KINGSBURY, Clerk
Registrars to Voters,
City Hall, Newton, August 29, 1901.

Genealogy and Heraldry.

Crests, Monograms, Emblems, Seals and Coat of Arms designed, painted and illuminated. Ancient Family Seals or Coat of Arms traced to the original record and grant in England, Scotland, France and Germany. Expert Genealogy researches a specialty. Engraving on steel, copper, and stone. Book plates a specialty. A. B. MACPHERSON, 345 KENNEDY ST., BOSTON, opp. Public Garden entrance to Subway.

Transmission of Sound.

A striking example of the magical effects capable of being produced by any one conversant with the laws of sound was shown by the late Professor Tyndall in one of his lectures. He placed on the floor of the room an ordinary guitar. No one was near, and yet some unseen hand drew sweet music from it so that all could hear. The guitar was replaced by a harp, with the same result. A wooden tray was then substituted, and even from that issued mysterious harmonies.

The marvelous effect was simply due to the sound conducting quality of wood. In a room beneath and separated by two floors was a piano, and connecting the rooms was a tin tube containing a coil of wire, the end of which emerged from the floor. The rod was clamped by rubber bands so as to close the tube, and the lower end of the rod then rested on the sound board of the piano. As the guitar rested upon the upper end of the rod the sounds were reproduced from the piano, and when the sound board of the harp was placed on the rod it seemed as though the actual notes of the harp were heard, the notes of the piano being so like those of the harp.

As the professor said, "An uneducated person might well believe that witchcraft was used in the production of this music."—Chambers' Journal.

A Far Look.

Three visitors traveling in the Isle of Man thought they would visit Snafell, the king of Manx mountains. When walking up toward the mountain, they espied an old shepherd coming toward them. They thought they would take a rise out of him, so one accosted him, saying:

"They tell me, old man, you can see England, Scotland, Ireland and even as far as America from the top of this mountain."

"Oh, yes," said the old man. "If you will come with me, I will show you much further than America."

So, chuckling to themselves, they decided to follow him. After trudging for about half an hour up the mountain side in a boiling sun they began to feel rather fagged and kept asking the shepherd how much further they had to go.

He kept urging them on a little further until at last the three visitors lay down on the grass and said they would go no further for any night.

"Now," said the old man, "if you will sit here long enough you will see the moon."

The Tanning Process.

The slowness of the process of tanning is largely due to the difficulty with which the tannin penetrates into the hide. As the penetration progresses the outer part of the hide becomes converted into leather and is thereby made impervious; consequently the rate of penetration decreases. Months of soaking in the tan pit are therefore necessary for thick hides. Many attempts have been made to hasten this absorption of tannin by hide. The methods used include circulating the tan liquor so that fresh portions are continually presented to the hide, forcing the liquid through the hide by pressure and using strong aqueous extracts of tanning materials.

It has been sought to attain the same object by passing a current of electricity through the vat in which the hides are suspended. One such process has been found to shorten the time of tanning to a quarter of that necessary when no current is used, and the leather is said to be unexceptionable.—Electrical Review.

The Eskimos.

The old tradition that the Eskimos are a people of small stature is without foundation. On the contrary, in Labrador, Baffin Land and all around Hudson Bay the height of the men is probably above rather than below the average of the human race; but, as a rule, the women, although very strong, are considerably shorter than the men. They are brave, industrious, provident and communicative, in all of which characteristics they contrast with the northern tribe of Indians.

A Wonderful Echo.

Many wonderful echoes are known, but the one which takes the first place seems to be that of the old palace of Simonetta, near Milan, which forms three sides of a quadrangle. The report of a pistol is said to be repeated by this echo 60 times, and Addison, who visited the place on a somewhat foggy day, when the air was unfavorable, counted 50 repetitions. At first they were quick, but the intervals were greater in proportion as the sound diminished.

A Corn Plaster.

A medical publication gives the following formula for a corn plaster: Take of purified ammonia and yellow wax, each two ounces; acetate of copper, six drams; melt the two first together over the fire, and after removing from the fire add the verdigris just before it grows cold. Spread the mixture on soft leather or linen, pare away the corn and apply the plaster. Keep it on a fortnight and then renew it.

Changing the Subject.

An original method of closing a conversation was adopted by a host at a dinner party the other day. A young man had turned it to a topic which he did not care to discuss, and angry glances failed to make any impression. "Now, then," said the host at last, "let's change the conversation. For what we have received," etc.—London Globe.

Patience.

Her Mother—You must be patient with him.
The Bride—Oh, I am. I know it will take time for him to see that he can't have his own way.—Puck.

One Way to Boil a Ham.

The following is the recipe of the famous John Chamberlin of Washington for boiling a ham:

"To boil a ham in a Chamberlin, the night before put the ham in a tub of cold water, flesh part downward, skin part up. Next morning put the ham in a large kettle or pot of cold water to boil. Let the water get hot gradually and continue to cook the ham in a slow boil, scarcely more than a simmer. At the end of five hours take the ham out, throw the water out of the pot and fill it with fresh cold water. Put the ham back immediately and let it simmer or boil slowly five hours more. Then add, according to the size of your purse, a gallon of vinegar or a gallon of claret or burgundy or champagne; then simmer or boil for three hours more. Then take the ham off, skin it and put in a cool place. Next morning trim it and eat when you are ready.

"To prevent the ham from tearing or the water suddenly boiling too fast it is always safe to sew a piece of cotton cloth tightly around the ham so as to fit as close as a glove. This will keep the meat firm and guard against the neglect of the cook in letting the water boil too fast."—New York Herald.

A Clever Woman's Answer.

"Do you not consider your husband the most graceless sinner in existence?" This question was asked the wife of a gay Lothario by a rival for his affections while playing a game called "candor."

The stillness became intense and every pair of eyes grew rounder as those present looked from one woman to the other. It was the husband's voice that broke the silence.

"Your question is out of order, Beatrice," he said quietly. "It is a rule laid down in courts of law that a woman is not required to testify against her husband."

In the confusion that followed as the game broke up the man sought his wife's side. "What should you have replied to the query of the fair Beatrice if I had not come to your rescue so neatly?" he demanded.

"I should have said you were a sinner, yes, but a graceful rather than a graceless one."—Lippincott's.

Slow but Inexorable Justice.

In October, 1900, Pietro Giacconi and Marie Bonelli were tried at Rome on a charge of sextuple murder by poisoning committed 31 years before. In England Eugene Aram was hanged for the murder of Clarke 14 years after the offense. A man named Horne was executed for the murder of his child in the eighteenth century no less than 35 years after the offense. There is also the well known case of Governor Wall, who was executed in 1802 for a murder committed in 1782. Sherward was hanged at Norwich for the murder of his wife after a lapse of 20 years.

But Sir Fitz James Stephens recalls what is the most remarkable case of all. He prosecuted as counsel for the crown in 1863 a man who was charged with stealing a leaf from a parish register 60 years before—that is, in 1803. In this case the prisoner was acquitted.

The Strength of a Shark.

Given special advantages, such as that of holding the end of a stout rope at the other extremity of which is a book fixed in a shark's mouth, man may, with the assistance of a number of his fellows, have the best of the shark. But alone and in the water the advantage is wholly and absolutely the other way, and the strongest swimmer and the bravest heart fall when the tyrant of the sea seeks to make his acquaintance.

The shark is a creature gifted with great strength, a savage temper, dogged perseverance and exceptional power of jaw. The lion and tiger may mangle, the crocodile may lacerate, the bulldog may hold fast—the shark alone of living creatures possesses the power of nipping off a human limb at a clean bite.

Order of the Sword.

Among the many curious notions obtaining among the different races using the sword may be noted the gender of the weapon. In the north of Europe it was either masculine, as in Britain, or neuter, as in Germany, while in the south it was uniformly feminine. Its force and cruelty appealed to the northern mind. Its grace and elegance attracted the warriors of the sunny south. It typified to the one strength, to the other dignity.—Exchange.

Poor Meekton.

"Henrietta," said Mr. Meekton, "do you remember the moonlight evening when I asked you to marry me?"

"I trust, Leonidas, that you are not going to become sentimental and silly."

"Not a bit of it. But I often recall the occasion with interest. I can never quite understand how I managed to talk so familiarly to you without seeming impudent."—Washington Star.

All Cork.

"There goes a man with two cork legs. You'd never think it, would you?"

"Go away! Didn't I just see him running across the street like a deer to catch that street car? He couldn't do that with cork legs, could he?"

"Certainly, if, as happens to be the case, he was born in Cork."—Boston Courier.

Timely Warning.

Proprietor—I am satisfied with your work, Pusher, and I will raise your salary from \$10 to \$12 a week; but, mind, that does not mean that you must go and get married on the strength of it.—New York Times.

Written Chinese is practically uniform throughout the empire and has hardly altered during the whole course of Chinese history. The spoken language, on the other hand, is constantly changing.

A Joke on a Professor.

Among some intensely amusing college scraps told by "A Graduate" in The Ladies' Home Journal is the story of a certain professor not much liked by his pupils who was to be married. The lady lived in Cleveland. And the students that loved (?) him were not of course invited. But they determined that in some way he should hear from them. And he did. On the day appointed the professor took the train at 10 a. m., due to arrive at Cleveland at 12:30 p. m. About 11 o'clock Jim Townsend rushed to the telegraph office and sent off this dispatch:

"Chief of Police, Cleveland: Man coming on train No. 6, tall, well dressed, frock coat, silk hat, side whiskers. Escaped lunatic. Hold. Shrewd, therefore beware. Strange case. Will say name Plinall. Mistake. Thinks he is professor in a college. Delusion. Escort to home of friends at No. — Euclid avenue."

This message reached its destination long before train No. 6 reached Cleveland, so that when Professor Plinall alighted it was to walk straight into the custody of three detectives. They would listen to no words of reason, but escorted him out to the house on Euclid avenue, the home of his intended bride.

The Earth's Bendings.

Little bendings are in progress all the time the world over. The "immovable" hills are bowing and scraping to each other constantly. Every evening, as the dew settles in the valleys between them, they nod to one another. So likewise do the mountains, even to a greater extent. Gravity is tugging all the time.

And in London, too, where earthquake sensations are practically unknown, the earth bends daily, and the buildings, like the hills and the mountains, nod to their friends opposite when the morning traffic begins. On Sunday usually the manners take a rest excepting in such places as Petticoat lane, where business flourishes in as lively a fashion as in Paris.

Helme said that even the trees made obeisance to Napoleon I when he entered Berlin. This was imaginative, yet truthful, for the weight of the crowd along Unter den Linden made a tilting sufficient for Professor Milne's pendulums to have recorded distinctly. One might say the crust of the earth acts like a steel spring. It bends so easily.—Everybody's Magazine.

How to Learn to Like Pictures.

The following suggestions, if you please, are not from an artist nor even from a connoisseur, the writer being nothing more than an ordinary picture lover. In general the principle to be followed is to get as much in an atmosphere of pictures as possible. Always go to the museums when you are traveling, and if you live near enough make occasional picture visits to Boston, Chicago or New York. Do not make the mistake of staying too long in a gallery. You only tire yourself. Half an hour is quite long enough. But do not endeavor to look at every picture in the gallery in that time. Look long at a few good ones and let those you look at be those you like or at least those which you prefer above the others. Also ask yourself why you prefer them. Always get a catalogue. Sometimes the pictures are not marked, and you as a student want always to know the painter of your picture.—Frederic M. Smith in Woman's Home Companion.

Whale Houses.

At one time not very long ago there was on the Lancashire coast, near Lytban, England, a cottage and boat-house that were made almost entirely from the remains of a score or so of whales that had been driven ashore some years before. The framework of the edifice consisted wholly of whalebone, and the dried skins of the huge creatures were neatly and strongly fastened as a covering for walls and roof. There is another building of exactly the same kind at Peterhead, in Scotland, and in this case the skulls of the whales and some of the heavier bones are used with great effect as outside ornaments.

Looked Like Economy.

Uncle Hiram (Just back from the big city) I don't think that nephew of ours is got as much money as he makes out he has.

Aunt Emily—Why, I thought you said he had such a nice home in the city.

Uncle Hiram—But I didn't tell you nothing about him havin both them little girls o' his'n playin on the same piano at once. I tell ye he's a-gettin hard up.—San Francisco Chronicle.

Crude Petroleum.

From crude petroleum are made kerosene, gasoline, naphtha, paraffin and vaseline. A still heavier oil, left as a residue, is used for axle grease, and the carbon is turned into sticks for electric lights. The sulphuric acid which is used for purifying the products of petroleum is recovered and turned into fertilizer for farms where there is too much phosphate rock, which is thus dissolved.

Writing For Money.

Fond Father—Yes, my boy at the variety has written several articles for the magazines.

Friend—But he's not a professional writer, surely?

"What do you mean by 'professional'?"

"Why, he doesn't write for money?"

"Doesn't he? You ought to see some of his letters to me."—Exchange.

Men who though slight, yet reach the chest standard, are preferred as recruits in the British army to those that are stout, the former being considered to possess the better frame.

Butterflies are said to be very sleepy headed. They go to bed early and get up late.

State Political Dates.

Oct. 14—Nomination papers for offices to be filled by the voters of the Commonwealth must be filed at the office of the secretary of the Commonwealth before 5 p. m.

Oct. 15—Last day for calling conventions for nominations of candidates for State offices, other than those to be filled by all the voters of the Commonwealth, must be called before 5 p. m.

Oct. 16—Last day for registration in all cities. Upon this day every registry of voters must be kept open from 12 o'clock noon (in Boston from 9 a. m.) until 10 p. m. when registration must cease.

Oct. 17—Certificates of nomination for State offices, other than those to be filled by all the voters of the Commonwealth, must be filed at the office of the secretary of the Commonwealth before 5 p. m.

Oct. 18—Nomination papers for offices, other than those to be filled by all the voters of the Commonwealth, must be filed at the office of the secretary of the Commonwealth before 5 p. m.

Oct. 22—Last day for filing complaint against incorrect and illegal registration in cities.

Nov. 1—Last day for filling vacancies among election officers.

Nov. 5—State election.

Ivers & Pond Pianos.

These well-known pianos embody the experience of half a century of scientific piano building. Over 250 American Educational Institutions use Ivers & Pond Pianos which from their staunch and unique construction excel all others in tune-staying and wearing properties. To meet a popular demand for reliable new pianos at prices lower than the Ivers & Pond this company have bought several carloads of trustworthy instruments which they now offer for sale at \$200 to \$275 fully warranted. The Ivers & Pond rental purchase plan makes a piano possible for everyone. A little down and a little monthly and before you know it the piano is yours. Catalogues free by addressing Ivers & Pond Piano Co. 114 Boylston Street, Boston.

"My Family Doctor."

Blue Island, Ill., Jan. 14, 1901.
Messrs. Ely Bros.—I have used your Cream Balm in my family for nine years and it has become my family doctor for colds in the head. I use it freely on my children. It is a God-send to children as they are troubled more or less.

Yours respectfully, J. Kimball.
Judge for yourself. A trial size can be had for the small sum of 10 cts. Supplied by druggists or mailed by Ely Brothers, 56 Warren St., New York. Full size, 50 cts.

A Word to the fathers—If there were fewer fatted calves there would be fewer prodigal sons.—October Smart Set.

What's Your Face Worth?

Sometimes a fortune, but never if you have a sallow complexion, a jaundiced look, moth patches and blotches on the skin,—all signs of Liver Trouble. But Dr. King's New Life Pills give Clear Skin, Rosy Cheeks, Rich Complexion. Only 25 cents at Arthur Hudson's Drug Store.

Y. M. C. A.

Beginning October 13th, the parlor and reading rooms of the association will be open Sunday afternoons from 2 to 5 o'clock.

Great preparations are being made for a fair to be held in the association rooms, under the auspices of the Ladies' Auxiliary, Nov. 5, 6, 7.

The attendance of the gymnasium classes for the past week was respectively 32, 24, and 26.

The Twentieth Century.

The advent of the new century is to be commemorated by the Newton GRAPHIC in the publication of a handsomely bound volume, entitled, "Newton, The Garden City of the Commonwealth, 1874-1901." It will contain valuable and interesting historical matter, fully illustrated with half-tone engravings of churches, schools, residences, street views, parks, etc. The history will tell of leading events, characters and progress of the city, and the many advantages of Newton as a beautiful and desirable place of residence will be fully shown. The volume will also contain portraits and biographies of representative men who, in their lives, their work or their influence have made Newton of to-day the garden city of the Commonwealth and of New England.

It is believed that such a work will commend itself to the citizens of Newton as bringing together a carefully collated record of the lives of men who have contributed to the welfare of our city; men of whom we are justly proud as educators, lawyers, physicians, clergymen and men of affairs.

Such a publication at this time will give to the present, an up to date account of the city and will bequeath to the future a legacy of what Newton was at the beginning of what promises to be a most remarkable century.

We are exclusive agents for a modern hotel at Buffalo, within 5 minutes of Pan-American Gates, in the most fashionable residential district. Hotel is newly furnished throughout and terms are reasonable. Full information at Graphic office.

Phonographs.

An inferior talking machine with thin running records is enough to make a musical ear distracted. If you are interested in securing a first class instrument with clear and natural toned records, I would be pleased to give you the benefit of several years' experience in handling phonographs, gramophones, etc. Prove this by giving me a trial. Call or address Mr. E. Harwood, 194 Church street, Newton.

All good things are limited. When you buy Butter Thin Biscuit see that the name Kennedy is on the package—evidence of goodness. In Inferior Patent Packages.

Stepped Into Live Coals.

"When a child I burned my foot frightfully," writes W. H. Eads, of Jonesville, Va., "which caused horrible leg sores for 36 years, but Bucklen's Arnica Salve wholly cured me after everything else failed." "Infallible for Burns, Scalds, Cuts, Sores, Bruises and Piles." Sold by Arthur Hudson, 25c.

The ballet girl cannot be charged with affectation; she puts on less than anyone else in the company.—October Smart Set.

Legal Notices.

By S. H. KNIGHTS & CO.
Office 75 Tremont Street, Boston.

Mortgagee's Sale of Real Estate.

By virtue of a power of sale contained in a certain mortgage deed given by Elliott J. Hyde to Peabody W. Kimball dated January 31st, 1896, and recorded with Middlesex South District Deeds, Book 247, folio 110, will be sold at public auction on lot four of the premises hereinafter described, for breach of the conditions of said mortgage and for the purpose of foreclosing the same, on Monday, the 21st day of October, 1901, at four o'clock p. m., the following premises conveyed by said mortgage deed and therein described as follows, viz:—

All of four lots or parcels of land situated in that part of Newton in said County of Middlesex called Newton Highlands described as follows: A certain parcel of land being lot four of a plan entitled "Plan of land in Newton Highlands belonging to the heirs of Mrs. Sophia Stone," E. S. Smiley surveyor, dated January, 1896, and duly recorded with Middlesex Deeds, bounded northerly by Walnut street 100 feet, northerly by land of David S. Farnham 235 feet, southerly by lot 8 on said plan 117.5 feet, and southerly by lot 5 on said plan 230.1 feet, containing 32,171 square feet of land. Also a parcel of land being lot nine on said plan and bounded southerly by a private way leading from Walnut street to Dedham street 110 feet, northerly by lot 10 on said plan 100 feet, northerly by said land of Farnham 122 feet, and southerly by lot 11 on said plan 107.8 feet, containing 20,292 square feet of land. Also a parcel of land being lot thirteen on said plan, and bounded southerly by said private way 108 feet, northerly by lot 11 on said plan 107.8 feet, northerly by said land of Farnham 122 feet, and southerly by lot 10 on said plan 107.8 feet, containing 15,464 square feet of land. Also a certain parcel of land being lot fourteen on said plan and bounded northerly by said private way 108 feet, northerly by lot 12 on said plan 360.3 feet, southerly by land of M. F. Stone 75 feet, and southerly by lots 17, 18 and 19 on said plan measuring in all 467.4 feet, containing 41,115 square feet of land. All of above measurements are according to said plan.

Two hundred dollars in cash to be paid at the time and place of sale.

W. O. CHILDS, Mortgagee.

186 Devonshire St., Boston, Atty. for Mortgagee.

Commonwealth of Massachusetts

COURT OF LAND REGISTRATION.

To Henry Sawyer of Boston in the County of Suffolk and said Commonwealth, Edward Johnson of Newton in the County of Middlesex and said Commonwealth, and Edward F. Sullivan, Jr., Chairman of the Trustees of the Methodist Episcopal Church of that part of said Newton called Auburndale, and to all whom it may concern:—

WHEREAS, a petition has been presented to said Court by Helena F. Lamsun of said Newton, to register and confirm her title in the following described land: A certain parcel of land with the buildings thereon situate in that part of Newton called Auburndale, bounded:—northerly by Central Street 70.1 feet; northerly by land of Johnson 100 feet; southerly by land of Sawyer 46.75 feet; and southerly by land now late of Henry B. Turbox 99.1 feet. Containing 5791 square feet.

You are hereby cited to appear at the Court of Land Registration, to be held at Boston, in said County of Suffolk, on the twenty-first day of October, A. D. 1901, at ten o'clock in the forenoon, to show cause, if any you have, why the prayer of said petition should not be granted. And unless you appear at said Court at the time and place aforesaid your default will be recorded, and the said petition will be taken as confessed, and you will be forever barred from contesting said petition or any decree entered thereon.

Witness, LEONARD A. JONES, Esquire, Judge of said Court, this twenty-third day of September, 1901, at the City of Boston.

Attest with the Seal of said Court. [SEAL] CLARENCE C. SMITH, Recorder.

Commonwealth of Massachusetts

COURT OF LAND REGISTRATION.

To Alois W. Perry of Rockland in the County of Plymouth and said Commonwealth, Edward Johnson of Newton in the County of Middlesex and said Commonwealth, Mary A. Hutchinson and John W. Nichols, Trustees of the County of Norfolk and said Commonwealth, Phoebe J. Wales, George E. Wales, Emma A. Wales, William H. Wales and Levi Wales of Newton in said County of Middlesex, Sarah J. Caruthers, R. Augusta Hart, Louise C. Hales, William E. Kuhn and Mabel E. Kloth of Melrose in said County of Middlesex, Nathaniel Wales and Mary E. McIntosh of Needham in said County of Norfolk, Harriet B. Bell of Granby in the County of Hampshire and said Commonwealth, Charles O. Wales of Hingham in the County of Suffolk and said Commonwealth, Sarah E. Stowe, the elder, Sarah E. Stowe, her daughter, George W. Stowe, William H. Stowe, Charles E. Stowe and Mabel E. Kloth of Melrose in the State of Connecticut, Martha Wales of St. Andrews in the Province of Quebec, Canada, Otis A. Wales, Edwin W. Wales, Otis Wales, George E. Wales and Alvin A. Schellebarger of Moffatt in the State of Colorado, L. Elizabeth Schellebarger of Littleton in said State of Colorado, Otis Laporte and Larry Laporte of Nalla in said State of Colorado, Henry H. Wales, whose last known residence was in Mexico, or his heirs, devisees or legal representatives, and Grace I. Kloth of parts unknown, or her heirs, devisees or legal representatives, and to all whom it may concern:—

WHEREAS, a petition has been presented to said Court by George L. Robinson, Jr., of Melrose in said County of Middlesex, to register and confirm his title in the following described land: A certain lot of land in that part of Newton called Auburndale, being lot numbered 221 on a plan of Walnut Village, Newton, 1896, made by Ernest W. Howditch, Surveyor, and recorded in Middlesex South District Registry of Deeds, Book of Plans 63, plan 39, and bounded:—Northerly by Beacon Street 32 1/2-100 feet; southerly by the junction of Beacon Street and Varick Road and by Varick Road by a curved line 148 1/2-100 feet; southerly by lot 320 said plan 129 1/2-100 feet; Northerly by lot 311 said plan 29 1/2-100 feet. Containing 15,700 square feet.

You are hereby cited to appear at the Court of Land Registration, to be held at Boston, in the County of Suffolk, on the fourth day of November, A. D. 1901, at ten o'clock in the forenoon, to show cause, if any you have, why the prayer of said petition should not be granted. And unless you appear at said Court at the time and place aforesaid your default will be recorded, and the said petition will be taken as confessed, and you will be forever barred from contesting said petition or any decree entered thereon.

Witness, LEONARD A. JONES, Esquire, Judge of said Court, this twenty-fifth day of September, 1901, at the City of Boston.

Attest with Seal of said Court. [SEAL] CLARENCE C. SMITH, Recorder.

M. C. HIGGINS,

LIST OF NEW BOOKS.

BACON, Lee. Our Houseboat on the Nile. 34.496

Mrs. Henry Bacon tells the story of a voyage of several weeks on the Nile in the late fall of 1899 and the early part of 1900. The voyage extended some two hundred miles above Assuan.

BAZIN, Rene. Une Tache d'Encre. 43.227

BERNADOU, John B. Smokeless Powder, Nitro-Cellulose, and Theory of the Cellulose Molecule. 102.366

A series of papers upon the composition of cellulose and the properties of explosives prepared therefrom.

BESANT, Sir Walter. The Lady of Lynn. 65.1341

BRADLEY, Arthur Granville. Owen Glyndur, and the Last Struggle for Welsh Independence. 93.844

The writer gives an introductory sketch of Welsh history from the Saxon conquest of England to the rising of Glyndur. (400-1400.)

EVERETT, Charles Carroll. Essays. Theological and Literary. 54.1398

These twelve essays were written during the last fifteen years of Dr. Everett's life.

FISKE, John. Life Everlasting. 91.1119

"Mr. Fiske's argument on the line of evolution, inferring from what man has already become that the logical next step into his progress is the attainment of the life ever-lasting."

GIBSON, Wm. Hamilton. Blossom Hosts and Insect Guests; ed. by Eleanor E. Davis. 103.820

A compilation of what Mr. Gibson has contributed, either in the way of text or illustration to the subject of fertilization of flowers.

HAWKINS, Nehemiah. Maxims and Instructions for the Boiler Room; relating to Steam Generators, Pumps, Steam Heating, Practical Plumbing, etc. 104.354

HENTY, Geo. Alfred. With Roberts to Pretoria: a Tale of the South African War. 65.1348

JEWETT, Sarah Orne. The Tory Lover. 65.1355

KESTER, Vaughan. The Manager of the B. & A. 64.1973

A railroad story of which the scene is laid in a little town in the lumber region of Michigan.

LOCKE, John. Some Thoughts concerning Education; with Introductory Notes by R. H. Quick. 81.344

LODGE, Richard. Close of the Middle Ages, 1273-1494. Vol. 3 of 72.346

"Within these two centuries the political and social conditions of the so-called Middle Ages came to an end and the states system of modern Europe took its rise." Preface.

MACDOUGAL, Dan Tremly. Practical Text-Book of Plant Physiology. 105.613

The author is director of the laboratories of the N. Y. Botanical Garden.

MOORE, T. Sturge. Aldorfer. (Artist's Library.) 56.488

Michael Aldorfer was a German artist of the sixteenth century.

RAWLINGS, Gertrude. The Story of Books. 101.932

An account of books and libraries in classical and mediæval times, followed by a sketch of the history of printing and a description of bindings, etc.

SMITH, Geo. Adam. Modern Criticism and the Preaching of the Old Testament. 93.829

TILLSON, Geo. W. Street Pavements and Paving Materials: a manual of City Pavements, the methods and materials of their construction, for students, engineers and city officials. 105.368

WAIT, John Cassan. Law of Contracts: a Text-Book for Technical Schools of Engineering and Architecture. 86.262

WARE, Wm. Rotch, ed. Topical Architecture: Renaissance Doorways. Italian. Ref.

E. P. THURSTON, Librarian.

Literary Notes

The October Atlantic opens with Professor W. A. Dunning's "The Undoing of Reconstruction," prefaced by a brilliant "Editorial," upon the series which this paper concludes; R. R. Bowker shows how "The Piracy of a Franchise Corporation" may be consummated in New York; a Pennsylvaniaian treats of "The Ills of Pennsylvania"; and the moral decadence of the whole state; Professor Bernadotte Perrin discourses upon "Yale's Fourth Jubilee"; Henry A. Clapp's "Reminiscences" treat of the stage period of Booth, Fichter, Southern, etc.; Jessie P. Frothingham writes appreciatively of Etienne Senancour, "The Author of Obermann"; and Vernon Lee sends some delightful "English Writer's Notes on England." Entertaining "Stories and Sketches" are furnished by Louise L. Sibley, W. A. Beers and others; Miss Johnston's "Audrey" increases in interest; Clinton Scottard, F. S. Palmer and others, furnish "Poems" and the "Contributors' Club" is bright and entertaining as ever.

Stricken With Paralysis.

Henderson Grimmett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man, Logan county, W. Va. Several very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. Sold by all druggists.

Could Not Face Disgrace.

The Wife—I understand that the man they rescued from the burning building tried to commit suicide.

The Husband—No wonder. He had on a pair of pajamas his wife had made him.—October Smart Set.

The Camphor Tree.

The camphor tree (Cinnamomum camphora) is an evergreen, a member of the laurel family, belonging to the same genus as the tree whose bark furnishes the spice called cinnamon, and is related to the bay and to the sassafras of the United States. Of symmetrical proportions, it is one of the noblest objects in the forests of eastern subtropical Asia. In its native habitat it attains gigantic dimensions, notably in girth of trunk, some specimens measuring 10 to 15 feet in diameter. It is said they have been known to reach as much as 20 feet, and they may be 60 to over 100 feet high, and live to a great age.

As a rule, they rise 20 or 30 feet without limbs and then branch out in all directions, becoming a mass of splendid and luxuriant foliage. Their leaves, broadly lanceolate in form, are of a light green color, smooth and shining above and whitish or glaucous on the undersurface. Small white or greenish white flowers are borne from February to April and by October ripen into berrylike, one seeded fruits about three-eighths of an inch in diameter.—Good Words.

The Inquisitive Antelope.

An antelope is as curious as a woman. The hunter will lie down in the grass and wave a red handkerchief, a band of antelope will keep circling around until within reasonable distance for a safe shot. After completing a circle the antelope halt suddenly and bring down one fore foot with a vigorous stamp on the ground, and at the same instant they make a sort of snort that sounds like a half whistle. That is the propitious moment for peppering them with rifle balls.

I learned this trick when a frontiersman came along and found me crawling for miles on the level prairie endeavoring to get a shot at one of the timid creatures. The man asked me if I thought I could get him. I answered: "Get him! I've got to get him. I'm out of meat." He then posted me about lying still and flitting with the handkerchief, and I found they liked that better than chasing, and I made an entry right there that an antelope possessed some of the characteristics of a woman.—Exchange.

Masquerading in the Past.

In the seventeenth and eighteenth centuries Venice set the fashion in all matters of amusement and was a sort of combination of our Monte Carlo and Paris. Throughout the eighteenth century the Venetians were seized with a perfect mania for masquerading and gambling. Paris and London followed suit, and the most popular amusements, both public and private, were masquerades and gambling saloons. People not only wore their masks or visors at balls, but in the Mall and the parks and the theaters. At length matters got to such a pass that when a police raid was made on a certain low dancing place in Soho and an order was given for every one to unmask what was the amazement of the police to find that at least a third of the company consisted of ladies and gentlemen of the highest aristocracy, some of whom had even brought their daughters.—Saturday Review.

Cooking a Mackerel.

Many a dainty nose with beauty and fortune behind it has been nily elevated at the mention of plain, old fashioned salt mackerel, but never at the salt mackerel as cooked by the famous John Chamberlain of Washington. His testimony runs to this effect: "Take one or more mackerel and soak about 48 hours, changing the water once. Then put them in a pan large enough to hold them, cover them with cream or the nearest you can get to it, put in oven and cook until cream is brown. This beats any mackerel cooking on earth."—New York Herald.

A Business Tonic.

Advertising is not a cure all for business ills, but a pharmacopoeia of business tonics. All depends upon the prescribing. Magazine space is good for certain business diseases that will never yield to billboards, while the newspaper is the quinine for business chills that are beyond the power of dodgers. Every remedy in the list has its uses, and the whole result of treatment depends upon the doctor.—Printers' Ink.

Arriving at a Total.

Tax Collector—How much is your husband worth?
Mrs. Wise—About a million.
Tax Collector—Are you sure?
Mrs. Wise—Oh, yes. You see, the jury awarded him \$2,000 for the loss of a finger. I think in proportion the rest of him would be worth about 500 times as much.—Chicago News.

Losing No Chances.

Genial Doctor (after laughing heartily at a joke of his patient)—Hah! hah! There's not much the matter with you, though I do believe that if you were on your deathbed you'd make a joke.

Irrepressible Patient—Why, of course I should. It would be my last chance.—Punch.

Gold in California.

The Society of California Pioneers determined after careful investigation that Jan. 28, 1848, was the exact date of the discovery of gold in California by James W. Marshall. The gold was found in the rocky bed of the tail race of the Sutter sawmill at Coloma, on the south fork of the American river.

The highest clouds lie at 27,000 feet; Mount Everest is 29,002 feet. The highest recorded balloon ascent is 30,000 feet.

Women were first permitted to become employees in government offices in 1862.

Best Butter in the World.

The butter of Denmark is considered superior to that of all other countries. It brings the highest price in fancy markets and can be found all over the world in shops where luxuries are sold. In South America, South Africa, in the East and West Indies, in India, Egypt and in tropical countries generally it is used by epicures, who pay \$1 a pound for it in tins of one, two and three pounds weight. No other country has been able to produce butter that will stand changes of climate so well.

Refrigerator ships are now found on nearly all the big steamship routes, and they can carry perishables as long and as far as necessary, but butter shipped by the ordinary cargo steamer usually melts and remains in a liquid state as long as it is exposed to the tropic heat. When it passes into the temperate zone again, it hardens, and the change usually spoils it for the taste, entirely destroying the flavor and leaving it like ordinary grease or oil. The Danes, however, produce a butter which will endure this ordeal without affecting its flavor or sweetness, and they are the only people of whom this may be said.—Chicago Herald.

"De Choppin'."

"Speakin' 'bout partnerships," said Moses, with a solemn shake of the head—"speakin' 'bout partnerships wid a white man, I've had one an don't want no mo'. One time Kurnel Dawson dun cumms ober to my cabin wid a bland smile on his face an shakes hands wid me an says:

"Moses, let's yo' an me go into partnership in de wood bizness. Yo's a powerful hand to chop, an I've a powerful hand to sell codd wood."

"Pears like a mighty good thing to me, an I goes at it an cuts 30 cords of wood. Bimeby I goes down to de kurnel fur my sheer ob de money, an he smiles an shakes hands an says:

"I've got it all figured out, Moses. In de first place, I purvised de timber. In de next place, I purvised de ax. Den I sent my mews to draw de wood, an I spent my time to sell it. Dat 'pears to take in de hull ob de case."

"But whar does de choppin' cum in?" I says.

"De choppin'? Oh, dat was exercise an don't count!"—New York Sun.

The Destructive Porpoise.

Seeing that an ordinary porpoise is from five to six feet in length and will require some 500 ordinary mackerel or their equivalent per week to keep it in fair condition—and there cannot be less than from 20,000 to 30,000 of these creatures living in British and Irish waters—the drain upon the shoals of mackerel living in these seas from this source alone must be enormous, for if these creatures only feed on them one-half of the year about 400,000,000 mackerel must be destroyed without man or beast receiving any equivalent. These animals are not easily taken in hand, being so intelligent and active. I believe I am safe in saying there were extensive fisheries carried on for them in the sixteenth century at St. Mawes and Povey, Cornwall, and in most of the narrow harbors of Britain, their flesh being highly valued by the gentry in those days, but now nothing of them is appropriated to man's use in England.—Contemporary Review.

How Sponges Are Sold.

When offered for sale in the local market in the Bahamas, sponges are either piled up loose or made into strands or bands of from two to ten sponges each. The best sponges are usually made into strings of from eight to ten sponges each. Others are generally sold in lots not strung. The buyer, however, is not guided in his purchase by the number of sponges on a string, but by what a certain lot will weigh, and the weight is never given, but the buyer must estimate it; hence practical experience is needed in the purchasing of sponges.

His Cork Legs.

"Along about 1890," said a veteran physician, "I amputated the legs of a man who was blown up in a boiler explosion and helped him procure a couple of cork substitutes. As soon as he was able to be about he went fishing, fell in and was rescued just in the nick of time. He was laid up for several weeks and then sued me for damages."

"But why?"

"The cork legs stood him on his head in the water."—Detroit Free Press.

A Case of Overcrowding.

"I don't see why I keep on getting so much fatter. I only eat two meals a day."

"I know, my love. But you shouldn't insist upon crowding your breakfast and luncheon into one meal, and your dinner and a late supper into the other."—Cleveland Plain Dealer.

Easy or Impossible.

A remark imputed to Victor Hugo in reply to a young man who asked him if it was difficult to write poetry is both witty and true, but it is more witty than true.

"My dear sir," the poet is said to have replied, "it is either easy or impossible!"

A Chinese Trick of War.

A curious artifice of war was adopted by a Chinese junk when attacked by a man-of-war. The crew threw coconuts overboard into the sea and then jumped in among them. Nearly all escaped, for it was impossible to tell which were heads and which were nuts.

A Modern Instance.

"Hear about that American young woman paying \$1,000,000 for a cigarette holder?"

"Get out!"

"Fact. I believe it also had a title or something."—Cincinnati Enquirer.

PALL BORNE BY COMRADES IN ARMS.

FUNERAL OF JOHN E. FARRELL, WHO DIED
IN THE PHILIPPINES—BODY LAY
IN STATE AT ARMORY HALL.

With all the impressiveness of a
military funeral, his bier surrounded
by sorrowing relatives, loving com-
rades and firm friends, the body of
private John E. Farrell of Co. C, 26th
U. S. V., was on Monday consigned to
its final resting place.

Private Farrell was a Nonantum
young man and the son of Edward
Farrell of West street. During the
Spanish war he served with the 2d
U. S. artillery, and later enlisted for
Philippine service. June 17, 1900,
he died of typhoid fever in Iloilo, P.
I.

Last Saturday evening the body
reached Newton and lay in state in
Armory hall, under a guard of Co. C,
5th infantry, M. V. M., and Thomas
Burnett camp, Legion of Spanish War
Veterans.

Monday morning at 9.45 a funeral
procession was formed at the armory
and marched to the Church of Our
Lady on Washington street. High
mass of requiem was celebrated by
Rev. Fr. Kelly.

There was an escort of Co. C and
Thomas Burnett camp members, un-
der command of Corp. William Love.
Among those who attended the ser-
vices were Lieut. Col. George H. Ben-
yon, Asst. Chief F. H. Humphrey of
the Fire Dept., Inspector of Plumbing
M. F. Coleman and Sergt. Willie M.
Russell, formerly of U.S.S. Lehigh.

The pall bearers were 1st Sergt.
Dennis Quinlan of Co. C 26th U.S.V.;
private Edward Neville of Co. C, 26th
U.S.V.; Corp. John Ryan of Co. D
46th U.S.V.; Sergt. John Ryan of Co. C
5th infantry M.V.M.; Sergt. Albert R.
Kilburn of Co. C 5th infantry M.V.M.
private P. F. Shine of Co. E 26th U.
S.V.; private Colin McMath of Co. L
26th U.S.V., and private John Herlihy
of Co. A 26th U.S.V. At the close of
the church services the cortege pro-
ceeded to Calvary cemetery, Waltham.

A volley was fired by a squad under
Corp. Love's command, and "taps"
were sounded by Bugler English of
Co. C, 5th infantry M.V.M.

NEWTON HIGHLANDS.

—Mrs. C. S. Luitwieler has gone
to Springfield.

—Mr. W. D. Meserve has moved
from the Weber building to Patterson
building.

—The next meeting of the Monday
Club will be with Mrs. O'Connor,
Erie avenue.

—Mrs. Barney and daughter of
Dickerman road, Eliot, have removed
to New York.

—Mr. C. C. Hardy of Providence,
has leased the estate belonging to
Mrs. Swaar, on Walnut street.

—Next Monday afternoon Miss
Morse will entertain the ladies of the
C. L. S. C. at her home on Allerton
road.

—Hesses express has moved from
Newton Centre and leased the Crow-
ell estate at the corner of Walnut and
Centre streets.

—Mr. Smith, bookkeeper at the
automobile rubber works, has taken
the house on Duncklee street, lately
vacated by Mrs. Burnett.

—The Oak Hill Sunday school will
observe its eighth anniversary by
giving, a Harvest concert entitled
"A Basket of Summer Fruit," at
3 o'clock Sunday afternoon.

—On Sunday evening next at 7.30
o'clock in the rooms of the Dharma
Lodge, the first of a series of lec-
tures by Mrs. Besant will be read,
Subject, "Esoteric Christianity."

—A dramatic sketch entitled "Two
Forenances during the American
Revolution," with musical program
will be given at the Highland Club
House, on Thursday evening, Oct.
17th, at 8 o'clock. The proceeds to be
for the benefit of the Congregational
church fund.

Police Paragraphs.

For the larceny of valuables from
the Woodland Park Hotel Henry Be-
lardo, aged 18, was sentenced to the
Concord Reformatory today.

John Frazer, aged 10, took a horse
belonging to H. B. Coffin from a
place where it was tied last Wednes-
day and drove it about for several
hours. He left it in the gravel pit
on California street, where it was
found by the police yesterday. The
boy was in court this morning and
his case continued upon the promise
of his father that he should be put in
an institution.

Death of James C. Elms.

Mr. James C. Elms, a well-known
resident of this city for fully 25
years, died on Wednesday afternoon
at his residence 88 Arlington street,
after a protracted illness, aged about
73 years.

Mr. Elms was for many years a di-
rector of the Shoe and Leather Bank
of Boston and for three years was
president of that institution. Ill
health compelled him to retire from
active business duties more than a
year ago.

He was a vestryman at Grace
church.

His wife, three sons and two daugh-
ters survive him.

Williams vs Dartmouth.

On Oct. 19th a typical college foot-
ball match will take place on the
Cedar street grounds. Williams and
Dartmouth are the opposing eleven,
and a large contingent from each col-
lege will help to keep things lively.

AUBURDALE.

—Read about the new custom corset
parlors on the first page.

—Mr. Frank Cole and family are
occupying the house at 164 Auburn
street.

Attention is called to the auction
sale next Tuesday, Hancock and Cen-
tral streets.

—Rev. Edward P. Allen and fam-
ily are moving to the Young house on
Hancock street.

—Mr. R. L. Douglass has leased
and is moving into the Gordon house
on Grove street.

—A party of students from Lasell
Seminary enjoyed a ride to Cambridge
last Tuesday morning.

—Mr. Walter Marston of Cambridge
has taken a position as clerk for
Walter P. Thorn, the druggist.

—Mr. and Mrs. Horace G. Cobb
have returned to the Woodland Park
Hotel after an extended absence.

—Mrs. Frances N. Dutton who died
here last week, left a legacy of \$1000
to the negro school at Tuskegee, Ala.

—Mrs. Wood Wood and her daugh-
ter, Miss Wood, of St. Louis, are spend-
ing the month at the Woodland Park
Hotel.

—Mr. William J. Hackett has fitted
up a pool room over his shop on Au-
burn street and has put in a fine new
table.

—Mrs. Henry R. Turner, with her
children, returned Monday from Al-
lerton, and are at their home on Maple
street.

—The Odd Fellows' Building As-
sociation of Newton Highlands holds
a fair in its building Oct. 28th, 29th
and 30th.

—Mrs. Emily Chandler of Andover
has been the guest the past week of
Mr. and Mrs. Walter P. Thorn of
Melrose street.

—Mr. Horace Hutchinson of Central
street, a student at the College of
Pharmacy, has entered the employ of
Mr. Elliot W. Keyes.

—Mr. Bridgman, brother of Mr.
Raymond L. Bridgman of Hancock
street, left last week with one of the
exploring parties for the Arctic re-
gions.

—Miss Mamie McDonald has re-
turned from a trip to Prince Edward's
Island, and is the guest of Mr. and
Mrs. Charles S. Cowdrey of Owatona
street.

—Mr. Albert Hunt of Woodbine
street, who went recently to Homer,
Michigan, as a tutor, lost some of his
personal effects in a fire at the hotel
the day of his arrival.

—At the annual convention of the
Massachusetts State Sunday School
Association, held last week in Haver-
hill, Bishop Willard F. Mallalieu of
Grove street was elected one of the
vice-presidents.

—A successful artist's festival and
butterfly party was held last Saturday
evening at the Woodland Park Hotel.
Last evening a bean bag party was
given and on Saturday evening there
will be a progressive heart party.

—Mr. and Mrs. E. B. Haskell of
Vista avenue, accompanied by Miss
Helen M. Noyes of Auburndale ave-
nue, sailed Wednesday on the Domini-
on line steamer, "New England,"
for an extended outing in Europe.

—Mr. Dwight C. Robbins, who had
been in failing health for some time,
died at the residence of Mrs. J. B.
Stewart on Grove street, last Friday.
The remains were taken to Allston,
where the funeral took place Monday
afternoon from the family residence
on Ashford street.

—At the annual meeting of the
Auburndale Village Improvement So-
ciety, held last week, the following
officers were elected for the coming
year: President, A. C. Farley; vice-
president, Quincy Pond; secretary,
F. P. Marshall; treasurer, H. G.
Hildreth; executive committee, J. P.
Ryder, P. A. McVicar, W. T. Farley,
J. P. B. Fiske, A. L. Gordon.

—Miss Helen M. Noyes of the New-
ton High school, who has been grant-
ed a year's leave of absence, held a
farewell reception for her pupils and
friends at her home on Auburndale
avenue, last Saturday afternoon. She
was assisted in receiving by her
mother, and the reception was from
4 to 6. Miss Noyes is to accompany
Mr. and Mrs. E. B. Haskell on their
European tour.

—The funeral of Lawrence Adams
Jewett, son of Mr. H. L. Jewett, who
died on Sunday at Poperell, aged 21
years, was held from the family resi-
dence on Grove street Wednesday
afternoon, at 3.15 o'clock. Rev. John
Matteson, rector of the Church of the
Messiah, officiated, assisted by Rev.
H. U. Monro of Newton Lower
Falls. Appropriate musical selec-
tions were rendered by a mixed quartet.
The interment was at Newton
Lower Falls.

—At the recent annual meeting of
the local branch of the W. C. T. U.,
these officers were elected: Presi-
dent, Mrs. Calvin Cutler; vice-presi-
dents, Mrs. Olive S. Miller, Mrs.
Harriette S. Bunker, Mrs. Mary
H. Kimball; secretary, Mrs. J. M.
Clark; treasurer, Mrs. William Ware.
The superintendents of departments
are: Mothers' meetings, Mrs. F. N.
Peloubet; flower mission, and work
among sailors, Miss Elizabeth Strong;
press and legislation, Mrs. L. C. Nor-
ton.

E. A. JONES, Publisher,
59 Rindge Ave., - No. Cambridge.

CITY OF NEWTON.

TO PLUMBERS.

Sealed proposals for furnishing all
materials and performing all the labor
required to install the plumbing in the
proposed school building at Newton
Centre, according to plans and speci-
fications prepared by Hartwell, Richardson
& Driver, 62 Devonshire street, Boston,
will be received at the office of the Public
Buildings Commissioner until 3 P. M.,
Tuesday, October 15th, at which time
they will be opened in the presence of
the bidders. Plans and specifications
may be seen at the office of the archi-
tects. A certified check for two hundred
dollars (\$200) made payable to the City
of Newton, must accompany each bid.
The award of the contract is contingent
on the passage of an appropriation for
the same. The right is reserved to re-
ject any or all bids.

GEO. H. ELDER,
Public Buildings Commissioner.
West Newton, Mass., Oct. 3, 1901.

CITY OF NEWTON.

TO CONTRACTORS

Sealed proposals for labor and mate-
rials required to build and complete the

Mortgagee's Sale of Real Estate.

By virtue of the power of sale contained in a
certain mortgage deed given by William H.
Dimock to Frederick N. Converse, dated April 1,
1900, and recorded with Middlesex South Dis-
trict deeds, Book 2727, Page 78, for breach of
the condition of said mortgage deed, will be
sold at public auction, upon the premises here-
inafter described, on Monday, the fourth day of
November, 1901, at 4 o'clock of the afternoon,
all and singular the premises conveyed by said
mortgage deed, namely—a certain parcel of land
situated in Newton, in the County of Middlesex
and Commonwealth of Massachusetts, and being
Lot No. Eleven as shown on a plan entitled,
"Land in Newton, Mass., belonging to the Far-
low Hill Land Trust," drawn by E. S. Riddle dated
March 21st, 1900, and recorded with said mort-
gage deed, and bounded as follows, viz:—North-
erly by Nonantum street, seventy-five (75) feet;
and easterly by Lot No. 12 on said plan, one hundred
and fourteen (114) feet; containing 7023
square feet. The premises are and will be sold
subject to the restrictions referred to in said
mortgage deed so far as now in force and appli-
cable, and subject also to any or all unpaid taxes
and assessments.

Tenues cash; \$200 to be paid by the purchaser
to the auctioneer at the time and place of the
sale, the remainder in ten days thereafter.
FREDERICK N. CONVERSE,
Mortgagee.
ROBERT HUMANS, Attorney,
55 State St., Boston.

"IDEAL"

FLOOR

TREAD

POINTS OF SUPERIORITY

It may be used either under or over carpet or rug, or on polished floor.
It is not necessary to make a hole in either carpet or rug.
Carpets or rugs may be removed for cleaning without in any way interfering with this device.
It cannot be injured by rough usage.
It may be instantly changed from one side of the table to the other.
It is operated by a slight pressure of the foot.
The under side of TREAD is covered with felt in order to prevent marring a polished surface.
Used under a rug it is "out of sight," and need not be disconnected when sweeping.
A 1/2-inch hole only need be made in floor.
No projecting floor-plug to break.
No cord attached to the table to break or pull out.

Sample, Post Paid, \$1.50.
With 2 yards of Silk Cord attached, \$2.00.
Have one attached by your electrician.

—Mrs. Kimball of Brattleboro, Vt.,
has been in town this week the guest
of her parents, Mr. and Mrs. Levi L.
Tower of Newtonville avenue.

—The engagement is announced of
Mr. Harold Hutchinson to Miss Susan
A. Rogers, daughter of General James
C. Rogers of Sandy Hill, N. Y.

—The engagement is announced of
Miss Ethelyn Morris of Racine, Wis-
consin, to Mr. George B. Whitney of
Milwaukee, formerly of Newton.

Newton people appreciate a place
where they can get Ice Cream above
the average. Wilbur Bros. have been
unusually busy during the past week.

—Mr. and Mrs. James W. French
of Washington street announce the
engagement of their daughter Mar-
garet to Mr. Wallace Ray Baldwin of
Elkton, Md.

—The many Newton friends of Mr.
John C. Stanton, who formerly re-
sided on Franklin street, will be
pained to hear of his death in New
York last week.

—The collection of pictures loaned
by the Library Art Club, which have
been on exhibition at the Newton
Library for some weeks, were moved
Friday to Barre.

—The funeral of Mr. John T. Allen,
which was held last Friday afternoon
from the chapel at Forest Hills cem-
etery, was attended by a number of
Newton people.

It is nice to know where to go to
get a good lunch, one that is whole-
some and palatable. Wilbur Bros.
serve this kind at their restaurant, 311
Centre street.

—Mr. and Mrs. Charles M. Tilling-
hast of Washington street were among
the passengers on the Leyland line
steamship Devonian, which arrived
from Liverpool on Monday.

—At the annual meeting of the
Technology Club, held last Monday
evening in Boston, Mr. Albert Far-
well Bemis, 93, was elected a mem-
ber of the council for one year.

—Ladies when in need of a switch,
pin curls or front piece, have it made
at Mrs. L. P. Eliot-Anderson, 171
Charlesbank road, Newton. Only

—Mr. Sydney Grant, who is con-
sidered one of the brightest monologue
entertainers and mimics in the
country, has been delighting large
audiences at Keith's the past week.

—Hon. Samuel L. Powers of Ar-
lington street will be in Stoughton
next Tuesday, where he delivers one
of the principal addresses at the an-
nual reunion of the High school as-
sociation.

—Mrs. Walker K. Stafford of Rich-
ardson street was elected a member
of the board of managers at the an-
nual convention of the Foreign Mis-
sionary Society held last week in
Portland, Me.

—Mr. Clarence G. Campbell of
Newtonville avenue was one of the
freshmen class of Boston University,
who was initiated into the Upsilon
chapter of the Beta Theta Pi frater-
nity last Saturday.

—Mrs. May Sleeper Ruggles, the
contralto soloist, is prepared to re-
ceive pupils in vocal music at resi-
dence, 211 Church street, Newton,
as well as at her Boston studio, at
Huntington Chambers, 30 Hunting-
ton avenue. 5t

—Mrs. Sarah Rodway Wilson passed
away at the home of her daughter,
Mrs. Frederic K. Collins on Mt. Ida
street, on Monday, aged 75 years. She
had been in failing health for a long
time and was known to but few resi-
dents of this city. Funeral services
were held from Grace church, Wed-
nesday afternoon and were conducted
by Rev. Dr. George W. Shinn. The
interment was in Newton cemetery.

—The funeral services for the late
John Francis Crosby were held last
Saturday afternoon in the Channing
church. Rev. Dr. F. B. Hornbrook
officiated, assisted by the Rev. A. L.
Hudson. Many friends of this popu-
lar young man attended the services,
and included members of the bar and
prominent citizens. The flowers were
many and beautiful. The Herbert
Johnson quartet sang "Crossing the
Bar," "Nearer My God to Thee" and
"Face to Face" with fine effect. The
interment was in the Newton cem-
etery.

—The funeral of Mr. James C.
Elms was held from his late residence
on Arlington street, last Saturday
noon and many friends of the deceased
were present to pay their last tribute.
Among them was a delegation of of-
ficials from the Shoe and Leather
Bank of Boston. The simple services
were conducted by Rev. George W.
Shinn, rector of Grace church, where
the deceased was a vestryman. The
sons and son-in-law of the deceased
acted as pall bearers. The interment
was at Forest Hills.

—Last Saturday morning a number
of the friends and pupils of the late
Margaret Bamford gathered in the
chapel of Grace church to witness
the dedication of a memorial window
placed there by her friends. An ad-
dress was made by Rev. Dr. George
W. Shinn and a poem written by
Miss Bamford entitled "The Coming
of the Dawn," was sung. The sub-
ject of the window is a crimson cross
on a blue-green ground with a cross
of gold and is the work of the Phipps
Stained Glass Company of Boston.
Miss Bamford was formerly a teach-
er in Miss Spear's private school.

member of the committee which pre-
sented resolutions on reciprocity at
the annual meeting of the Boston As-
sociated Board of Trade held at
Young's Hotel, Boston, last Monday
evening.

—A private kindergarten and con-
necting class will be started in New-
ton about November 1st. Parents
having children whom they would
like to enter please apply at once
Location near Waverley avenue and
Park street. Address H. C., Graphic
Office. 3t

—At a meeting held Monday even-
ing the Parish Social club of Grace
church was organized with the choice
of these officers: Leverett D. G. Bent-
ley pres., Miss Gertrude L. Holmes
vice-pres., Miss Rille E. Garrison
sec. and Moses King Jr., treas. It
was voted to hold a gathering in the
parish house on Wednesday, Oct. 30.

—Mr. Levi L. Tower was pleasant-
ly surprised at his home on Newton-
ville avenue last Tuesday evening by
a large number of his friends, who
congratulated him on his 75th birth-
day. He was presented with a set of
resolutions from friends in the
Methodist church and also a hand-
some gold headed cane suitably en-
graved.

—Mr. Thomas, who has recently
taken up his residence on Park street,
in the house formerly occupied by
Mrs. Stetson, entertained quite a
party of friends on Wednesday even-
ing last. After the enjoyment of
gambols and refreshments the party
left in season for the train for Pa-
sadena, Cal., where Mr. Thomas for-
merly resided.

—Professor Mary Adams Currier,
formerly of Wellesley College, will
give her lecture on "The Negro in the
Twentieth Century," Wednesday,
Oct. 23rd, at 3 p. m., in the vestry of
the Immanuel Baptist church. Miss
Currier is a pleasing speaker and is
well acquainted with her subject,
having spent much time in the South,
at Atlanta, Tuskegee and Richmond.
A collection will be taken. All are
invited.

—A most successful affair was the
fourth concert and dance of the Ice-
men's Association of Newton and
Watertown, held Wednesday evening
in Armory hall. Maurice Harvey as
floor marshal, Albert A. Morrell floor
director, M. Geary, assistant floor
director and these aids: M. Harvey,
E. A. Mosman, H. E. Fleming, M.
Murphy, S. Thompson, George Butler,
F. Howard and A. L. Howard.

—Mr. Holloway Hayes Piekthall,
a well known resident of this place,
and a painter by trade, died at his
home on Waban street last Monday of
heart disease, aged 62 years. A fam-
ily survives him. Funeral services
were held from the family residence
Wednesday afternoon at 2.30 and were
conducted by Rev. Mr. Shaw of Cam-
bridge. The interment was in Newton
cemetery.

—The Unitarian Club held the
first meeting of the season at Chan-
ning church last evening. A large
increase in membership was reported
and Rev. Adelbert L. Hudson gave an
interesting address on "Mormonism."

—Mr. Hudson spoke of his experiences
while a resident of Salt Lake City,
Utah, described the Mormon faith
and spoke at length of polygamy, of
its decline and of its ultimate extir-
mination.

NEWTON CLUB

To-morrow evening will be Home
night.

On Friday evening a concert by the
Boston Festival Orchestra will open
the season's festivities.

Duplicate whist on Monday.

Last Saturday night, the gentle-
men's whist brought out a goodly
number, and the beautiful prizes of
cut glass and vases were won by H.
G. Brinckerhoff, Dexter Brackett, E.
C. Feagun, F. M. Copeland, F. C.
Bridgman, W. L. Mitchell, C. M.
Goddard and G. A. Page.

The Case of Patrolman Marchant.

Within the past week much public
attention has been given the case of
former reserve patrolman Jeffrey N.
Marchant, who was accused by Samuel
Clark, a former conductor of the
Newton & Boston street railway with
being implicated with him (Clark)
in a scheme to defraud the Newton
& Boston street railway. Clark al-
leged that early on the morning of
Sept. 25, Marchant took five bunches
of transfers from a receptacle in the
office of the receiver of the company.
He charged further that he gave Mar-
chant \$3 as a part of what he dis-
honestly received. Clark said he
later confessed to the superintendent
of the company and was discharged.
At a hearing held Tuesday and
Wednesday afternoons this charge
and that of not patrolling his route
while on a tour of duty as well as of
other alleged conduct unbecoming an
officer, Marchant denied the charges
emphatically and had six witnesses
in his behalf.

Yesterday the following was given
out at Mayor Pickard's office:

In the complaint against Jeffrey
N. Marchant of the Newton Reserve
Police Force, upon the following
charges:

1st. Conduct unbecoming an offi-
cer.

2nd. Not properly patrolling his
route during his tour of patrol; we
find that the charges are sustained,
and he is hereby discharged from the
reserve police force of the city of
Newton. We do not find, however,
that the charge of entering the office
of the Newton & Boston street rail-
way company, and larceny of trans-
fers, is sustained upon the evidence.
(Sgd) Edward L. Pickard,
Mayor.

Fred A. Tarbox,
Chief of Police.

Installation of Rev. Mr. Hudson.

The Rev. Adelbert L. Hudson, who
several weeks ago came to Newton in
response to a call from the Channing
Unitarian church, was Monday even-
ing installed as pastor. The exer-
cises took place in the church audi-
torium, and were attended by several
hundred of the members and outside
friends of the church.

The program commenced at 8, with
an organ prelude, which was followed
by the hymn, "Pleasant are Thy
Courts O Lord." The Rev. Walter F.
Greenman of Watertown delivered the
invocation, after which there was
singing, and a sermon by the Rev.
Francis G. Peabody, D. D., of
Cambridge.

The installing prayer by the Rev.
James De Normandie, D. D., of Rox-
bury, was followed by the charge to
the minister, which was delivered by
the Rev. Samuel A. Eliot, D. D.,
president of the American Unitarian
Association.

Following the singing of the an-
them, "Thou Art Love Divine," the
Rev. Julian C. Jaynes of West Newton
extended the right hand of fellowship
to Mr. Hudson. The welcome of the
congregation was given by Mr.
Abraham Byfield, chairman of the
church standing committee.

The Rev. William H. Davis, D. D.,
pastor of the Eliot Congregational
church of Newton, welcomed Mr.
Hudson in the name of the other
Christian churches of the city, follow-
ing which the charge to the people
was delivered by the Rev. Francis B.
Hornbrooke, D. D.

The exercises were brought to a
close with the singing of a hymn,
and the delivery of the benediction
by the Rev. A. L. Hudson. After-
ward the pastor was tendered an in-
formal reception by the members of
the church and clergymen present.

High School Notes.

A social of the Tau Tau Tau '03,
was held Wednesday afternoon at
the home of Miss Bernice Leach.
A very enjoyable time was spent in
playing euchre. Miss C. Bullard was
first prize.

The first meeting of the year of
the Tau Beta Delta '03 will be held
Friday afternoon at the home of Miss
Ester Ely.

The game between Newton High
and Boston English High scheduled
for last Friday afternoon was post-
poned. Date to be announced.

The freshmen eleven played the
West Newtons on Saturday morning
on the Cedar street grounds, and were
beaten 11-0.

Newton High defeated the strong
St. Marks eleven on Tuesday after-
noon at Southboro by a score of 6 to
0. Each side put up a stiff game.

Newton High second eleven played
the Allen school team on Wednesday
afternoon at the Cedar street grounds,
neither team scoring.

W. Wise, '01, has defeated Bray in
the second round of the Tufts fall
tennis tournament, as Bray was con-
sidered his most dangerous opponent.
The score was 6-3, 6-2.

The first number of the Review is
out. The attractive cover was de-
signed by Mr. W. H. Brown, brother
to D. Brown, the editor.

Henry W. Kenway, N. H. S., '01,
has been elected captain of the Tech-
nology freshman foot ball team.

Police Paragraphs.

The police are trying to find for
Christopher Gier of 293 Boylston
street, Newton Centre, \$10 which he
says was stolen from him Monday
night.

Charles T. Raiche was sentenced
to 30 days in the house of correction
in court, Monday. He was charged
with stealing property belonging to
his brother, Joseph J. Raiche.

ANNIVERSARY.

Claffin Guard Observes
31st BirthdayWith a Contest, Banquet and
Speeches.

The thirty-first anniversary of the Claffin Guard, Company C, 5th Regt. M. V. M., was appropriately observed last Saturday.

In the afternoon rifle teams of 15 each representing the Company and the Veterans' Association, contested for a silver loving cup offered by the Veterans. The Veterans won by a score of 449 to 408.

These officers were selected by Veterans' Association: President, Richard Cunningham; first vice-president, Adjt. Albert C. Warren; second vice-president, Capt. Walter E. Lombard; second lieutenant, Col. Robert B. Edes; treasurer, Edward I. Leland. The banquet, served by Caterer Marshall, in the armory at Newton at seven o'clock was attended by the active members of the Company, the Veterans Association, members of the G. A. R. and other invited guests.

Lieut. G. F. Guilford, in the absence of Capt. Springer, and Col. R. B. Edes of the Veterans presided. Hon. Henry E. Cobb was toastmaster and the toasts were as follows: "The President of the U. S.," Congressman Samuel L. Powers; "The 2d Brigade," Capt. Albert C. Warren; "The City of Newton," ex-Mayor Henry E. Bothfield; "The 5th Regt.," Col. W. H. Oakes; "The Army," Col. John Boardman, Jr.; "The Grand Army," Past Dept. Commander W. A. Wetherbee; Commander Henry J. McCannion also responded for the Spanish War Veterans and Asst. Chief F. H. Humphrey for the Fire Dept.

An orchestra furnished music during the dinner and the evening was brought to a close by the singing of America.

Congressman Powers paid an eloquent tribute to the military spirit of the country which he declared had made us a world power today. He called attention to the fact that 14 of the Presidents of the United States had had a military record.

Continuing he said that no man came to the office with greater qualities of head and heart, greater intellect or higher patriotism than Theodore Roosevelt. His predominating qualities came from an ancestry founded on freedom. He is a man absolutely honest, with high patriotism, and who has lived an active civil and military life. One who has brushed aside luxury and worked as no man of his generation has ever worked, the great Republic is safe and will be safe in his hands.

Banker Routs A Robber.

J. R. Garrison, Cashier of the bank of Thornville, Ohio, had been robbed of health by a serious lung trouble until he tried Dr. King's New Discovery for Consumption. Then he wrote: "It is the best medicine I ever used for a severe cold or a bad case of lung trouble. I always keep a bottle on hand." Don't suffer with Coughs, Colds, or any Throat, Chest or Lung trouble when you can be cured so easily. Only 50c and \$1.00. Trial bottles free at Arthur Hudson's Drug Store.

REAL ESTATE.

Alford Bros. have sold the estate No. 166 Oakleigh road, Newton, occupied by Capt. Wm. F. Low, and consisting of new frame house and 7000 feet of land, all assessed for \$5,000, for W. O. Evans to A. D. Hammond for investment. The price obtained was considerably in excess of the assessed value. They have also sold a lot of 12,877 feet on Cypress street, Newton Centre, for C. S. Evans to F. H. Gowing, who will at once erect a fine dwelling house.

They have leased No. 17 Oxford road, for I. C. Paul to C. M. Coss, eastern manager of the Washburn Crosby Co.; also house on Ballard street, Newton Centre, for H. W. Mason to W. B. Woodbridge, manager of the Bankers Ins. Co.; also No. 73 Union building to Mr. Sheldon, who after extensive improvements have been made, will open up a first class ice cream and confectionery and bakery store.

Collins-Fisher.

The Washington park Universalist church, Newtonville, was the scene of an attractive autumn wedding, Wednesday evening, the parties being Miss Mabel C. Fisher, daughter of Mr. and Mrs. H. C. Fisher of Walker street, Newtonville, and Mr. John A. Collins, Jr., of Lawrence, Mass.

The church was handsomely decorated throughout and at the hour of the ceremony was filled by over 500 guests from the various Newtons, Lawrence, Fall River and elsewhere. The ceremony took place at 8, and was performed by the Rev. Samuel G. Dunham, pastor of the church. The bride was given away by her father. She was gowned in silk mull over white tulle, trimmed with real lace, a family heirloom, and carried a shower bouquet of lilies of the valley.

The maid of honor, Miss Marion L. Fisher, sister of the bride, wore white silk mullin trimmed with insertion lace and carried pink roses. Miss Martha P. Penno and Miss Marion Bryant were the bridesmaids. They wore white silk mullin with blue sashes, and carried bouquets of maiden hair ferns.

Mr. William Parish of Boston accompanied the groom as his best man, and the ushers were Mr. Ernest Fisher, Mr. Albert Kimberley, Mr. Charles A. Watrous and James W. Smith. The three latter were classmates of the groom, who was a Tech. '97 man. An informal reception at the home of the bride for the members of the immediate family followed the church ceremony.

Mr. and Mrs. J. A. Collins, Jr., will make their home in Lawrence, Mass.

SCRIMMAGE IN NONANTUM SQUARE.

PATROLMAN GOODE HAS HIS HANDS FULL IN SECURING THE ARREST OF THOMAS F. NALLY AND JOHN J. DONOHUE—TENSES AND POLICE HAD TO AID HIM.

The most exciting rough and tumble fight that police circles call to mind within a long period was that which took place in Nonantum square, Newton, about 11.15 last Saturday night.

The principals were Patrolman Richard J. Goode and Thomas F. Nally and John J. Donohue. The affair in which they took part had all the accessories of a first class and up-to-date street brawl. There was "something doing" for several minutes and a good deal of punishment was handed back and forth.

It was just about the hour above mentioned that a Boston electric stopped in Nonantum square and Nally and Donohue disembarked.

Goode was standing under the awning at Hudson's drug store and he saw the men as they passed him. They were headed up Washington street in the direction of their home. Nally, it is alleged, made some insulting remarks about the officer. Goode, so the story goes, followed the men several yards, calling to them that they had better refrain from such language. They did not, it is said, take the officer's advice very kindly and when Goode tried to place Donohue under arrest for drunkenness, Nally, it is alleged, attacked him from the rear. From this point forward none of the party stood on ceremony and "give and take" was the order of the evening.

A physician, accompanied by his friend, a drug clerk, happened along about this time and went to the officer's rescue. They had all the while been attending to the men. Pretty soon Patrolman Dearborn, closely followed by Sergt. Purcell and Patrolman W. G. Bosworth, came on the scene. Their presence marked the beginning of the end.

Within a short time the officers, with Nally and Donohue, were at station 1. It was not until two closet doors in the office had been wrecked that Nally and Donohue were behind the bars.

In the police court Monday morning Nally and Donohue were charged with drunkenness and assault upon an officer. They pleaded "not guilty" to both charges.

The only witnesses were for the government and they were the officers in the case. Nally and Donohue testified in their own behalf. The former had prepared copious notes to refresh his memory and in his argument wandered from the subject in hand quite often.

Both Nally and Donohue were found guilty. For drunkenness they were each fined \$15. For assaulting an officer Nally was given 9 months in the house of correction and Donohue fined \$50. Both appealed. On Wednesday Donohue withdrew his appeal and the original sentence was reaffirmed.

A Typical South African Store.

O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store, situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists.

Boston Food Fair.

The great Boston Food Fair, Mechanics' Building, Boston, is now in full operation daily.

The first thing to impress visitors on entering the place is the superb decorative scheme of the halls and booths.

The variety of food products exhibited is immense, and many new foods are being shown.

The women visitors to the fair are greatly interested in the Domestic Science Department in which Miss Nellie Dot Rancho gives free lessons every afternoon, at 2.30 in the art of cooking and serving.

There are hosts of other attractions at the fair, including "A Day in the Alps," a wonderful electrical display, "Ben Hur," Jim Key, the educated horse, who makes change on the cash register, spells words and names, multiplies, adds, and does other problems with figures. An immense number of samples are being distributed this year, and the first 1000 women who enter the building in the morning will receive a present of some kind. At the Old Grist Mill exhibit in Grand Hall, 20 quarter barrels of Pennock's New Process flour are distributed free every morning.

There are fine Band Concerts going on every afternoon and evening. The price of admission is only 25 cents.

Why Don't You Learn Shorthand?

Stenography is now so important a factor in business and affords so good a vocation that it will be interesting to note that the average time required last year to finish at Hickox's Shorthand School, Copley Square, Boston, was six and a half months. This is a brief time in which to thoroughly learn shorthand at a good school, for it must be borne in mind, this is the leading shorthand school in the country, and the standard of efficiency is higher there than elsewhere; still the cost is not excessive—\$15 a month. In other words, smart young women or men at an outlay of about one hundred dollars can learn in half a year, and learn well, a business by which they can at once be sure of earning a good livelihood. The theory, 12 lessons, can be learned as well by mail as orally, the cost being \$1 a lesson.

GOOD WORK OF THE "VETS."

WITH THEIR HANDTUB "NONANTUM" THEY HAVE DONE MUCH THIS YEAR.

There is every reason that the members of the Newton Veteran Firemen's Association accept with justifiable pride the congratulations that are daily offered them for the good work at the muster in Marlboro last Saturday as well as for their excellent record during the past season.

The "Vets" of Newton have always been a credit to the city they represent and the city has always heard the most favorable reports of all their visits to different places, which fully justified the confidence reposed in them. In personnel, in efficiency at the "brakes," and in their own appearance, as well as that of their handtub "Nonantum," they have shown their full right to occupy a position in the front ranks of veteran firemen of the country.

The affair at Marlboro was one of the most notable of the summer. Here they captured first prize, a purse of \$200 in gold. The distance was 205 feet 10 and three-quarters inches.

Of the contestants at Marlboro, Newton was last to play. It was dark when they played the winning stream, and probably had it been lighter their record would have been better.

Since their organization in 1890 the Newton "vets" have taken \$3,550 in prizes. This period covers 40 odd play-outs.

A Fiendish Attack.

An attack was lately made on C. F. Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters, which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at Arthur Hudson's Drug Store.

Hudson-Doe.

On last week Wednesday evening, Miss Lila Olive Doe of Cambridge, and Mr. Bert Louis Hudson, of Watertown, were united in wedlock by the Rev. James T. Braker of Waltham.

at the residence of Mr. and Mrs. Frank Harlow of Cambridge. Miss Grace Doe, sister of the bride, was bridesmaid, Miss Ethel Hayden was maid of honor, and Master Harlow acted as best man. The ushers were Mr. Frank Harlow and Mr. L. G. Hayden, and Mr. Wendell Hudson was best man. The bride gifts were many and beautiful. Mr. and Mrs. Hudson left immediately after the ceremony to spend a few days in Connecticut and New York, and will be at home to friends at 60 Rutland street, Cambridge, after Nov. 1.

Leach-Pote.

A pretty home wedding on Wednesday evening was that of Miss Ethel L. Pote, daughter of Mr. and Mrs. Geo. P. Pote of Peabody street, to Mr. Wm. H. Leach, Jr., of Bridgeport, Conn.

The ceremony was performed by Rev. F. B. Hornbrooke in a bower of green and white, to which the bride was escorted by her father, through an aisle formed by ribbons in the hands of her intimate friends.

The bride was gowned in white crepe de chine, trimmed with duchess lace, and wore the customary veil, and carried bride roses. Her only jewelry was a pearl brooch, the gift of the groom.

Miss Alice Leach, of Brooklyn, N. Y., was maid of honor and wore white mullin over pink silk.

Miss A. Edwina Daniels of Newton and Miss Martha Day of Charlestown, gowned in white over green, were the bridesmaids.

Mr. Arthur F. Pote was best man and the ushers were Mr. Harold Woodworth of Jamestown, N. Y., and Mr. Edwin C. Sharp of Brooklyn, N. Y.

A largely attended reception followed the ceremony at which Mr. and Mrs. Leach, Jr. were assisted by Mr. and Mrs. Pote and Mr. and Mrs. Leach, Sr. Mrs. Pote was gowned in grey peau de soie and Mrs. Leach, Sr., wore black crepe de chine. Mr. and Mrs. Leach left that night amid showers of rice and confetti for a wedding tour, after which they will make their home in Bridgeport, Conn.

What's Your Face Worth?

Sometimes a fortune, but never if you have a sallow complexion, a jaundiced look, moth patches and blotches on the skin—all signs of Liver Trouble. But Dr. King's New Life Pills give Clear Skin, Rosy Cheeks, Rich complexion. Only 25 cents at Arthur Hudson's Drug Store.

Dartmouth vs Williams.

The football game between Dartmouth and Williams at the Cedar street grounds next Saturday promises to be one of the liveliest contests ever seen in Newton. For the past two years we have had the practice game between Yale and Dartmouth, but this is a match game between old rivals. They have broken even in the last two contests, and this is really a rubber game. Williams will bring about 100 supporters with her and Dartmouth men will come down from Hanover 300 strong, and it is safe to say that there will be something doing.

Cranston, the old Harvard center, and Hale, the crack full back on last year's Yale team will act as officials. The special train from Boston leaves terminal station at 2.10. The game will be called at 3 sharp.

ATTEMPTED SUICIDE AT UPPER FALLS

LYNN YOUNG WOMAN TRIED TO END HER LIFE BUT DID NOT SUCCEED—HER CONDITION NOT SERIOUS.

Sunday morning Miss Catherine Thompson, aged 19, of Central street, West Lynn, attempted suicide, at the house of Joseph Fontanny, 324 Elliot street, Upper Falls. She was found about 11 in a room, with several gashes in her throat. She had used a large carving knife, which the police took possession of.

The young woman's relatives say Miss Thompson had been in poor health for some time and was subject to fits of despondency. At the Newton hospital it was said her condition was not serious.

Miss Thompson had only come to Upper Falls last Saturday night to visit Mrs. Hopkinson, who boards with the Fontanny family.

At The Churches.

At the annual meeting of the American Board, held last week in Hartford, Conn., Rev. Dr. Charles H. Daniels was elected a corresponding secretary, Rev. Dr. Elnathan E. Strong, editorial secretary. Hon. Henry E. Cobb, an auditor and Rev. Edward M. Noyes a member of the board.

The annual meeting of the Young Men's Club of St. John's church, was held last week at the home of Mr. C. F. Avery on Crafts street, Newtonville. The officers for the year are: Hugh McBirkhead, president; Howard Brown, vice-president; Roland Gammons, secretary and treasurer; William Zoller and J. Winthrop Andrews, directors.

A permanent organization of past and present members of Grace church choir guild will be perfected this evening.

At the Beulah Baptist Mission next Sunday afternoon the preacher will be Rev. Everett D. Burr, pastor of the First Baptist church, Newton Centre.

Rev. F. B. Matthews will be in charge of the Young Men's League of the Immanuel Baptist church, Newton, next Sunday. The topic will be "Christ and the State."

At the prayer meeting at the Central Congregational church, Newtonville, this evening, the topic considered will be, "Missions." The American Board, its Outlook and Needs." Mr. Stiles and Mrs. Corson will speak of the recent annual meeting held in Hartford, Conn.

At the Sailors' Haven in Charlestown next Monday evening an entertainment will be provided by the ladies of St. John's church, Newtonville.

The flower committee of the young people's society connected with Eliot church, Newton, have closed their season and report that 3739 bouquets of flowers were sent this year to the hospitals and homes of the poor besides additional gifts of fruit and jellies.

The boys' club connected with St. John's church, Newtonville, have begun the work for another year. Mr. Richardson of Harvard will again be in charge of the club.

The annual collection for home missions will be taken at the Second Congregational church, West Newton, next Sunday.

Mr. George M. Fiske will be in charge of the prayer meeting at the Congregational church, Auburndale, this evening. The topic will be "The Land of the Hindoo."

A course of four lectures on Christian Nurture are to be given by Rev. Dr. F. E. Clark at the Auburndale Congregational church. Last Sunday's topic was "Training the church of the Future."

At the Newton Methodist church next Sunday will be observed as annual missionary day. Rev. W. F. Oldham, D. D., Missionary Secretary of the Methodist church, will preach the sermon.

An old fashioned spelling match will be held in the parlors of the Central Congregational church, Newtonville, next Tuesday evening. The committee in charge are Mrs. E. H. Cram, Mrs. D. P. Jewett and Mrs. Z. D. Kelley.

Plans are being perfected for a reception to be tendered the new assistant rector of Grace church, Rev. Robert K. Smith. The date will be announced later.

The offering at Grace church, Newton, next Sunday will be for the missions in the diocese.

After the regular services in the West Newton Unitarian church last Sunday, addresses were made by Messrs. Jas. P. Tolman, George Hutchinson and Geo. H. Ellis upon church matters.

The Ladies' Aid Society of the Church of the Messiah, Auburndale, have elected officers as follows: President, Mrs. John Matteson; vice-president, Mrs. George P. Howlett; secretary, Mrs. Walter C. Ware; treasurer, Mrs. V. D. Baldwin; work committee, Mrs. Fred B. Barnes; Mrs. Henry D. Perkins, Mrs. Edmunds and Mrs. W. F. Noyes.

OLD MILL.

First Mill in Watertown,
Now Part of Newton.Paper Read by Mr. Jesse
Fewkes.

Ladies and gentlemen of the Historical Society of Watertown, having been nominated by your president to look up the history of the "First Mill" in Watertown, I propose to give you this evening the result of my efforts to untangle a web of combined history, tradition and wild conjecture, which seems to have enveloped this subject.

The Indians of New England at the time of the first settlement of our country, like the Indians of the South Western Territories at the present time, used the most primitive methods of grinding grain. The women whose work it is to supply the family with bread, used the stone rolling pin and a sloping flat stone, to crush the corn into meal, or the pestle stone and a stone mortar to pound and mash the grain into a sufficient degree of fineness to make it palatable and wholesome food.

This was the mill of the "Stone Age," and this was probably at first the mill used by the early settlers. The water wheel of more enlightened ages was unknown to the Indian.

The typical old English grist mill was made with two corrugated stones, one revolving upon the other, which was stationary. This was turned either by a wind mill or by a water wheel. The water wheel of the sixteenth century was of that variety now known as the overshot wheel, required but a small stream of water, but it must be of sufficient head or elevation to run over a wheel of twenty or more feet in diameter. This elevation was usually obtained by damming up a deep narrow valley through which ran a small stream of water, or brook. Surplus water, in times of heavy rain or floods ran over the dam, thus creating a "falls." This was the typical old English mill which appears so often in English literature.

Probably the mill which the pioneer settlers would construct in their first efforts to supply the needs of an anticipated forthcoming emigration to this new and then unbroken wilderness, would be of this old English type. Simplicity and economy and minimum of money cost, would control a structure of this kind at this early date. The use of the vertical wheel, the ancient predecessor of the modern turbine wheel, came into use about the beginning of the seventeenth century. This required but a small head or elevation of water, and was sometimes used to turn the heavy stone of the grist mill for grinding corn.

There was another form of water wheel called the undershot wheel, now but little used, which required an excessive flow of water in places where but little head could be obtained.

The present mill at Watertown probably at first contained a wheel of this description. The origin of the present structure, the present old Watertown mill, and the falls or dam connected therewith, has been a subject which has called out many curious theories and speculations. Some of our modern investigators have allowed their imaginations to run riot in theories of the age and origin of this ancient dam. Some have assigned to it an antiquity of nearly seventeen hundred years. Many believe that our imperfect colonial history gives to this fall of water an antiquity predating the Puritan occupation of this part of Watertown. They say our history mentions it as "The first Falls on Charles River," and they quote William Woods, who was here the 18th of May, 1631, and published a description of New England in 1633. In it he speaks of the first falls on Charles River at Watertown.

The late Prof. Hensford in one of his publications "The Discovery of Norumbega", P. 33, mentions the fact of the finding of the foundations of an ancient structure, made of uncut boulder stones, which were discovered when the water was drained off to admit of repairs on the dam. This and other ancient works in the vicinity of Watertown, Waltham and Newton, he attributes to the Norse adventures of the eleventh and twelfth centuries.

I hesitate to puncture these and other beautiful iridescent bubbles of fancy which seem so much like solid crystal spheres of historic truth, but candor compels me to trace the history of these ancient works, walls, ditches, dams, etc., as I find their origin recorded in our own colonial history. The rushing river in times of floods has the power to roll big boulder stones, and the dam has the strength to stop them. Those boulders were possibly placed above the present dam by the action of the river.

When Hooker's congregation went to Hatfield on the Connecticut river, they probably left behind them the evidence of their stay in this vicinity. They could not well take them with them, although they did take with them the revered name of the good old town, calling their new settlement New Watertown, and Newton, on the Connecticut River.

Bonds History of Watertown, P. 1038 says, "Neither the exact date nor the builder of the first mill in Watertown have been ascertained, but it was probably in 1634, by Edward How, at the joint expense of himself and Matthew Cradock. It was built at the 'first fall,' at the head of tide water, on Charles River, where was a canal, wholly or partly artificial, leaving the river at the head of the fall, where a stone dam was made to cross the River." There are some points in Bonds' statements to which I can make exceptions; he seems to imply, and many take it for

his meaning, that there was a natural fall at this point on the river, before the dam and mill were constructed.

I have not yet seen the geologist who has discovered any ledge of rocks or geological outcrop in that part of the river's course. There may have been and probably was an ancient fordable place in that vicinity.

There may have been boulder stones placed by the Indians or by the pioneer settlers as stepping stones at the fordable place. There is no evidence of a natural falls. The first bridge is not mentioned in our records till 1641 and that was only a foot bridge. The first bridge for horse teams was built in 1648 by the town. The mill dam has only four and a half feet fall at low tide, and I have seen the tide run up over it.

This and the canal which was excavated from the lower end of an island in the river to the town landing place below the mill, and walled up on either side, and the mill with its machinery, were altogether an enterprise requiring the combined capital of Mr. How and Mr. Cradock, who was the financial head of the Massachusetts Bay Company. It was at this early age of the colony a magnificent work of engineering skill, like little then was unknown in this country.

By our town records and by Winthrop's Journal we find that it was at a meeting of the freeholders on July 30th and December 1634 that the appropriation of land for this purpose was made, and on January 3rd, 1635, it was finally decided to go on with the work. The construction was probably carried on during the summer of 1635, and the work completed in that year. The present town lots and the "great dividends" were not laid out till 1643, and the present mill was not completed till late in 1635. See Watertown records. It has been claimed that this was the first mill in New England. I have found in a history of New Hampshire the following: "The first mill built in New England was at Squampegan on Salmon Falls, on the Piscataqua River, in 1623. It was built by Ambrose Gibbons, who was an agent for the proprietors, who also built a plesadoed house and a saw mill. The two men who were at the head of this colony were Sir Ferdinando Gorges and Capt. John Mason. Gorges was a friend of Sir Walter Raleigh, and Mason was a rich London merchant, later governor of New Foundland." The first mill built in Plymouth, New England, was by Stephen Dean in 1663. History of Plymouth, in Dorchester. The first mill in the country was constructed here in Dorchester in 1633. (See Barber's Historical Collection).

Wm. Woods, who writes in 1633, says, "A mile from this town, Dorchester, lieth Roxbury, a quarter of a mile to the north side of this is another river, called Stony River, upon which is built a water mill." Young's Chronicles of Massachusetts, P. 36. At Roxbury in November, 1633. This year a water mill was built at Roxbury by Mr. Dummer. Winthrop's Journal, P. 116.

Bonds History of Watertown puts the date of the construction of the mill at Watertown at 1634 by Edward How. The mill at Beaver Brook at May 30, 1662, and the mill at Stony Brook at Feb. 9, 1678. He also says: "These were the only ones in Watertown for the first one hundred years." Bonds History Watertown, P. 1038. He also says it was constructed at the joint expense of Edward How and Matthew Cradock. See also Watertown records, July 30, 1634 and Jan. 3, 1635, which reads July 30th, 1634, "Agreed that there shall be laid out to the use of the water mill, twenty acres of ground, near to the mill, and four rods in breadth on either side of the water, and in length as far as need shall require, so as not to be prejudicial to the Ware," observe it says Water not River. This was the appropriation of land upon which it was proposed to construct this mill. Four rods in breadth on each side of the river had already been appropriated to the use of Ware, and hence the clause in regard to prejudicing the Ware. The land for the mill was laid on both sides of the water of the creek, not on both sides of the river as some have supposed. There is recorded another vote January 3rd, 1635. Up to this time this mill and its dam or falls had not been constructed, and the river flowed fair and free at this point of its course.

The making of a dam like this across the entire river, would in modern times consume a whole season. Mr. How, with all the assistance to be derived from the Massachusetts Bay Company, of which Mr. Cradock was the financial head in England, could not construct it in less than one summer season after the land was given. At this early age of the settlement. We will assume therefore that the mill was not in running order until the last part of 1635.

A case of this mill soon came into litigation before the court. In Massachusetts records, December 10, 1641, it says: "Whether the right to present possession which Mr. How does sue for, be due him or not the vote was, it is Mr. Dudley's." In this suit Mr. Dudley represented the interest of the Massachusetts Bay Company, and Mr. How was looking after his own interest as builder.

A case of the old old contest between capital and labor in which as usual in modern times, capital swallowed the proceeds of honest labor. This mill constructed by Edward How in 1635, on land appropriated for the purpose in 1634, was not the first mill in Watertown, as can be seen by reading the Grants of land on the South side of the River at Watertown, and by other evidence which I propose to call to your notice.

The appropriation of four rods wide for the Weirs, on both sides of the river, with a reservation in favor of the mill, and the appropriation of one hundred and fifty acres on the south side of the river Jan. 3, 1634, for the Weirs. This, it seems to me, must refer to a mill which was constructed prior to the building of the present mill, as that was not made until 1635, and this vote was passed in Jan. 1634. The first mill was at Nonantum and Nonantum was then partly in Watertown. The earliest grants by the Massachusetts Company of land on the south side of the river at Watertown, were as follows: "To George Phillips, Nov. 7th, 1632, 30 acres of land up Charles River, on the south side, beginning at a creek

a little higher up than the 'Pines' and so upwards to the Weirs. Win. Journal.

The location of this grant of land at the present time is between the brook now called Lemon Brook and sometimes Hyde Brook, in Newton, and Water street in Watertown, comprising that land which lies between Jefferson street in Newton and starch factory lane in Watertown.

The location of the Pines was the land comprising the old Hunnewell estate, between Lemon Brook and the marsh land, now taken by the Metropolitan Park Commission and it may have included the present mill. This can be proven by historical references in Winthrop, Cook and Eliot, and by the Town Records of Cambridge.

The Weirs were at or near the present bridge at Watertown. See Winthrop's Journal and Watertown Records.

In 1632 "Mr. Thomas Mayhew had one hundred and fifty acres granted to him, on the south side of the river, by Watertown Weirs." Win. Journal.

This land was by or beside the Watertown Weirs and was therefore near the present Watertown bridge. In 1632 "The Court at Newtown (now Cambridge) granted to Thomas Shepard, late pastor, three hundred acres beyond (that is above) Watertown mill, adjoining that which was granted to Thomas Mayhew."

This land was above or beyond the mill, and so I conclude the mill must have been on the creek mentioned in the Phillips grant. The Weirs were on the south side of the river. The Mayhew land was on the south side, therefore the mill must have been on the south side, and on the Hyde or Lemon Brook, which is on the south side of the river. These grants were all made before the present mill was thought of.

In Winthrop's Journal date Oct. 18th, 1632, he says "Capt. Comock and one Mr. Godfrey, merchant, came from Piscataqua, in Capt. Nash's pinnace, and brought six horn heads of corn to the mill." See His. N. E. by J. Winthrop, P. 87, second edition P. 104. As there is no mention of any other mill earlier than 1633, it must be this mill mentioned in 1632, to which this corn was consigned.

To be continued.

State of Ohio, City of Toledo, Lucas County, Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Fall Hunting in the Maine Woods.

The hunting season is now on and the sportsmen have already commenced to migrate towards the inexhaustible woodlands and forests of Maine, where game in abundance can be found.

The reports received this year state that Deer are more plentiful than ever before, and during the close season hunters who had gone down to camp early so as to get a line on their whereabouts and be able to bag a few deer at the outset, were startled at the great numbers which appeared to be everywhere.

From the Moosehead Lake country reports are to the effect that the guides are making ready for more sportsmen than ever before, and scores of moose have been seen in that vicinity.

The country along the Penobscot River and Aroostook Region are fairly alive this year with deer, and this is also considered a remarkably good moose territory.

Maine offers scenes and pleasures in the line of fishing and hunting all her own, and in the chase for big game, she has no competitors. Deer are not only more numerous in Maine, but they grow to a much larger size, and the person who knows how to handle a gun at all, is reasonably sure of his full quota of deer and moose.

Although deer and moose are usually enough to satisfy the sportsmen, still they are by no means the only kinds of game, to be found in these vast timberlands. Braces of smaller game, together with a plentiful supply of Partridge and Quail have already been brought into camp; in that section which lies contiguous to the Dead River Region, and known as the Rangeley Region, the farmers are very much troubled on account of the numerous depredations which have this year been made by bears on the orchards and cornfields. Bears are much more plentiful this year than ever before, and to the sportsman who enjoys this exciting sport, this portion of Maine is an especially desirable spot.

All ways lead to Maine, and remember that the Boston & Maine Railroad is the only route out of New England that makes direct connections for the heart of the hunting and fishing region.

Send two cent stamp to the General Passenger Department, Boston & Maine Railroad, Boston, for their illustrated book called "Fishing and Hunting."

Brace-Wing.

At noon Wednesday at the residence of Mr. George Wing, corner of Lenox street and Highland avenue, West Newton, took place the marriage of his daughter, Miss Elizabeth R. Wing to Dr. DeWitt B. Brace of the State University of Lincoln, Neb. The officiating clergyman was Rev. W. H. Davis. Following a wedding tour Dr. and Mrs. Brace will make their home in Lincoln, Neb.

It Is God's Way.

Mourning the nation stands powerless its grief to stay. Not ours has been the choice. It is God, Thy way. "Nearer my God to Thee," Thus the dying lips may say, Fearful we lift the cross, To bear it on God's way. Here, for Thee no more, Need we in anguish pray, But for each aching heart, Gladly treading God's way. Then kindly lead dear Father, Let us not blindly stray, "Thy will be done" we cry, Though dark may be God's way. E. C. W.

Newton Highlands.

The Other Side.

To the Editor of the Graphic:— Believing that the people of Newton, who are inconvenienced by the present strike of painters, should of right be informed of the facts leading up to said strike, we the master painters submit the following statements:

At near the end of August of the present year, we were informed by the journeymen that they would make a demand for the eight hour day on Sept. 1st. In as much as all employing painters had carried over much work from the spring, estimated on a nine hour basis, contracts that must be fulfilled this fall, it will readily be seen that to concede the demand at this time would mean an actual loss of 11 per cent. of the labor cost of all their work, a loss that could not be borne by the employers at present competitive prices; a consultation resulted in a unanimous agreement to submit a proposal conceding the eight hours without deduction of pay, to take effect on Jan. 1st., 1902.

This would permit the old contracts to be filled without loss to anyone. The matter dragged along until Oct. 3rd, when the journeymen held a largely attended meeting and decided to enforce an immediate compliance with their demand by stopping work. The season was chosen when the public would suffer the most inconvenience, as it was thought the painters would be more readily coerced.

Such being the facts, it is left for the public to decide which side of the controversy has the more justice back of it. We are anxious to have the public judge of the matter, for we know the final settlement rests with a right formation of public opinion.

Master Painters Association of Newton.

The painters union on the other hand state that the master painters have been given plenty of opportunity to say a date for the beginning of the 8 hour day, but have failed to do so. The strike was then ordered to bring them to terms.

Telford-Thompson.

The pleasant home of Mr. Samuel E. Thompson of 485 Waltham street, West Newton, was the scene of a very pretty home wedding last Tuesday evening, when his daughter, Vira Adah, was married to Mr. Sydney Byron Telford of Rock Island, P. O. The Rev. C. E. Harrington, D. D., of Waltham officiated. The bride, a graduate of the N. E. Conservatory and a successful teacher in the Stansfield Wesleyan college was given away by her father. She was charming in a gown of white peau de soie silk with duchesse lace and veil, and carried a shower bouquet of bride roses. Her only ornament was a pearl brooch, the gift of the groom. Miss Amelia Bates of Waltham, maid of honor, was gowned in pink liberty silk with duchesse lace and carried white carnations. Mr. Nelson B. Carter of Chicopee was best man and Master. Allen Lowe of Allston was page, bearing the ring. After the ceremony Mr. and Mrs. Telford were assisted in receiving by Mr. and Mrs. S. E. Thompson and Mrs. H. P. Mott of New York.

The house was tastefully decorated with potted plants and cut flowers. Music was furnished by Mr. C. Milton Kinney, organist of Amherst College. After a trip through Canada Mr. and Mrs. Telford will be at home to their friends after Jan. 1, at their future home in Rock Island. The presents were numerous and beautiful. Among them being \$100 in gold from the father of the bride.

Piecing.

That's a word which may not be in the dictionary in its use, but which is very common use in some sections of the country. "She's always piecing" they say of the woman who runs to the cupboard at irregular hours and eats a piece of pie, cake, or some other dainty. This irregular eating is one of the chief causes of dyspepsia and "weak" stomach.

Diseases of the stomach and other organs of digestion and nutrition are completely cured by the use of Doctor Pierce's Golden Medical Discovery. It increases the supply of rich, pure blood, and gives the body vitality and vigor.

"A year ago I was feeling very badly," writes Mrs. Lizzie Abrams, of 138 Johnson Avenue, Brooklyn, N. Y. "I had a very poor appetite and when I sat down at the table I could not eat, but would have to go away without even tasting the food. Chaucing to hear from a friend who used your 'Golden Medical Discovery' for a disease similar to mine, I thought I would give the medicine a trial, and I can hardly express the benefit received from it. The first dose seemed to do me good. My appetite returned and I was able to eat heartily. I have improved so much since taking the 'Golden Medical Discovery' I do not look like the same person. Am to day well and strong—the result of taking six bottles of Dr. Pierce's Golden Medical Discovery."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

W. MURRAY CRANE

For Governor

and the

ENTIRE
REPUBLICAN
TICKET.VOTE FOR
JOHN W. WEEKS

For Mayor.

FOR MAYOR.

The dullness of state politics intensifies the interest already manifest in the approaching contest for the mayoralty. Alderman Weeks is practically assured of the Republican nomination, Alderman Bailey having decided to make his fight at the polls on nomination papers. Mr. William H. Baker is also said to be slated for the Democratic nomination, so that a three cornered fight seems inevitable.

In this connection it seems advisable to warn such voters as have the best interests of the city at heart that a vote for Mr. Baker is, in effect a half vote for Mr. Weeks. The latter's political reputation is such that he will not receive any votes which would otherwise go to either of the other candidates, while it is very evident that votes for Mr. Bailey, would naturally go to Mr. Weeks in a contest between Mr. Weeks and Mr. Baker alone.

It is therefore of great importance to all good citizens to weigh carefully, the possibilities of the election of Mr. Baker, before committing themselves to the support of Mr. Bailey. The sentiment in favor of Alderman Weeks is rapidly growing. His three years' experience in the board of aldermen has developed a wide knowledge of municipal affairs, which combined with the remarkable business judgment for which he is noted in financial circles, and a strong personal magnetism, make him an ideal candidate who honors the city as well as himself by accepting the position.

THE SENATORSHIP.

The nomination of Leroy E. Coolidge of Hopkinton by the Democratic senatorial convention should bring all Republicans to the support of Mr. Henry R. Skinner of Watertown. Mr. Coolidge is said to be heartily in favor of the obnoxious mill tax bill and consequential damage bills mentioned in our editorial of last week. Newton has a lively personal interest in defeating all such measures and the men who advocate them, and in view of the Republican dissatisfaction in the western end of the district, it is of extreme importance that the full Republican vote is polled in this city for senator.

DIRECT NOMINATIONS.

Public opinion is rapidly growing in favor of direct caucus nominations in place of the present irresponsible delegate-convention system, with its opportunities for political trades and dickerings. We look forward to some legislation this coming winter in this direction.

Allen School.

On Friday evening the Lyceum considered the subject of Cosmology, illustrated by the stereopticon.

On Wednesday the foot ball team played the Newton High eleven, neither side scoring.

Invitations have been issued to the 43rd annual dancing class to be held at the Neighborhood Club on Friday afternoons at four o'clock in charge of Miss Alma Greenwood.

Perfection is the product of experience. It took 60 years of experience to make possible the perfection of baking attained in Kennedy's Butter "Thin Biscuit."

City Hall Notes.

The water department has finished this week laying a main on Sheridan street, West Newton.

Nomination papers are being circulated for Edwin A. Lewis of Newton and Joseph Stone of Auburndale as candidates on the Prohibition ticket for representatives from the 16th Middlesex district.

Petitions have been filed to place the question of an eight hour day for city laborers, before the people at the city election.

City Messenger observed his 77th birthday last Tuesday.

The summonses for poll tax delinquents were issued this week by Collector Randlett.

Registration for the state election closed on Wednesday with 244 new names on the list. The voting list now numbers 5607.

The Ward case against the City over street watering assessments is pending in court, reports to the contrary notwithstanding.

Public Buildings Commissioner Elder on Tuesday afternoon opened the following proposals for the erection of the proposed 16 room brick school house at Newton Centre:

General contract—For red brick, H. Hunt, \$117,579; H. P. Cummings & Co., \$127,937; P. H. Jackson, \$128,011; Lord Bros., \$135,600; Mead, Masor & Co., \$136,907; For buff brick, H. H. Hunt, \$122,479; H. P. Cummings & Co., \$132,437; P. H. Jackson, \$131,323; Lord Bros., \$137,400; Mead, Masor & Co., \$139,407.

Plumbing (Smith & Anthony system)—F. T. Burgess, \$5,855; H. W. Orr Co., \$6,474; David Craig, \$6,500; Huey Bros., \$6,637; E. C. Kelley, \$6,719; C. D. Keiser, \$6,748; Jas. Tucker & Sons, \$6,891; (Dalton, Ingersoll system), F. T. Burgess, \$6,007; H. W. Orr Co., \$6,824; David Craig, \$6,652; Huey Bros., \$6,797; E. C. Kelley, \$6,887; C. D. Keiser, \$6,778; Jas. Tucker & Sons, \$7,053; (J. L. Mott & Co., system), F. T. Burgess, \$6,239; H. W. Orr Co., \$6,824; David Craig, \$7,155; Huey Bros., \$6,840; E. C. Kelley, \$7,074; C. D. Keiser, \$7,173; Jas. Tucker & Sons, \$7,124.

On the basis of the lowest figures, and adding estimates for heating, ventilating, electric work, concrete and grading, gas fixtures, etc., the total cost of the building will be \$148,186.95 for red brick and \$153,331.95 for buff brick.

Y. M. C. A.

The Sunday meetings at the association resume next Sunday, Oct. 20. At three o'clock will be the meeting for boys, and at 4 o'clock the regular Sunday afternoon Gospel service. By a special vote of the board of directors these meetings are to be open to all, ladies and gentlemen. The meeting next Sunday will be a rally meeting and a large number of ministers of this city have signified their intention to be present and to give their endorsement to the work. The congregational singing will be led by the Y. M. C. A. orchestra and special music will be furnished by the Beethoven Male Quartet.

Invitations have been issued to the annual reception at the Y. M. C. A., which is to be tendered to the present and past presidents of the association and of the Ladies' Auxiliary. This event promises to be more large ly attended than any previous reception and the program of the social committee as arranged for the evening is a most excellent one.

Extensive preparations are being made for the Butterfly fair to be held in the rooms and hall of the association on Tuesday, Wednesday and Thursday, Nov. 5th, 6th and 7th. Wednesday evening will be served a most tempting turkey supper and on Thursday evening, Ye Old Fashioned New England Supper.

Clubs and Lodges.

Department Inspector Katherine Flood of the Daughters of Veterans will make an official inspection of Brastow tent 12 of Somerville, this evening. Sarah E. Fuller tent 22 of Medford, Saturday evening, and Mrs. John A. Andrew tent 1, of Dorchester next Tuesday evening.

Mr. James S. Barrows has been detailed by Department Inspector Joseph S. Manning to officially inspect Charles Ward Post 62, G. A. R. Lafayette Lodge, I. O. O. F., of Watertown worked the first degree on candidates from the lodge and Gov. Gore lodge of Waltham and Newton Lodge in the lodge room on Washington street, West Newton, last evening.

The meeting of the Auburndale W. C. T. U. was held in the chapel of the Congregational church on Tuesday afternoon, Oct. 8, Mrs. Cutler, the president, in the chair. After the reading of the records by the secretary and the reports of superintendents, an account was given of work done by the Everett W. C. T. U., by Mrs. E. S. Norton, a former member of that union. A standing vote of thanks was given to Miss Elizabeth Gordon, the retiring president, for her faithful and efficient labors in this union for many years. Several valuable suggestions for work were given by Miss Gordon. The meeting closed with the Mypal Benediction.

John Eliot Lodge, A. O. U. W., held a largely attended public meeting in A. O. U. W. hall, West Newton, last Tuesday evening. The special guest of the lodge was P. M. W. Peniman. Deputy C. J. Adcock and suite of Waltham was also present. A supper was served at 8 o'clock.

The regular convocation of Newton Royal Arch Chapter was held Tuesday evening in the Masonic building, Newtonville. The D. D. G. H. P. was an official visitor and seven candidates received ten mark degree. Later a collation was served.

The Newton Ladies' Home Circle will hold an afternoon whist at the home of Mrs. Chas. Sweetland, Webster park, West Newton, next Wednesday.

Mt. Ida Council, Royal Arcanum, observed gentlemen's night, in Denison hall, Newtonville, last Monday evening. There was a smoke talk and addresses.

CONFECTIONS FROM GRAIN.

Wheat and Malt Used in the Manufacture of Candy.

A manufacturing plant in New Jersey, formerly used as a manilla paper mill, is now operated by a corporation engaged in the unique industry of making confections from wheat and malt, about the last materials in the world one would expect to find in candy.

In the earlier stages of the process the grain is fanned, ground and mixed in proper proportions. Then it is cooked to a mash, from which a thin slurr is squeezed by hydraulic presses and conducted to a great iron evaporator. Thence the slurr is carried in pipes to a vacuum pan. Here it is vigorously stirred and further evaporated. The thickened slurr is drawn off into huge, shallow tin pans, where it is cooled and hardened. Plain or flavored with peppermint, the mass is a rich golden brown in color. Combined with chocolate it is dark as the familiar curamel in the candy shops.

When a batch of goods is needed for the market, the stock in the pans is broken into pieces and put into a boiler surrounded by a steam jacket. It is reduced by heat to the consistency of taffy at an old fashioned candy pull. Skilled workmen shape the mass into long strips that lie like golden snakes on a board table.

They are fed to a cutting machine, a noisy little monster with an insatiable appetite for sweets. You could almost cover the machine with a hat, yet it turns out malt creamlets nearly as fast as a Maxim gun hurls a storm of bullets. The boys who carry the creamlets from the machine to the tables where they are wrapped have little time for meditation—Chautauqua Herald.

EDITOR STOREY'S NOTION.

Theory on Which He Remitted a Fine and Raised a Salary.

"I was slapping copy on old Storey's Chicago Times many years ago," said one of the guests at a reunion dinner. "We had a correspondent in an Illinois town who simply would not schedule his matter, but as he generally sent good stuff we let him run on, slapping his stuff to suit the exigencies of the night. Besides, his stuff always suggested good headlines, and that was one of Storey's hobbies."

"On one occasion the correspondent sent up about 700 words which went into 100, with nothing over. On the 100 words I constructed a headline which was right up to the mark. The next day I was instructed to tell the man who made out the checks for the country correspondents to knock \$5 off the correspondent's pay."

"When he received his check, he wrote to Mr. Storey saying that under ordinary circumstances he wouldn't kick about the deduction, but in this particular instance he did because the fool headline over the item made by a fool telegraph editor had infuriated the man whose name was mentioned in the dispatch and brought on a fight between him and the correspondent, the result of which was that the correspondent was fined \$5 in the police court."

"Mr. Storey was a very just man when you got at him the right way. He instructed the cashier to send the correspondent the amount of the fine and raised my salary because the headline I wrote had caused a row. That was his way of encouraging a headline writer."—New York Sun.

Cities Without Slums.

Berlin has none of the horrible areas which disgrace London and so many other English towns. Even in the poorest quarters the dwellings are good, the streets well paved, clean and comparatively wide. It also has no slums in the English sense of the word. Kyoto, in Japan, and Sevastopol, in Russia, both boast an absence of slums and beggars. In England the largest manufacturing town which is free from this reproach is probably Huddersfield, and after that would come Leamington Spa and London by the Sea.—Pearson's Weekly.

There They Were.

"I am here, gentlemen," explained the pickpocket to his fellow prisoners, "as the result of a moment of abstraction." "And I am here," said the incendiary, "because of an unfortunate habit of making light of things." "And I," said the forger, "on account of a simple desire to make a name for myself." "And I," added the burglar, "through nothing but taking advantage of an opening which offered in a large mercantile establishment in town."—Kansas City Independent.

Sleeping Rooms.

In all sleeping apartments where carpet is used, in the interest of health, an uncovered painted margin should entirely surround the room so as to prevent the accumulation of dust, possibly containing dangerous microbes in the cracks. If this border is regularly washed with water containing a disinfectant, it will also aid materially in purifying the room.

Not Overrated.

"I suppose," said the effusive lady who was visiting the Meektons, "that your wife is sure that she has the best husband that ever lived." "Yes," answered Meekton, with something like a sigh. "But at the same time I don't believe she thinks that is saying much for me."—Washington Star.

Advice From Wap Up.

"Understand me," said the balloon to the parachute, "I wouldn't for the world encourage drinking habits in the young and innocent, but at the same time I don't think a drop would hurt you in the least."

Whereupon the parachute dropped.—Cleveland Plain Dealer.

AN EXPLANATION.

If you'll make a diagnosis when you're feeling mad and drowsy,
If you'll smile with any everyday disease;
If you'll simply question science as to why you're
glum and weary
And everything seems dull and ill at ease,
Perhaps you will discover, after devious calculations,
The cause of all these symptoms which appall,
And you'll smile as you reflect, in spite of various irritations,
That it's nothing but the weather after all.

You'll find a sigh denoting neither sorrow nor contrition;
A tear drop's not indicative of care.
They are products of the meteorological condition.

Of extra moisture that is in the air,
So perhaps it's not in reason fortune's chance to be reviling
Or to vow life's store of happiness is small,
For when the sun comes out again, again we will be smiling;
It's nothing but the weather after all.
—Washington Star.

SPIRIT SLATE WRITING.

How the Mysterious Sentences Are Prepared in Advance.

Spiritualistic slate writing, if cleverly done, always makes a marked impression on a magician's audience because it utterly baffles their efforts to detect the trick. They see a small cabinet suspended above the stage by means of cords or ribbons. It has an open front and is empty. The magician turns it around so that every part of it may be seen and taps it inside and out with his wand to show that it is hollow.

On a stand near by he has a small easel, a common school slate, a bottle of India ink with a quill pen in it and a few sheets of ordinary white writing paper. All these he passes around among the audience for examination. Then he fixes a sheet of the paper to the slate by means of wafers, places the slate on the easel and the easel in the cabinet, together with the bottle of ink, the latter having the pen still in it.

Having allowed the audience to see the articles thus arranged in the cabinet, he throws a large silk handkerchief over it. Mysterious sounds are immediately heard, and the cabinet shakes as if some living thing had entered it. When the sounds and the shaking cease, he removes the handkerchief, showing an inscription written in bold black letters on the paper and the pen not in the ink bottle, but lying on the bottom of the cabinet. He then removes the paper from the slate and passes it around for examination, when the writing is immediately recognized as having been done with India ink.

The explanation of the trick is simple. The writing was done in advance by the performer, the fluid used being a solution of sulphuric acid of the purest quality. To make the solution 50 drops of the concentrated acid are added to one ounce of filtered water. Writing done with this solution is invisible until exposed to heat. When so exposed, it comes out perfectly black, looking exactly like dried India ink.

The heat is applied by means of an electric current running over wire with which the slate is wound. The cords by which the cabinet is suspended conceal copper wires, which conduct the current to the slate. Black silk threads suitably attached enable the performer to make the sounds in the cabinet, to cause the cabinet to shake and to jerk the pen out of the ink bottle.

Several sheets of paper are prepared in advance, each with a different inscription, the performer telling one inscription from another by secretly marked pin pricks.—New York Herald.

Keeping at It.

There is a very old but very good story about a boy who was engaged one winter day in putting a ton of coal into a cellar. His only implement was a small red shovel. Noticing this, a benevolent old gentleman expressed surprise and commiseration. "My son," said the gentleman, "you surely do not expect to put in all that coal with that little shovel?" "Oh, yes, I do," replied the boy cheerfully. "All I have to do is to keep at it."

There is a lesson in this story for young and old, and it is exemplified in the lives of the great men of the world. It is a mistake to suppose that the best work of the world is done by people of great strength and many opportunities. "Keeping at it" is the secret of success.—Exchange.

Left Handed Medicine.

An Aitchison druggist tells this story and declares that it is true: He had tonsillitis, but did not send for a doctor, as he knew he would be all right as soon as the swelling "broke." But his wife was worried and insisted on sending for a doctor. When the doctor arrived, he looked through his medicine case, and said he had nothing suitable for the patient; that the medicine he had was for the right side, whereas the swelling in the throat was on the left side. Then he hurried away to get his left handed medicine.—Aitchison Globe.

Catching a Feminine Fish.

"Do you really think there are mermaids in the sea?" "Certainly," said the dime museum man. "Then why hasn't anybody besides you succeeded in catching one?" "Because nobody else was smart enough to bait a hook with the latest style of Paris hat," was the answer.—Washington Star.

The Mean Thing.

Miss Passway—I intend to think of my fortieth birthday.

Miss Pert—Why? Did something unpleasant happen then.—Tie-Bits.

In a ton of Dead sea water there are 187 pounds of salt. Red sea 93, Mediterranean 85, Atlantic 81, English channel 72, Black sea 20, Baltic 18 and Caspian sea 11.

Nasal CATARRH

In all its stages there should be cleanliness.

Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Drugists or by mail; Trial Size, 10 cents by mail.

ELY BROTHERS, 56 Warren Street, New York.

A Winning Touch.

"Darling!" The strong, manly voice was low and intense as the handsome face bent over the fair, bowed head by the fire.

"Darling," he went on eagerly, "there are others here observing us. I must see you a moment alone."

For an instant the listener was quiet, and not a curl stirred on the lofty brow. Then the blue eyes were raised to the beseeching dark ones.

"Yes, what is it?" was the low reply.

"I will."

A slight red flush mantled the neck and cheeks of the speaker, in striking contrast to the cool, calm dignity displayed in every movement of the half reclining figure in the big plush chair.

"The fact is," he went on, mustering up courage, the first embarrassment giving place to a little more self confidence, "I have come to ask you something I never expected would pass my lips, especially after the last sum I borrowed from you. Darling, will you lend me \$10?"

Jack Darling laid aside his paper. "Of course, old man," he cried heartily. "Let's first get a drink." And the two passed out of the clubroom together.—San Francisco News Letter.

Filthiest Place in the World. Port-au-Prince, the capital, is-by consent of all who have had opportunity of comparing it with other cities—the filthiest place in the world. The town was laid out by the French, and the streets are wide. It is only their great width that makes them passable, for the roadway before his dwelling is every household's rubbish shoot, and slab sided pigs and starveling dogs perform all the sanitary offices for the town of Port-au-Prince save in the rainy season, when a heavier storm than usual comes to flush the open drains. In consequence the populace live in an atmosphere of combined cesspool and ash pit, which by all the laws of hygiene should produce chronic plague.

The free and independent negro leads the life that most nearly approaches his ideal. They have a proverb in the country that "only white men, black women and asses work," and there is truth in it. The black man lies around all day sleeping in the sun. His utmost effort is to play dice or watch a cock-fight, but sleep is his favorite occupation, and he can do that better than anything else. In the country districts the old plantations have long since slipped back into the luxuriant overgrowth of the forest. In town any trading done is by the women and by foreigners. Undisturbed by the white man, to whom he is insolent, the town bred negro is pacific enough. The only hatred demanded of him is to avoid the attentions of the police.—Chambers' Journal.

A Pigeon as Valet to a Crow. "Tom was the name given to a lordly young crow," says Florence M. Kingsley in 'The Ladies' Home Journal. "Beauty was a snow white pigeon of about the crow's age, with whom he was reared. Just how it came about we never knew, but we soon discovered that Beauty regularly acted as valet of all work to Tom. She fetched and carried morsels of food at his imperious command, and one of her unvarying duties was the preening of her master's feathers. Tom was very much of a dandy. His coal black plumage always appeared perfectly dressed and shining, but the arduous labor of his toilet was performed for him twice every day by the humble and affectionate pigeon.

"Our fine gentleman would come in from a roll in the dust or a dip in the fountain and, seating himself upon a certain railing, utter a short, sharp call. Instantly Beauty would descend to his side and begin her task, fluttering anxiously from side to side as she worked, drawing each shining black feather carefully out to its full length in her pink bill. Tom meanwhile dozing luxuriously, with closed eyes, after the manner of the complacent patron of a skillful barber. If Beauty unfortunately pulled a feather too hard, a squawk and a sudden peck informed her of her mistake."

No Established Credit. Credit Man—Sorry, sir, but we cannot open an account with you because of your financial standing.

Rubtson—What's the matter with it? Credit Man—Why, you've always paid cash.—Brooklyn Life.

Simplicity Itself. "There are only two points in success."

"What are they?" "Work and keep other people from working you."—Chicago Herald.

PROBATE COURT.

MIDDLESEX, ss.

To the heirs at-law, next of kin, and all other persons interested in the estate of Eliza Ayles, late of Newton, in said County, deceased.

WHEREAS, a certain instrument purporting to be the last will and testament of said deceased has been presented to said Court for probate by Elizabeth Ayles, who prays that letters of administration with the will annexed may be issued to her or some other suitable person, no executor being named in said will.

You are hereby cited to appear at a Probate Court, to be held at Cambridge in said County of Middlesex, on the 26th day of November, A.D. 1901, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week, for three successive weeks, in the Newton Graphic, a newspaper published in Newton, the last publication to be on one day, at least, before said Court, and by mailing, post paid, or delivering a copy of this citation to all known persons interested in the estate, seven days, at least, before said Court.

Witness, CHARLES J. McFARLANE, Esquire, First Judge of said Court, this 17th day of October, in the year one thousand nine hundred and one.

S. H. FOLSOM, Register.

Commonwealth of Massachusetts.

BOARD OF RAILROAD COMMISSIONERS.

Boston, October 14, 1901.

In the petition of the Waltham Street Railway Company for authority to extend its railway into the City of Newton, adjoining the City of Waltham to which its railway is constructed, the Board will give a hearing to the parties in interest at their office, No. 20 Beacon street, Boston, on Friday, the twenty-fifth day of October, instant, at eleven o'clock in the forenoon.

And the petitioner is required to give notice of said hearing by publication hereof once prior to said date in the Newton Graphic, a newspaper printed in the City of Newton, and to make return of service at the time of hearing.

For order of the Board,

WM. A. CHAFFIN, Clerk.

Advertise in the Graphic.

TOOK HIM LITERALLY.

That Was Why His Signature Was Rejected at the Bank.

"Bank clerks are so often called upon for directions that they sometimes fall into the habit of giving them in a hurried and mechanical manner, consequently they are frequently misunderstood," remarked the clerk of a savings institution to a reporter the other day. "For instance, the usual formula when a stranger is called upon to sign his name is, 'Sign here; pen and ink at your left hand.' One morning last week a stranger entered our bank and asked me for a certificate of deposit for a considerable sum of money which he handed over. I counted the money and found the amount to be as stated and hurriedly said, 'Sign there, sir; pen and ink at your left hand.'"

"Well, it took the stranger a long time to sign his name, but I thought nothing more of it and issued the certificate of deposit. About a week later the same man, whose face I had forgotten, reappeared and presented the certificate. He dashed off an ornate signature, which I proceeded to compare with the first signature. The two were vastly different, as the first one was apparently the labored effort of an old man."

"I can't pay you this money, sir," I said.

"Why not?" asked the astonished stranger.

"Because it is not the signature of the man to whom I issued the certificate of deposit," I replied.

"Well," said the stranger, "when I was here a week ago you told me to write my name with my left hand, and I did so, but I can't write very well that way."

"Then will you oblige me by writing your name with your left hand again," I asked as a light dawned upon me.

"Certainly," said the man, and after much labor he produced a facsimile of his first signature, and I apologized and paid him his money.—Washington Star.

FLOWER AND TREE.

Plants cannot live if deprived of their leaves.

Tea plants at the age of 7 years yield 700 pounds of tea to the acre.

The date palm requires a hot, dry air, but moisture about the roots and plenty of it.

Palms never live more than 250 years. Ivy has been known to live 450, chestnut 860, oak 1,000 and yew 2,880.

An oak tree of average size, with 700,000 leaves, lifts from the earth about 123 tons of water during the five months it is in leaf.

Jasmine is an Indian shrub. Its starry, wax white blossoms are indescribably sweet. All the burning pain and passion and pathos and mystery of the Hindoo race seem to rise up to you in its breath.

There is a rose tree with a trunk 2 feet 9 inches in circumference in a Ventura garden in California. It is a Lamaraque, has been growing a quarter of a century and yielded over 21,000 blooms in 1895.

Cents East and West.

"There is always a scarcity of pennies in the west," says an official of the Philadelphia mint, "and a superabundance of them in the east. Every little while the banks out there set up a boot and cry for pennies, but our banks here are ever glad to rid themselves of their surplusage in these coins. It is difficult to see why such a state of things should be. I'm sure a penny is just as dear to the easterner's heart as to the westerner's. One would no more throw a penny away than would the other, yet here we always have too many pennies. There they never seem to have enough."

Deathbed Flattery.

Almost every dying person is liable to be allured by the solemn attitude of the company and the restrained and flowing torrents of tears and emotions to an alternating conscious and unconscious comedy of conceitedness. The seriousness with which every dying person is treated has undoubtedly been the very finest enjoyment of his life to many a poor despised devil and a sort of indemnification and partial payment for much privation.—Works of Nietzsche.

Saluting With the Hat.

Before the invention of wigs the hat was rarely removed except to salute others, especially royal personages. It was worn at table when ladies or persons of rank were present. Except when saluting royalty it was the custom merely to raise the hand to the hat somewhat after the manner of a military salute. When it became the mode to wear a profusion of false hair, the hat was less needed as a protection for the head and was carried under the arm.

A Tact Report.

The infant of a household was in its cradle. The head of the house was at home, peevish and fault finding. At length he became unendurable. "You have done nothing but make mistakes tonight," he growled.

"Yes," she answered meekly; "I began by putting the wrong baby to bed."—Chicago Journal.

Why Housekeepers Lose Appetite.

The woman who orders a dinner has eaten it before it reaches the table. If she cooks it, too, then she has eaten it twice. Is it any wonder she has no appetite for a third course of it?—Harper's Bazar.

Silken raiment has a standing among the oldest garments in the world. Robes of that material were worn by men and women alike 2,500 years before the birth of Christ.

Insects and X Rays.

A writer in The American X Ray Journal tells of some unusual experiments upon insects with Roentgen rays. A box was made, half of wood and half of sheet lead. In the wooden half a number of larvae of flies, bees, beetles and other insects were placed, and the box was then put in the field of the X rays. The insect colony at once became greatly excited, and after crawling to and fro finally emigrated to a worm to the leaden half of the box, where the rays could not penetrate. The experiment was repeated many times and always with the same result. A similar experiment was tried with the blind larvae of a certain species of beetle. A number of them were placed in an open cigar box, which also contained a metal box with an opening. No sooner were the rays turned on than the insects showed signs of distress. Their uneasiness increased, and in a little while they all sought refuge in the metal box. As the larvae in the second experiment were entirely sightless their perception of the rays must take place through the nerves of the skin.

Getting a Day Off.

A certain government officer was noted for being a hard taskmaster to those who were under him, the servants in his own establishment being no exception. His valet was expected to be on duty 365 full days in the year. Being detailed to accompany a scientific expedition on an extended cruise, the officer unbent a little in communicating the news to his personal attendant.

"Well, James," he said, "how would you like to go with me around the world?"

"Do we go from east to west, sir?" asked the valet.

"Yes."

"We lose a day in going that way, don't we?"

"We do."

"Well, sir, I'd like it first rate. It would give me one day off."

His master was so pleased with the aptness of the retort that he gave him a week off to prepare for the trip.—Youth's Companion.

The American Soldier.

That West Point is the best military school in the world is conceded by all impartial critics. Its methods transform the average raw youth into the honorable, refined and highly educated officer of our army. He is pre-eminently taught the "habit of command," which, as a rule, he uses without any of the arrogance shown by officers of some of the armies of Europe, notably that of Germany. He is made to realize that he commands men who are as sensitive as they are brave and who appreciate and respect a character combining generosity, kindness, firmness and, above all else, physical and moral courage.

These traits of character are carefully cultivated at West Point, with a result that, besides having the best equipped personnel, we have in the United States army, without question or doubt, the best trained and most capable gentlemen as officers.—Army and Navy Journal.

An Arctic Bill of Fare.

The Eskimos at home in their native frozen wilds do not believe in cooking. Their meat, be it seal, fish, venison, trout, salmon, whale blubber or codfish, they devour in its natural raw state and with the same gusto with which the average small boy tackles a watermelon. As for bread and vegetables, they have none. They set their seal oil lamps going, suspend a soapstone dish filled with snow over it, and with the water thus obtained they mix an equal quantity of molasses procured from the Hudson Bay company. That they drink and are happy. That is the sum total of an arctic cuisine.

A Flame Combination.

If a small quantity of chlorate of potash is powdered and mixed with an equal quantity of powdered sugar, a candle may be lighted by means of the mixture without matches. Place a little of it in the depression around the wick of a candle that has been previously used and then touch the mixture with a glass rod the end of which has been dipped in oil of vitriol. It will burst into flame, lighting the candle.

An Elaborate Bank Note.

The most elaborate bank note is the hundred ruble note of Russia, of the time of the Empress Catherine, which is a gorgeous piece of paper about 4 inches by 10. The note is barred from top to bottom with all the colors of the rainbow blended as when thrown through a prism. In the center in bold relief is a large, finely executed vignette of the Empress Catherine I in black.—London Tit-Bits.

Testimony of the Nose.

An eminent physician now proclaims that the ancient and general opinion that the nose is an index to character is a fallacy. And it may be proclaimed with fully as much confidence that there is nothing which any eminent physician knows to be so that other eminent physicians do not know to be "about so."—Louisville Courier-Journal.

Declined the Honor.

"Perkins," said Colonel Hankthunder, "you have named a new brand of whisky after me, have you not, sub?"

"I have taken that liberty, colonel," answered the distiller.

"Well, sub," rejoined the colonel, "I shall have to ask you to call it something else. I have tried it, sub."—Chicago Tribune.

The growth of grass that comes in a long, mild, moderately rainy autumn is said to be far more nutritious for cattle than the spring grass. It is richer.

AN UNJUST BOYCOTT?

MR. JAMES W. PAGE APPEARS IN DEFENSE OF A NEWTONVILLE SHOEMAKER WHO'S ALLEGED WORDS HAVE PROVOKED A FEELING.

To the Editor of the Graphic:—Dear Sir:—In the press of indignation and sorrow which followed the cowardly attack on President McKinley, calm judgment was difficult and to many things impossible.

It was inevitable that injustice and even persecution should appear under such circumstances and reports from widely separate localities show that this had repeatedly occurred.

A Newtonville shoemaker, who for years has done a successful business at 244 Walnut street, has found himself ostracized and his trade ruined by a rumor that he expressed gratification in learning of the assassination of President McKinley.

Since that fateful day he has received only sneering glances and looks of hatred. He has been the object of curiosity and has had the appearance of one hounded by such an array of opposition that resistance is hopeless.

If this man did approve or express any approval of the deed he deserves no consideration and will receive none. But he declares absolutely that he made no statement that should be so construed. He declares that he can produce evidence to prove that he repeatedly spoke in praise of President McKinley and in abhorrence of the assault.

However, a mechanic employed in the vicinity, a Frenchman, so report says, states that the shoemaker made a remark in commendation of the dastardly deed. It only required that a few individuals of more or less prominence should state their belief in the truth of this charge. As may be believed these opinions were promptly forth coming and the shoemaker sees his trade disappear into the shop of a competitor who opportunely opens for business a few doors away.

In the mouth of one witness is any word established? Is it not an invariable rule as Thoreau states that we are paid for our suspicions by finding what we suspect? It is true that the shoemaker is a Russian Jew and while this appears to be sadly against him such opposition is an evil against which President McKinley ever was opposed.

Can we honor his memory by permitting his death to result in the injury of any innocent man.

If this shoemaker is guilty, we should not qualify his condemnation but if innocent, as I for one believe him to be, shall we not best honor the noble Christian character of President McKinley by generously hastening to undo the wrong?

James W. Page,
31 Lincoln street, Newton Highlands.

Stepped Into Live Coals.

"When a child I burned my foot frightfully," writes W. H. Eads, of Jonesville, Va., "which caused horrible leg sores for 30 years, but Buckle's Arnica Salve cured me after aforesaid else failed." "Infallible for Burns, Scalds, Cuts, Sores, Bruises and Piles." Sold by Arthur Hudson, 25c.

Mr. Farrington Not a Candidate.

Mr. Charles E. Farrington called at the Graphic office Tuesday evening expressing it as his wish that the Graphic state he is not a Democratic candidate for representative to the general court from the 16th Middlesex district. He states that he is not a resident of Newton and therefore his candidacy would be illegal. It is understood that Dr. W. H. McOwen, the other candidate to the same office, will stand, but that the Democratic ward and city committee will take no steps to fill the vacancy left by Mr. Farrington's withdrawal.

Political Notes.

Oct. 18—Nomination papers for nominations of candidates for State offices, other than those to be filled by all the voters of the Commonwealth, must be filed at the office of the secretary of the Commonwealth before 5 p. m.

Oct. 22—Last day for filing complaint against incorrect and illegal registration in cities.

Nov. 1—Last day for filling vacancies among election officers.

Nov. 5—State election.

The excitement incident to traveling and change of food and water often brings on diarrhoea, and for this reason no one should leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all druggists.

Stricken With Paralysis.

Henderson Grinnett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man. Logan county, W. Va. Several very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. Sold by all druggists.

Mr. James C. Elms

At a regular meeting of the directors of the Shoe & Leather National Bank, Boston, held Friday, Oct. 11th, 1901, the following resolutions were adopted:

WHEREAS death has removed one of our directors, an ex-president of this bank, therefore,

RESOLVED, That the Shoe & Leather National Bank, in the death of Mr. James C. Elms, has lost one of its oldest and most efficient officers. A man of unflinching integrity, of unblemished honor, of exalted purpose; whose fidelity to principle, allegiance to truth and development of Christian graces, exemplified in his life the virtues which constitute the career of a good citizen and a Christian philanthropist.

He was a liberal giver of the means which Providence had placed in his hands. He was a sympathizing friend and associate. He was an honor to the institution of which he was for so many years an officer. The highest praise we can say of him is that he was a Christian gentleman.

RESOLVED, That a committee of five be appointed to attend his funeral. RESOLVED, That these resolutions be entered upon the records of the bank and a copy of the same sent to his family.

Attest, John E. Toulmin, Pres.

When you have no appetite, do not resist your food and feel dull after eating you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. Price 25 cents, at all druggists.

The Smart Set for November.

The November Smart Set is perhaps the most unique and remarkable magazine that has ever been published in this country. Prince Vladimir Vaniatsky is the author of a clever story, "The Sensation of the Archduchess;" Countess Loveau de Chavanne relates the mystery of "The Black Rose;" Lady Violet Greville writes entertainingly of "Fashion in the Garden;" Baroness von Hutton tells the story of an artist's love for a girl whom he calls "Bread and Butter;" and Lady Katharine Morgan contributes an amusing poem, "From One to Twelve." Other contributions to the number are of equal interest. Edgar Fawcett writes the leading novelette, entitled "The Wonderful Idea," a fascinating story of London society and the stage, and some special features that follow are "The Ambassador's Burglar," a humorous play in two scenes, by Caroline Deur, "King Edward the Seventh," a review by Stephen Fiske of the royal visit to America of "Baron Renfrew;" "Lassitude," a poem by Julien Gordon (Mrs. Van Rensselaer Cruger); "At the End of the Course," a thrilling racing story by Martha McCulloch-Williams; "The Princess of Lilies," a strange story by Justus Miles Forman; "God's Messenger," the investigation of a sentimentalist, by G. Vere Tyler; "Mrs. Edgerly's New Maid," by Charles G. D. Roberts; "Like a Thief in the Night," by John Regnault Ellyson; "What Hell Might Be," by Mrs. Stephen Crane; "Le Collier d'Or," a story in the original French by Quenay de Beaurepaire, famous in connection with the Dreyfus trial; "The Count of Mirandol," a poem by Clinton Scollard; and "A Maid Who Died Old," a poem by Madison Cawein.

Newton Blue Book.

The canvass of this popular family reference book will soon commence, and the book will be published this Fall. It will contain as usual a list of the principal residents, street directory, clubs, societies, theatre diagrams, etc. The price will remain the same, \$1.

Every family and club should subscribe for it, as it is sold mostly by subscription.

E. A. Jones,

Publisher, 59 Rindge avenue, N. Cambridge.

BOSTON AMUSEMENTS.

Columbia Theatre—One of the most important engagements of the present theatrical season in Boston will be that of "The King's Carnival," which begins at the Columbia Theatre, Boston, Monday night. It is pronounced one of the most superb burlesque reviews of modern times—full of mirth, merriment, striking situations, excellent music, and gorgeous electrical effects, with songs which are whistled on the streets after a first hearing. In "The King's Carnival," which has a story as consistent as may be devised for extravaganzas, the current dramatic successes are reviewed with ludicrous results. The characters in "The Climbers," "When Knighthood was in Flower," "In the Palace of the King," and "Under Two Flags," are set in opposition to each other, and the most humorous situations follow. The scenic inven-

ture is remarkably brilliant. The usual Wednesday and Saturday matinees will be given.

BOSTON MUSIC HALL: VAUDEVILLE.

October 21 should prove a red letter day in the annals of vaudeville in and about Boston, for on that day, unless all signs fail, Boston Music Hall will be the scene of one of the greatest events in the history of vaudeville theatres. Details of this gigantic project can not be disclosed at this time, but will appear fully in Boston's Sunday papers. Of the vaudeville artists already secured for next week is Louise Montrose, comedienne. Chas. T. Aldrich, the comical tramp juggler, makes his last appearance before sailing for Europe. Then there will be Carlisle's dog circus, the Tennis trio, skilful manipulators of Indian clubs, Jessie Millar, a sterling cornet soloist, Jacklin and Ingram, in illustrated songs, Bijou Russell, a petite and attractive dancer, Bernard A. Williams, who does odd tricks with cards, Fred Caldwell, solo dancer, and the vitagraph, with new motion views.

"My Family Doctor."

Blue Island, Ill., Jan. 14, 1901.
Messrs. Ely Bros.—I have used your Cream Balm in my family for nine years and it has become my family doctor for colds in the head. I use it freely on my children. It is a God-send to children as they are troubled more or less.
Yours respectfully, J. Kimball.
Judge for yourself. A trial size can be had for the small sum of 10 cts. Supplied by druggists or mailed by Ely Brothers, 56 Warren St., New York. Full size, 50 cts.

The Twentieth Century.

The advent of the new century is to be commemorated by the Newton Graphic in the publication of a handsomely bound volume, entitled, "Newton, The Garden City of the Commonwealth, 1874-1901." It will contain valuable and interesting historical matter, fully illustrated with half tone engravings of churches, schools, residences, street views, parks, etc. The history will tell of leading events, characters and progress of the city, and the many advantages of Newton as a beautiful and desirable place of residence will be fully shown. The volume will also contain the portraits and biographies of representative men who, in their lives, their work or their influence have made Newton of to-day the garden city of the Commonwealth and of New England.

It is believed that such a work will commend itself to the citizens of Newton as bringing together a carefully collated record of the lives of men who have contributed to the welfare of our city; men of whom we are justly proud as educators, lawyers, physicians, clergymen and men of affairs.

Such a publication at this time will give to the present, an up to date account of the city and will bequeath to the future a legacy of what Newton was at the beginning of what promises to be a most remarkable century.

The science of music for children," preparing beginners for the study of vocal and instrumental music. Mothers and those interested in the work for the good of the child will find Miss Delano Fridays at the Grafton, where she will explain to them the system and show the materials used in class work.

Lectures by Miss Hersey.

Miss Heloise E. Hersey is to give this season, at the parlors of the Unitarian church in Newton Centre, a course of three talks on Current Literature. They will be on Saturdays, October 26th, November 2nd and November 9th, at eleven a. m. The subject of the first lecture will be the modern historical novel as illustrated by "The Crisis," by Winston Churchill. The terms for the course of three lectures will be two dollars. Non-transferable tickets will be sold to teachers for one dollar and a half. Tickets may be had on application to Miss Grace Dickerson, 944 Centre street, Newton Centre, or at the door of the church parlors.

Evans-Johnson.

At the Trinity Episcopal church, Canton, last Wednesday evening, occurred the wedding of Miss Rosella Johnson, to Mr. J. Arthur Evans of Knowles street, Newton Centre. The ceremony was performed by Rev. George Walker, rector of the church. The best man was Mr. James Belcher of Newton Centre, and the bridesmaids, Miss Gertrude Spooner of New Bedford. The ushers were the Misses Annie Tate, Nabelle Tate, Florence Kelley and M. Ella Tate. A reception followed at the bride's home on Revere street. Mr. and Mrs. Evans will reside on Cherry street, West Newton.

The railroad commissioners have authorized the Newton Street Railway Co. to issue 20 year 5 per cent. bonds to the amount of \$115,000 for refunding purposes.

Returning travellers from Buffalo, speak in the warmest terms of the comfort and conveniences of the accommodations at the Algoma. We are exclusive agents.

The funeral was held Tuesday afternoon at 2 o'clock from the Unitarian church, South Natick. Rev. Mr. Daniels officiating, and the interment was in the cemetery at South Natick.

HEIGHT OF GOLF SEASON.

MANY ENTHUSIASTS ENJOYING FAVORABLE WEATHER CONDITIONS AND FINE PLAYING IS THE RESULT.

Excellent golfing weather brought out the enthusiasts at all of the Newton links on Saturday last. At the Albemarle club the second round of the handicap stroke competition which is being held throughout this month, resulted in another victory for Paul R. Knight, who led in class A with a net score of 79. In class B, W. E. Hickox was first with a net of 84.

A handicap match versus bogey was the event at the Newton golf club, Mr. A. J. George capturing the honors with a handicap of 8 and a score of 1 up. At Newton Centre Mrs. Henry Bailly of the home club and C. S. Clark of Salem were the winners in an invitation mixed foursomes handicap competition. Their score was 115-140. In the first rounds of the club championship the victors were K. W. Whittemore, E. H. Kidder, Wm. Wadsworth, Percival Gilbert, E. M. Noyes, Henry Bailly and A. H. Gilbert. The second rounds will be played this week and several exciting contests are expected.

The tournament for the Founder's cup at Brae-Burn has progressed as far as the second round, in which Percival Gilbert beat E. S. Wilcox 1 up, (19 holes). Mrs. F. W. Hatchel, under leads in the women's championship tournament, having defeated Miss Phelps and Mrs. A. B. Cobb. The semi-finals in this match will be played this week.

Mr. F. E. P. Levi was the winner of a silver cup offered by a member of the Woodland golf club for the best score in a handicap stroke competition. His score was 84-127. This week Saturday the championship tournament for men and women will begin, the finals to be played on November 2nd.

A record was made at the Albemarle links this week when Alexander H. Findlay, the well-known professional played an exhibition round, reducing the bogey score of 78 for the 18 holes by 6 strokes. This score has never been beaten and has been equaled but once by Kitson of the Merry-mount Club.

DRIVEN TO MADNESS.

TIMES WHEN AN EXCESS OF JOY IS LINKED WITH INSANITY.

Some of the Saddest Cases of Lunacy Are Those Where the Mind Is Unable to Stand the Shock of Sudden Good Tidings.

It is no exaggeration to assert, and an asylum doctor of long and varied experience, that there are scores of men and women in our asylums who have literally been sent there through excess of joy. Many of these cases which are, in my opinion, the saddest of all have come under my own observation.

I remember in the very first asylum with which I was connected one of the patients was a strikingly handsome and very well educated man, who was as sane as you or I except on one point. He was really a man of considerable wealth, but his delusion was that he was a pauper, and he would tell the most pitiful tales of his destitution, begging, with tears in his eyes, for a few coppers with which to buy bread.

According to the story told me, he was the only son of a wealthy merchant. In his youth he had fallen among evil companions and had led such a dissolute life that his father not only threatened to disinherit him, but forbade him ever to enter his house again. After that he seems to have sunk into the lowest depths of poverty until he was glad to earn a few coppers by selling papers or matches in the streets.

It was at this last and lowest stage that news came to him that his father had died intestate and that he was heir to all his vast fortune. The sudden news completely turned the man's brain and brought on such a condition of excitement that he had to be sent to an asylum, and when he calmed down again he had lost all recollection of his good fortune, and nothing can shake his delusion that he is on the verge of starvation.

Another patient in the same asylum was a young and in his lucid moments a most intelligent fellow, whose "brain was turned," as the saying is, on learning that he had passed an examination. He had sat for the matriculation examination at the University of London, on passing which he had set his heart and had asked a friend in London to wire the result as soon as the names were screened at Burlington House.

About three weeks later came a fatal telegram, "Failed—sorry," which sent the young man into the lowest depths of despair, for he was too old to sit again. Not many hours later, however, came another telegram, "Passed honors—very sorry crush so great did not see name this morning." The revulsion of feeling was so great that the student's reason gave way, and he became so violent in his excitement that he had to be confined. Fortunately he was not with us long and is now, I am glad to know, doing very well as a solicitor.

Disappointed love sends many people to asylums, but it is very seldom that success in wooing drives a man mad. It had this strange effect, however, on one of my late patients. The girl he loved had gone out to India to keep house for her brother before he had screwed up his courage to the point of proposing to her, but an offer followed by mail very quickly after her. Weeks and months passed, and no answer came to the impatient lover until, after waiting two years in despair, he became engaged to a girl who had nothing but her money bags to recommend her and for whom he had not a particle of love. Scarcely, however, was his fate sealed than he received the long despatch of letter from India, accepting his offer and explaining that the girl's brother had received and mislaid the letter, which had only just been found and had come into her hands.

Within an hour of the receipt of this letter the man was a raving maniac, and although his condition is improved I doubt whether he will ever recover his reason.

In another remarkable case it was the joy at seeing her husband again that robbed a lady patient of her reason. Her husband was the captain of a merchant ship which was reported to have gone down with all hands. The widow had deeply mourned her husband for nearly a year, when one day on returning from a walk she found him sitting in the drawing room as hale and robust as ever.

With a shriek she fell unconscious on the floor, and when she recovered her reason was gone. It seems that her husband, after floating for some time, had been picked up by a passing "tramp" and had been landed on the west coast of Africa, from which he had returned home by the first available vessel.—London Tit-Bits.

'Tis Different In England.

"I suppose it's all right for Americans who visit Europe to talk with an English accent when they come home," reflected Uncle Allen Sparks, "but you never hear of any Englishmen talking through their noses and saying 'I guess' after they have spent a season in the United States and gone back home."—Chicago Tribune.

Hope.

"Say, pop, I've got to write a composition on 'Hope.' What is 'Hope,' anyway?"
 "Hope, my boy, is the joyous expectation of being able to dodge our just deserts."—Life.

Hyde park, the Green park and St. James' park cost London between them £32,976 a year to keep up.

More than four-fifths of the population of Mexico are of mixed or Indian blood.

Business Established 1817

NEWTON.

—Pianos, Farley, 433 Washington st.

—Newton defeated Watertown at candlepin Tuesday night, 1267 to 1179.

—Opening night of the Woman's Auxiliary Fair will be Tuesday, Nov. 5.

Wilbur Bros., 311 Centre street, use pure fruit flavors only at their soda fountain.

—Mr. J. H. Balyozian has reopened his rug store in Brackett's block on Centre street.

—Mrs. Martha W. Austin of Centre street is suffering from a severe sprained ankle.

—Mr. Leary of Kenrick street left Friday accompanied by his sister, for a trip to California.

—Wall paper, newest designs and coloring. Hough & Jones, Decorators, 245 Washington street.

—Ye old fashion New England supper served by the Women's Auxiliary Thursday evening, Nov. 7, at Y. M. C. A. hall, 25c.

—The Odd Fellows' Building Association of Newton Highlands hold a fair in its building Oct. 28th, 29th and 30th.

—The Fair under the auspices of the Woman's Auxiliary is to be held Nov. 5th, 6th and 7th. Tickets on sale at Y. M. C. A. office.

—Mr. and Mrs. William B. Ely, who arrived recently from Europe, have taken apartments on Pinckney street, Boston, for the winter.

—Mrs. F. A. Ward of Newport, R. I., and Mrs. M. A. Baxter of Portland, Me., are the guests of Mrs. William E. Baxter of Franklin street.

—Are you fond of Roast Turkey? The Women's Auxiliary serve a Turkey Supper at Y. M. C. A. hall, Wednesday evening, Nov. 6. Tickets 35c.

—People who enjoy frozen pudding made from rich cream and pure fruit should patronize Wilbur Bros., 311 Centre street. Telephone connection.

—Ye old fashioned New England supper, in other words, Baked Beans and Brown Bread with Squash Pie, Thursday evening, Nov. 7, at Y. M. C. A. 25c.

—At the state convention of the W. C. T. U., held in Lynn last week, Mrs. Katherine Lente Stevenson of Willard street was re-elected president for the coming year.

—Mr. and Mrs. Horace Sears Crowell of Brookline, formerly of Newton, announce the engagement of their daughter Fay to Mr. Percy Peniston Wright of Cambridge.

—Ladies when in need of a switch, pin curls or front piece, have it made at Mrs. L. P. Eliot-Anderson, 171 Charlesbank road, Newton. Only the finest quality of hair used.

—Christmas is coming. The place to buy your Christmas presents is the Woman's Auxiliary fair. Toys, fancy articles, art goods, jellies, preserves, fruits, nutmeat and cakes, all home made.

—Mrs. Edward N. Soulis of Centre street will have the sympathy of her many friends in the loss of her mother, Mrs. Isabelle Knowlton in Allston, last Friday, at the age of 63 years. The deceased was formerly Mrs. A. J. Fayes at one time a well known resident of this place and was a charter member of the Immanuel Baptist church. The funeral was held Monday at 1.30 and was attended by many Newton friends.

A fair for the benefit of the proposed Deaconess' Hospital, Bellevue street, Longwood, will be held in Copley Hall, Boston, Nov. 4, 5, 6, 7, 8, and 9. This Hospital is to cost \$100,000, \$45,000 of which has been subscribed. This is a place where young women without salary consecrate the highest scientific skill to the care of the sick regardless of the creed, nationality, or financial ability of the patients. It is also a place where such young women are trained for district nursing among the poor.

Any contributions for this fair will be gratefully received, from a bushel of potatoes to a piano. 89 churches in Boston and vicinity are engaged in this enterprise. The territory is divided into districts, each one to have a table. The physicians' wives

are to have a table, with Mrs. J. W. Cushing of Brookline at the head. The Epworth Leagues of New England will have for sale: dolls, dolls' clothing and infants' clothing. The ex-patients have a table. There is to be a flower booth, and plants, slips and cut flowers are solicited.

The young men of New England have a country store, in charge of W. H. Flanders and George F. Richardson of Newton Centre. Mrs. R. S. Douglass of Auburndale has the Colonial Exhibit. We want our Newton table to be the best one in the fair. Please help us.

Send contributions to Mrs. A. G. Barber, 49 B. Carleton street, Newton, or to Mrs. W. H. Flanders, Lake terrace, Newton Centre.

PROGRAM.

Monday, Governor's Night: Tuesday afternoon, Miss Chester, pianist; Tuesday evening, Lasell Night, mili-

NEWTON.

Sandwiches of all kinds at Wilbur Bros., 311 Centre street.

—Rev. Dr. William H. Davis of Park street has been spending the week in Vermont.

—We can make your neck look thick or thin by our new system of hair cutting. 289 Washington street.

—When you want a good smoke go to Wilbur Bros. They sell all the standard makes of good cigars.

—Messrs. Joseph W. Bacon, J. Henry Bacon and William F. Bacon have returned from a trip to Essex.

—The Woman's Auxiliary meet in the Y. M. C. A. parlors at 3 p. m., next Wednesday. All ladies are welcome.

—Mr. and Mrs. W. B. Rogerson of Willard street returned Friday from a visit to the Pan-American Exposition and Niagara.

—Bulbs, Plants, Cut Flowers and Funeral designs at Clarke's greenhouses, Mt. Ida street. Low prices. Telephone connection.

—Mrs. Lewis E. Coffin and her sisters, the Misses Barker of Bellevue street, arrived Friday on the Commonwealth of the Dominion line from Europe, where they spent the summer.

—Mrs. William Henry Partridge of Pembroke street was elected a member of the executive committee of the Billings Family Association at the 17th annual reunion held in Boston last week.

—Last Saturday, on Boyd park the Walnut Parks played the Midget Juniors, and was defeated by the latter, by the score of 25 to 0. The feature of the game was the playing of Bailey.

—Miss Elsie V. Tucker of Church street, representing the Kappa Kappa Gamma Fraternity of Boston University was a member of the committee in charge of the initiation of freshmen last Friday afternoon.

—Mr. and Mrs. C. H. Angell, who came here to attend the wedding of their niece, Miss Mabel Fisher, and were the guests of Mr. Oliver M. Fisher of Church street, have returned to their home in Springfield.

—Mr. and Mrs. William M. Paxton of Elmwood street returned Tuesday on the "Cesterian" of the Leyland line after a three months' absence. During their trip they visited the Azores, Naples, Rome, the art galleries in Florence, Paris and London.

—Proprietor W. S. Hayden of the Newton Corner Market has completed a number of improvements at his store. Among them is the addition of one or more delivery wagons and the painting of his several wagons a uniform color. The whole has a very pleasing effect.

—The regular rehearsal of the Newton Choral Association will be held next Monday evening in the chapel of Eliot church. The limit of active membership is nearly reached and the members have in active rehearsal the cantata "Fair Ellen," and miscellaneous chorals selections.

—Marshall, the photographer, is making a set of views of the Newtons, preparatory to publishing them for the Christmas trade. Anyone desiring to have their house and grounds or some favorite view included in this set, will please notify him at his studio, 263 Washington street, Newton.

—Mr. Gorham D. Gilman has been confined to his home on Baldwin street by sickness since his return from Buffalo, Oct. 1st. Mr. Gilman went to the Pan-American Exposition at the request of the Chamber of Commerce of Honolulu, to lecture on "Hawaii," in the Temple of Music. We learn that he is improving though not yet able to attend to business.

THE DEACONESS FAIR.

Monday, Governor's Night: Tuesday afternoon, Miss Chester, pianist; Tuesday evening, Lasell Night, military drill: Wednesday afternoon, Mrs. Bussey, pianist; Wednesday evening, Boston University Night, B. U. Glee Club; Thursday afternoon, Mr. Davidson, pianist; Mr. Rand, violinist; Thursday evening, Carnival Drill, in charge of Mrs. Mitchell; Friday afternoon, Double quartet of Ladies from Boston University; Friday evening, Harvard Night, Harvard Glee and Mandolin Club; Saturday afternoon, Dolls' Carnival; Saturday evening, Harvard Quintet, with Humorous. Officers of the fair committee: President, Prof. C. C. Bragdon, Auburndale; vice-president, Mrs. F. H. Eaves, Roxbury; press, Mr. H. D. Degen, 87 Milk street.

The executive officer of the New England Deaconess' Association is Rev. T. C. Watkins, 693 Massachusetts avenue, Boston.

A description of the Deaconess movement, crowded out this week for lack of space will be given in our next issue.

NEWTON.

—Spinach 10c per peck; celery 10c per bunch. Newton Corner Market. Tel. 224-2.

—Fern dishes filled at Clarke's greenhouses, Mt. Ida street. Telephone connection.

—Mrs. George W. Bush of Elmwood street is the guest of Mrs. Harry E. Tucker in Worcester.

—For Saturday, Fowl 15c per pound; chickens 16 2-3 per pound. Newton Corner Market. Tel. 224-2.

—At Clarke's greenhouses, Mt. Ida street, violets, carnations and roses are in season. Telephone connection.

—Rev. Adelbert L. Hudson of Tremont street was the speaker at the Unitarian Club, Watertown, last Wednesday evening.

—Mr. A. C. Brayton, who has been the guest of his daughter, Mrs. Black of Williams street, has returned to his home in Alburgh, Vt.

—Mr. A. G. Hastie has resigned his position with Prescott & Quint to enter the employ of the Newton Corner Market, where he will be pleased to see his former friends.

—Contributions of fresh and preserved fruit and jellies for the fruit table at the Y. M. C. A. fair are invited by the committee in charge to be sent to the hall on Nov. 5th.

—The Garden City Football team has been reorganized and will play the Oak Leaf Social Club of Watertown, on the Town field at Watertown, to-morrow afternoon at 3.30.

—Mr. Dudley Hornbrook will have the sympathy of his many friends in the death of his fiancée, Miss Mabel Carolyn, youngest daughter of the late Maj. George S. Worcester, formerly of Newton, which occurred in New York on Tuesday. Services take place Saturday at 2 p. m., at the Forest Hills cemetery chapel.

NEWTON CLUB

On Monday evening, F. E. Marston and H. S. Pearson were high men with 3 plus at duplicate whist.

Tonight the Boston Festival Orchestra, assisted by Mrs. Hunt, will give the first concert of the season.

On Wednesday night the first Ladies' Whist will be given.

Hon. H. E. Cobb, J. L. Richards, E. S. Merchant, H. S. Pearson, S. W. Jones, C. M. Goddard and J. H. Wheeler were elected a nominating committee last Saturday evening.

Football on Cabot Park

The Rutterville A. A. of Newton defeated the Antrim A. A. of Cambridge on Cabot Park Saturday afternoon by a score of 15 to 0.

The feature of the game was the line bucking of Capt. Miller, which was the best seen in Newton this year; he broke through the line time after time for gains of 30 yards.

Antrim A. A.—Capt. Coward, i. e.; J. Walsh, l. t.; Kenney, l. g.; Eadie, c.; Sullivan, r. g.; Nixon and Ferris, r. t.; Dixon, r. e.; Humans, q. b.; Parks, l. h. b.; Wells, r. h. b.; Dickey, f. b.

Touchdowns Miller 3 A. Smith umpire; J. Cody referee; Hamilton, line-man; J. Cronin timekeeper; time 15 min. halves.

Rutterville A. A.—J. O'Brien, r. e.; Regan, r. t.; Molloy, r. g.; Halfrey, c.; T. O'Brien, l. g.; Mack, l. t.; Monks, l. e.; O'Donnell, q. b.; Stumps, r. h. b.; Ryan, l. h. b.; Capt. Miller, f. b.

Say "No" to the man who offers you a cheap substitute for Kennedy's Butter Thin Biscuit. If you don't he wins, and you lose. It costs less to make poor imitations.

BOARD OF ALDERMEN.

Veto Not Sustained—Aldermen Determined on New Police Station.

Limit on Ash Street Schoolhouse Raised to \$64,000.

The board met in regular session last Monday night. President Bailey in the chair, and Aldermen Brown, Chesley, Ensign, Hubbard, Lothrop, Mellen, Norris, Pond, Pulsifer, Saltonstall, Stickney, Trowbridge, Wardwell, Weed and Weeks being present.

MAYOR'S VETOES.

The following communication was received from His Honor the Mayor:

To the Board of Aldermen:

Gentlemen—Regretting the occasion for any difference of opinion in a matter of legislation, especially in view of unanimous action by your board, I find myself more and more strongly impressed that no public exigency exists which warrants the erection of a new police station in Ward 1, and the remodeling of the fire and police building in Ward 7, for exclusive use of the fire department. The concentration of street railway lines in Nonantum square renders that location constantly in need of prompt and energetic police supervision, and when a change becomes of absolute necessity it doubtless will be in the fire department, to gain opportunity for greater freedom in the movement of its apparatus.

It is understood that the money appropriated will not be sufficient for the work contemplated, as the police station is to be only partially finished and will require future appropriations for its completion. To involve the city in this matter is not good public policy. For these reasons I return without my approval the order 26778, appropriating \$12,500 and authorizing the construction of a new police station in Ward 1, and for remodeling the present fire and police building in Ward 7.

Edward L. Pickard,
Mayor.

A communication on similar lines disapproving of the issue of a ten year certificate of indebtedness for \$12,500 for the above purpose was also read and the whole subject tabled until later in the evening.

The following communication was also temporarily tabled:

To the Board of Aldermen:

Gentlemen—Pursuant to the recommendations of the order 26786 relative to the proposed Ash street school house passed on the 7th instant, the public buildings commissioner has rejected all of the bids for the building submitted in his report to the board of the 16th of September last. But before permitting him to exercise the authority granted by the order and to involve the city in any further, possibly futile expense, I thought it prudent to ascertain accurately, so far as practicable, what might be accomplished within the limit fixed by your board. To this end at my request, the architects, Messrs. Bacon & Hill, have considered in my presence various ways of modifying their original scheme and plans for the building, with the public buildings commissioner, the school superintendent, and the chairman of the committee on school houses of the school committee. The sketches submitted with this communication, showing the floor and basement plans and exterior, are the results of these conferences, and show in rough sketch a modification of the original plans as will reduce the building to a simple compact form, following in its general scheme, the Adams and Hyde buildings, and yet fulfilling in point of accommodation, the requirements of your order. This modified plan also met with the informal approval of the gentlemen representing the school committee.

The architects were then requested to eliminate from their specifications, all structural features which were in excess of the requirements of the ordinances and not essential to the safety and strength of the building, and to obtain reliable approximate estimates for the construction of the building in accordance with these modified plans and specifications from the three lowest bidders upon the original plans. The result is stated in a letter from them, annexed to this communication. As stated in their letter, the lowest figure thus ascertained is \$57,320 and to this must be added grading, water, sewer and gas connections, gas fixtures, all architects' and engineers' commission and the expense of the original competition, an additional sum of approximately \$6,900 making a total cost of over \$64,000. These figures might be bettered when the plans are opened to public competition but this cannot be ascertained in advance.

It is fair to say that this figure is based on an exterior of buff brick and that a probable saving of some 7 or 8 hundred dollars might be made by using red brick. After careful investigation of the items in which a further saving might be made, I am convinced that to bring the cost within the limit fixed by your board, there must be a substantial cheapening of the structural features of the building in general terms along the lines laid down by the architects. With this cheapening in the construction it seems quite clearly established that the building can be built within the limits you have fixed. Without this cheapening in the construction the building will exceed your limit.

While I desire to see this building built, and am as earnest as any member of your board to obtain it at the least possible cost consistent with a satisfactory result, I am unable to convince myself that it is a wise economy to accomplish this by such changes, for example, as the substitution of wood for iron stairs, or wooden fur for wire lathing, or the omission of wainscoting in the corridors and assembly hall, or painting the

interior walls and ceilings, an item by the way, wholly omitted from the original cost of every school house previously built except the Bigelow.

With this conviction and confronted by the figures I have already quoted, I deem it to be my duty to lay the situation before you before any further steps are taken or expenses incurred by the public buildings department.

An increase of say \$5000 in the limit fixed by your board will, I believe, be ample to complete the building in a thoroughly creditable manner. Without such an increase, it will be necessary to cheapen the construction of the building in some important features below even the standard set for the school now being constructed at Thompsonville. I recommend such an increase for your favorable consideration.

There have already been so many delays in this matter and the season is so well advanced that I wish to urge upon you the desirability of immediate action in case you decide to make any change in your order of the 7th in view of what I have stated.

Edward L. Pickard,
Mayor.

A communication transmitting request of R. S. Gorham for extension of snow ordinance to Ward 3 was referred to the committee on ordinances.

A communication transmitting the recommendations of receipts and estimates for 1902 was referred to the finance committee.

The request of the Republican City Committee for caucus arrangements on Nov. 15th was granted.

The report of the public buildings commissioner submitting plans and estimates for the new Mason school house was referred to the public property committee.

HEARINGS.

On the proposed taking of land for sewers in Webster place, Mr. John Bellamy entered a protest on the ground of unnecessary expense, and the hearing was closed.

No one appeared at the hearing on the proposed construction of a sidewalk on Berwick road under the betterment act, and the hearing was closed.

PETITIONS.

The petition of John O'Connell et al for the submission of Chap. 344 of the Acts of 1899 to the voters, was recorded and filed. This petition covers what is known as the eight hour law for city laborers.

Petitions of S. E. Howard for sewer in Northgate road and of R. R. Bishop for sewers in Montvale and Intervale roads were referred to the sewer committee.

Petitions of T. M. Richards for street light on Ward street; of Bush et al for street light on Central avenue, and of Lentell et al for light on Floral avenue were referred to the street light committee.

Petitions of Childs et al for sidewalk around Roger Wolcott school, Waban; of Angier et al for crosswalk on Woodward street; of Haffner et al for plank walk on Langley road; of Greenwood et al for crosswalk on Hartford street; of Goodwin et al for sidewalk on Nonantum place, and of Thos. Johnson for damages on account of grade of North Prospect street, were referred to the highway committee.

Wiley S. Edmonds and Elliott J. Hyde were granted licenses as auctioneers.

Petitions of Wm. Comeau for license for three pool tables and of C. E. Riley to move building on Bellevue street were referred to the license committee.

Petitions of Horrigan et al., call firemen, for increase in pay was referred to the fire department committee.

The return to the Supreme Court in the case of the city vs. John Ward in the street watering cases were signed by the members present.

COMMITTEE REPORTS.

The following reports were accepted:

AUDITING—Relative to bills for September.

JOURNAL—Relative to approval of records.

SEWERS—Recommending leave to withdraw on matter of sewer in Colchinate road.

STREET LIGHTS—Recommending leave to withdraw on petition of Gas Co. for pole location on Summer street.

The following reports were received:

FINANCE—Recommending grant of \$76,209.58 for city expenses to Nov. 15, and favorable to passage of order establishing pay of election officers.

HIGHWAY—Recommending lay out of Ware road; favorable to sidewalks on Arlington street and Charlesbank road; and favorable to crosswalk on Elmwood street.

PUBLIC PROPERTY—Recommending \$313 for removal of morgue.

SEWERS—Recommending taking of land in Rossmore street for sewer.

STREET LIGHTS—Favorable to granting Tel. Co. pole locations in Watertown and Valentine streets, and attachments on Auburn and Greenwood streets.

ORDERS.

The following orders were severally adopted:

Granting \$76,209.58 for city expenses to Nov. 15; establishing pay of election officers; authorizing sidewalks on Arlington street, and Charlesbank road; taking land in Webster place for sewer; authorizing sewers in Webster street and Webster place; granting Tel. Co. pole locations on Valentine and Watertown streets, and attachments on Auburn and Greenwood streets; authorizing contract for printing city documents for 1901, and assigning hearing Nov. 4, on taking land in Rossmore street for sewer and for laying out of Ware road.

The itemized estimates of department for 1902 was received and filed.

POLICE STATION VETO.

When this matter was taken from the table Aldermen Weed said that while he regretted to differ from the Mayor, he believed his original reasons were still valid. The present situation is a great disadvantage to both departments, and the proposed solution seems to be reasonable.

Aldermen Weeks stated that he had carefully examined the necessities of the case and had satisfied himself that something should be done. He did not believe the situation demanded immediate action, and would support the Mayor's position. He announced that he had agreed to pair with Alderman Fisher, who favored the order.

A motion to postpone action until the next meeting was defeated.

Alderman Lothrop thought the fire department needed relief, and while he was not anxious for a new police station the plan relieves the fire department and he should favor it.

The veto was not sustained, Aldermen Brown, Chesley, Ensign, Hubbard, Lothrop, Mellen, Norris, Pulsifer, Stickney, Trowbridge, Wardwell, Weed and Pres. Bailey voting aye, Aldermen Pond and Saltonstall voting nay. Aldermen Fisher, (aye), and Weeks (nay) paired.

The financial order for the police station was also passed over the veto by the same vote.

ASH STREET SCHOOL.

The mayor's recommendation relative to the Ash street school was then taken from the table.

On motion of Alderman Weed the previous order fixing a limit of \$60,000 was rescinded, and a new order establishing the limit of cost at \$64,000 was introduced.

Alderman Weed favored the new limit as the mayor's investigations showed it necessary in order to provide a building which will leave no cause for regret. In reply to a question, as to a report of a 10 room building to be built at Lexington for \$57,500, Alderman Weed said he had investigated the matter, and found that the building contained practically 7 class rooms, 4 recitation rooms and a hall. The price does not include finished grading, gas fixtures, nor painting. The building also has wooden stairs, wooden lathing and thinner walls than would be desired in Newton.

Commissioner Elder in reply to a question estimated the difference on the Ash street building, between red and buff brick at \$2,500.

Alderman Lothrop wanted Auburndale to have a school house, thought \$60,000 a liberal sum to appropriate, and red brick was good enough to use.

Alderman Brown said that Ward 4 had had economy thrown at them for several years, but if they could not have a building at least as good as Thompsonville, they would wait until they could. He desired buff brick as the modified plans were for a building on very severe lines.

Alderman Ensign believed it unwise policy to force a cheap building on any part of the city.

Alderman Weed called attention to the fact that the Adams, Hyde and Pierce schools could not be duplicated today for their original cost. He suggested that the bids be obtained for both red and buff brick, and pending the drafting of such amendment the board took a recess, after authorizing the sewer committee to hold a meeting.

On reassembling the amendment as above suggested was made and the order was adopted. Aldermen Lothrop and Mellen voting no.

The report of the sewer committee favorable to taking land in Northgate road for sewer was accepted and the order assigning an immediate hearing adopted. No one appeared at the hearing and the order taking the necessary land and authorizing sewer construction therein were adopted.

The board at 9.59 p. m., then adjourned.

A FENOLISH ATTACK.

An attack was lately made on C. F. Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at Arthur Hudson's Drug Store.

BOSTON AMUSEMENTS.

Boston Museum—"A rustic revelation" is what somebody calls Kidder's "Sky Farm" and the alliteration is apt. The Boston Museum has been packed to the doors since the merits of this remarkable play have become generally known and the advance sale of seats is enormous. It is a performance that appeals alike to gallery and orchestra. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at Arthur Hudson's Drug Store.

From the first scene in the clergyman's house where the strains of "Greenland's icy mountains" rise sweetly over the beautiful Berkshire valley to the realistic representation of Darius Nixon's barn—with a barn dance that stirs the blood—pure love, dramatic incident, fine acting, and scenery that seems a part of nature itself, enthrall the auditor through four absorbing acts. Mr. Charles Frohman's cast for this play is the talk of the theatrical world. Summed up briefly "Sky Farm" is a success that all should see, for its fun, its pretty love scenes, its touches of nature, its magnificent scenery, its real baby, and its two and a half hours of tense, palpitating, everyday human interest.

Once in a while cats and dogs dwell side by side in beatific harmony. So may it be said of Vaudeville and "Evangeline," which were presented this week at Boston Music Hall and have proved most delightful entertainment for thousands, old and young. The experiment of producing a three-act burlesque, with splendid cast, large chorus, beautiful scenery and an augmented orchestra, in conjunction with half a score of vaudeville features, was one which required abundant faith in the drawing powers of each species of diversion, when, thus combined. Next week the idea

will be continued. "Evangeline" will enter on its second week and the supplementary entertainment to be found in vaudeville numbers will be given by such clever artists as John Le Clair, a skillful and original juggler, Frederick Howard, in monologue combining musical excerpts and comic dissertations, the Valveno brothers, acrobats and head balancers, McRae and Wyatt, blackface singers and dancers, and the Princeton Sisters, in songs and acrobatic dances. Cotton's trained donkeys will afford diversion for the children, and the Vitagraph will show new motion pictures.

Boston Theatre—One of the largest and most enthusiastic audiences ever assembled in the Boston Theatre was there last Monday night to welcome William A. Brady's colossal production of "Uncle Tom's Cabin." Interest on the part of the younger generation is whetted by the very generous offering made by Managers Lawrence McCarty and William A. Brady of a fine Shetland pony, a thoroughbred, which will be presented to the schoolboy or schoolgirl, who, having seen a performance of "Uncle Tom's Cabin" during the current revival, shall write the best essay on the lesson it imparts. This prize contest is open to all New England, the judges to be selected from among the dramatic and literary editors of the various Boston papers. Essay blanks, as a means of identification, will be furnished the children by the door keeper on entering the theatre. The prize itself will be awarded at a matinee performance the date of which is yet to be announced. Despite the enormous cost of this mammoth production of "Uncle Tom's Cabin," the reduced scale of prices established at the beginning of the Boston Theatre season continues, one dollar securing the best orchestra seat; 75c for orchestra circle; 50c for the first balcony, and 35c for the family circle or second balcony.

Newton Blue Book.

The canvass of this popular family reference book will soon commence, and the book will be published this Fall. It will contain as usual a list of the principal residents, street directory, clubs, societies, theatre diagrams, etc. The price will remain the same, \$1.

Every family and club should subscribe for it, as it is sold mostly by subscription.

E. A. Jones,

Publisher, 59 Rindge avenue, N. Cambridge.

About Trademarks.

When Jenny Lind was receiving her remarkable American ovation, fifty years ago, it was mentioned at a table where she was entertained that an enterprising fish merchant had already registered a trademark for Jenny Lind herrings. A young girl at the table promptly said: "That is a selfish idea." Every trademark is a selfish idea. Certainly there was never before such a trademark impetus as now exists. Owners of every kind of movable property, whether animal, vegetable or mineral, are using and registering trademarks. To supply the demand for information about patenting trademarks, C. A. Snow & Co., of Washington, D. C., published for free distribution have a small book of information about trademarks, explaining what may be patented (registered) as a trademark, with pictorial illustrations of many trademarks procured for their clients, and decisions in trademark cases.

Stepped Into Live Coals.

"When a child I burned my foot frightfully," writes W. H. Eads, of Jonesville, Va., "which caused horrible leg sores for 30 years, but Bucklen's Arnica Salve wholly cured me after everything else failed." "Infallible for Burns, Scalds, Cuts, Sores, Bruises and Piles." Sold by Arthur Hudson, 25c.

The professor happened in at the doctor's the other morning and found him polishing the belongings on the sideboard.

"Improving the shining hours, are you?" he said.

"No, sir," replied the doctor. "I'm improving the shining wares."

"H'm!" ejaculated the professor.

"Whose are they?"

"They're ours."

"Well, isn't that what I said?"—Chicago Tribune.

When you have no appetite, do not relish your food and feel dull after eating you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. Price 25 cents, at all druggists.

Towne—"Do I understand you to say that Spander's case was really a faith cure?"

Brewne—"Yes, you see, the doctor and the druggist both trusted him."—Philadelphia Press.

What's Your Face Worth?

Sometimes a fortune, but never if you have a sallow complexion, a jaundiced look, moth patches and blotches on the skin—all signs of Liver Trouble. But Dr. King's New Life Pills give Clear Skin, Rosy Cheeks, Rich Complexion. Only 25 cents at Arthur Hudson's Drug Store.

New Rates. Free Telephones.

THE NEW ENGLAND

Telephone and Telegraph Co.

ANNOUNCES NEW AND LOWER RATES.

A few free residence telephones will be installed during the month of October, 1901, for trial until January 31, 1902.

VOTE FOR

W. MURRAY CRANE

For Governor

and the

ENTIRE
REPUBLICAN
TICKET.

VOTE FOR

JOHN W. WEEKS

For Mayor.

THE FIRST VETO.

Mayor Pickard's first veto, covering the matter of a new police station at Newton was not sustained by the aldermen at their last meeting. Notwithstanding the fact that the executive objections were based on substantial grounds of fact and common sense, the aldermen took the bit in their teeth and with three exceptions, voted in opposition to the mayor's wishes.

The result will be a yearly increase of the tax levy of about \$1300 for the next ten years, the erection of a partially finished and badly located police station, with subsequent calls for further sums for completion, and a wholly indeterminate sum for remodeling the present building in Nonantum square for fire purposes.

The latter item has been but briefly considered by the board; the amount for that purpose included in the appropriation cannot be available until the new police station is erected, and will, at that time we venture to predict, be wholly inadequate for the purpose.

We believe that the future will fully vindicate the position taken by Mayor Pickard.

THE REPUBLICAN VOTE.

Notwithstanding the apparent apathy of state politics, there are two important reasons why the Republican voters of this city should turn out on election day with full ranks. The election of a Republican senator is of vital importance to Newton. We cannot afford to allow the election of an advocate of the mill tax or consequential damage bills, by any indifference on the part of the tax payers.

The Republicans also owe it to themselves and to the country, to roll up an emphatic endorsement of the businesslike administration of Governor Crane. Let each one do his part to achieve such results.

Taxpayers should not forget that Alderman Weeks' record of three years' service in the city government, with membership on important committees, places him in line for promotion to the mayoralty.

It is a strange provision of law, which allows the passage of orders over the Mayor's veto, by a less number of votes than is necessary to obtain its adoption in the first instance.

On account of accidents at the electric light station our power was seriously curtailed this week, and many local items will be carried over to our next issue.

Clubs and Lodges.

The Ladies' Home Circle will meet in the West Newton Unitarian church parlors Wednesday, Oct. 30th, at 2 p. m.

The regular meeting of Boynton Lodge, Odd Ladies, will be held Nov. 12th, at 2.30 p. m.

Reception.

In the New Church, parlors, Newtonville, Thursday evening of last week an informal reception was given to the school committee, Newton school teachers and parents under the auspices of the Newton Education Association. The receiving party consisted of president D. C. Heath, Supt. of schools, A. B. Fildes and Mrs. George W. Blodgett of Auburnville.

SCHOOL BOARD.

Pupils' Car Tickets a
Knotty Question.

City Solicitor to be Asked for
an Opinion.

The recent action on the part of certain street railway companies in making a change in their rules regarding the transportation of school children was brought up at Wed. evening's meeting of the school board. Up to the present it had been customary for the superintendent of schools to purchase tickets for school transportation in bulk. These were purchased in turn by pupils. According to the new rules adopted, these tickets must now be purchased by individuals and a new strip can only be obtained by showing the cover of the last strip of purchased tickets. On account of the inconvenience of this system, the board decided to refer the matter to the city solicitor.

In his report to the board, Supt. Fildes stated that the total enrollment in the public schools Oct. 21, to be 5,742, of which 771 were in the High school. This is an increase over last year of 164.

The enrollment in the English and drawing evening schools was 88 and 21 respectively, a large increase over last year. The teaching force numbered 24, of which 29 were stationed in the High school, 133 in the grammar and primary grades and 32 in the kindergarten. There were 10 special instructors.

A report was received from the committee on rules and regulations recommending that the rules be so changed that hereafter teachers shall make physical examinations of pupils and upon the detection of any symptom of contagious disease, shall send the children home and not allow them to return without a physician's certificate or a certificate from the board of health. A report from the same committee recommending that the Lincoln school should be taken from the Horace Mann district and transferred to the Bigelow school district, was laid over until the next meeting. As the result of statements made by Rev. Usher Monro as to the overcrowding of the Hamilton school, the matter was placed in the hands of the committee on school houses. Orders were adopted appropriating \$20,477.48 for school expenses for October; that 2500 copies of the annual report be printed; that the board of aldermen be requested to transfer the sum of \$800 from the general appropriation for schools to the appropriation for incidentals; that the board of aldermen add the sum of \$550 to the appropriation for schools; for 1902 an order instructing the superintendent of schools to transfer the pupils from the Lincoln school to other schools was referred to the committee on school houses. Harrison W. Hayward was appointed assistant in the evening drawing schools at a salary of \$3 per evening and Mary M. Hopkins an assistant at the Bigelow school at a salary of \$600 per year.

Kindly Take Notice that Ely's Liquid Cream Balm is of great benefit to those sufferers from nasal catarrh who cannot inhale freely through the nose, but must treat themselves by spraying. Liquid Cream Balm differs in form, but not medicinally from the Cream Balm that has stood for years at the head of remedies for catarrh. It may be used in any nasal atomizer. The price, including a spraying tube, is 75 cts. Sold by druggists and mailed by Ely Brothers, 56 Warren Street, New York.

Y. M. C. A. Reception.

The Newton Young Men's Christian Association is to be congratulated at the success of the reception held in the rooms Tuesday evening, in honor of the present and past presidents of the association and the ladies' auxiliary. Over 250 guests were present representing the various Newtons and the receiving party consisted of Mrs. A. F. Emery, president of the ladies' auxiliary; Mrs. E. M. Springer, Mrs. Moses Clark and Mrs. A. Barber, past presidents; Mr. S. M. Sayford, president of the association, and Messrs. D. Fletcher Barber, J. R. W. Sapligh, E. H. Tucker, and Hugh Campbell former presidents. The ushers were the members of the social committee assisted by members of other committees and for an hour music was furnished by the Y. M. C. A. orchestra. Later the company adjourned to the hall where a program was presented consisting of selections by the Beethoven male quartet; address of welcome by E. O. Chiklis, Jr., chairman of the social committee; solo by Miss Florence Harding, reading by Mr. H. M. Greenough and addresses by H. M. Armstrong, state secretary, President S. M. Sayford, General Secretary E. A. Lincoln and others. Letters of congratulation and regret were read from past presidents, J. Wood, R. F. Cummings and others. Later refreshments were served under the auspices of the ladies' auxiliary. The affair was the largest of its kind in the association's history.

Dance of A. O. H. at Lower Falls.

The seventh annual dance of division 25 A. O. H. held last Friday evening in Freeman hall, Lower Falls, was one of the most successful affairs of the kind yet given under that organization's auspices. The principal guests were Daniel O'Connell of Newton and Pres. Stephenson of Division 25 A. O. H. of Newton. Patrick J. Gleason was floor marshal, Daniel F. Fogarty floor director, Daniel J. Conaghan assistant floor director and the following were aids: David H. Warren, John A. Donovan, Jeremiah Mulcahy, Michael Martin, Patrick Heenan, Christopher Bassett, James Brennan and Patrick Connolly. The reception committee included James Roberts, Michael Cahn, John Healey, Patrick O'Neill, Thomas Kilmaide, Timothy Healey and Patrick Grotty.

Mortgagee's Sale of Real Estate,

Near Langley Road, Newton Centre.

By virtue of a power of sale contained in a certain mortgage deed given by Elizabeth A. Clark to The Newton Co-operative Bank, dated November 7, 1899, and recorded in the Registry of Deeds for the County of Middlesex lib. 2782, folio 4, will be sold at public auction, on the premises, on Tuesday the nineteenth day of November, 1901, at 2-15 o'clock in the afternoon, for breach of the conditions of said mortgage and for the purpose of foreclosing the same, all and singular the premises conveyed by said mortgage deed, namely:—A certain parcel of land, situated near Station Street in the City of Newton in the County of Middlesex and Commonwealth of Massachusetts, called Newton Centre, and bounded and described as follows, to wit:—Beginning at the southeasterly corner of the premises hereby conveyed at land now or late of Benton, thence running by said land of Benton Southwesterly fifty and six and 100 (506) feet to land now or late of Scott, thence turning and running Northwesterly on said Scott's land twenty-seven (27) feet, thence turning at an angle of 148° 58' and running Northwesterly on land now or late of John H. Sanborn thirty-four and 65 (99) feet to land now or late of Fay, thence turning and running Southerly by said Fay's land fifty-four and 81-100 (54.81) feet to the point of beginning; together with a right of passing and repassing, to and from said Station Street over a strip of said Elizabeth A. Clark's other land twenty feet wide, bounded as follows, to wit:—Southerly by said Fay's land and the land above described two hundred and ten and 10 (210) feet, Southwesterly by said Scott's land Northwesterly by other land of said Elizabeth A. Clark by a line parallel to and distant twenty (20) feet from said Fay's land and the land first above described, and Easterly by said station Street.

For the title of said Elizabeth A. Clark see a deed by George M. West to her dated February 13, 1895, and recorded with Middlesex South District Deeds. Said premises will be sold subject to all unpaid taxes and other municipal assessments.

\$200 will be required to be paid in cash by the purchaser at the time and place of sale.

THE NEWTON CO-OPERATIVE BANK,
Oct. 24, 1901.
WILLIAM W. WOOD, Attorneys,
135 Devonshire Street, Boston.

Commonwealth of Massachusetts

In Board of Gas and Electric Light Commissioners.

Now, October 25th, 1901.
Upon the petition of the Newton and Watertown Gas Light Company, for approval of an issue of new capital stock of the par value of fifty thousand dollars (\$50,000) for the purpose of equipping and extending the company's plant, the Board will give a hearing to parties in interest at its office, Room 15 State House, Boston, on Wednesday, the 31st day of October current at ten-thirty o'clock in the forenoon.

And the petitioner is required to give notice of the time and place of said hearing by publication hereof in the "Newton Graphic," the "Newton Enterprise" and the "Newton Journal," newspapers published in the city of Newton, and in the "Watertown Enterprise," a newspaper published in the town of Watertown, in each of said papers once prior to said time of hearing.

By order of the Board,
R. G. TOLBY, Clerk.

—The Odd Fellows' Building Association of Newton Highlands hold a fair in its building Oct. 28th, 29th and 30th.

—Alderman Fred M. Lowe, Rev. T. P. Prudden and Mr. Henry L. Whittlesey have returned from New Haven, where they attended the Yale celebration.

—Hon. Edward B. Wilson and Miss Wilson have sent out invitations for an at home Thursday evening, Oct. 31, from 8 to 10.30 at their home 304 Otis street.

—Attention is called to the Custom Corset Dept. in Elliot Block, Newton, a branch of the Temple Corset Parlor, Temple Place, Boston. F. W. Ruggles, proprietor.

—Capt. Hiram McKee and wife, of Brookings, South Dakota, are visiting his cousin, Mr. S. E. Thompson, of Waltham street. They will spend the winter in Northern New York visiting relatives and friends.

—The marriage of Henry S. Hawkes of Cambridge, formerly of this village, and Miss Hannah R. Hayes of Cambridge, took place last evening in that city. The ceremony was performed by Rev. Daniel Evans and was followed by a reception.

—Mr. E. C. Fletcher and family of Berkeley street have moved to Auburndale.

—Mr. and Mrs. S. W. Manning of Lenox street have returned from a trip to Omaha, Neb.

—Mrs. J. C. Jaynes, president of the Ladies' Aid Society will be at home to the members next Friday afternoon from 3 to 5 o'clock.

—Mr. Frank W. Wise of Prince street was elected treasurer of the Universalist convention at the annual meeting held at Buffalo, N. Y., last Tuesday.

—A pretty wedding took place at Allston, Oct. 16, when Mr. William McKissock Burr of Sewall street was united in marriage to Miss Elsie May Fisher of Boston. The officiating clergyman was Rev. Dr. Henry J. Patrick.

—In the parlors of the Unitarian church a pleasant reception was tendered Rev. and Mrs. J. C. Jaynes last Friday evening by the parish. A large number of the society were present. Mrs. Freeman, Mrs. Hutchinson, Mrs. Clapp and Mrs. Drew presided at the various tables and an orchestra furnished music.

—Miss Harriet Kneeland, daughter of Daniel J. Kneeland of Webster street, died at New Durham, N. H., Thursday of last week. The remains were brought here and the funeral was held from St. Bernard's church, Monday at 9 a. m. Requiem mass was celebrated by Rev. Fr. L. J. O'Toole, and a large number of relatives and friends were present. The interment was at Cambridge.

Reception.

The West Newton Women's Educational Club held the annual reception at the home of the president, Mrs. Alvin R. Bailey on Centre street, yesterday afternoon from 3 to 5 o'clock. About 150 ladies were present. The receiving party consisted of Mrs. E. L. N. Walton, honorary president; Mrs. A. R. Bailey, president; Miss Caroline B. Allen, Miss Amelia Davis, Mrs. Mary R. Martin and Mrs. Jane M. Hastings, vice presidents. The refreshments were in charge of the hospital committee, Mrs. Abbie F. Humphrey, chairman and the hostesses were Mrs. Harriet C. Burrisson and Mrs. Carrie H. Kattelle.

Senator Hoar at West Newton.

The venerable "father of the United States senate," Hon. George Frisbie Hoar, delighted a large gathering in the parlors of West Newton Unitarian church, Wednesday evening, with a highly interesting lecture on "Roger Sherman." The speaker was introduced by Alderman George Hutchinson. The affair was under the auspices of Lucy Jackson Chapter, D. A. R. Senator Hoar told of the life of his distinguished ancestor in a manner that commanded the rapt attention of the audience throughout the evening. His charm of manner was heightened by his keen shafts of wit and applause was frequent.

High School Notes.

The Delta Beta 1904 have elected these officers: President, Miss Davis; secretary, and treasurer, Miss Stephenson; class pin committee, Miss Davis; Miss Helen Jewell and Miss Stephenson.

A social and business meeting of the T. C. S. 1902 was held at the home of Miss Helen Freeman on Wednesday afternoon.

The freshmen candidates for the girls basket ball meet on Wednesday directly after school. The other classes meet on Thursdays after school and on Saturday morning in the drill shed.

At a business meeting of the preparatory league Robert J. Leonard, Newton High 1902, was elected vice-president; C. B. Cotting, Newton High, '91, was elected a member of the graduate committee. E. M. Richards, Newton High, 1902, was elected a member of the undergraduate committee.

The schedule of the preparatory league games which Newton plays is as follows: 1st, Oct. 29, Brookline High at Newton; 2nd, Nov. 5, Hopkinton (place to be announced); 3rd, Nov. 12, Cambridge High, (place to be announced); 4th, Nov. 15, Boston Latin, (place to be announced). The preparatory league includes Newton, Brookline, Hopkinton, Cambridge, and Boston Latin.

LINES OF THE FACE.

THEIR RELATION TO THE BEARD AND THE MUSTACHE.

A Knowledge of Drawing on the Part of Men, Says a Woman Artist, Would Have the Effect of Enhancing Masculine Good Looks.

"A knowledge of drawing on the part of men would have the effect of enhancing their good looks," said a lady teacher of that art recently, "and it would make presentable many a man whose appearance is not calculated to excite admiration. It sounds an odd combination, drawing and beauty, does it not? Nevertheless it is a fact."

To the natural request for an explanation she replied:

"The first principles of drawing are geometrical lines and curves. These lines and curves occur in everything. A potter in criticizing an ugly shaped jug will most probably tell you that its 'lines' are bad. Most of those who dabble in drawing and gain certificates merely learn to make these lines and curves without acquiring the slightest knowledge of their effect."

"Here is an example. Just take this pencil and draw a face. Oh, anything will do! But be sure to make two straight lines over the eyes for eyebrows. That's it. See how serious that expression is?"

"Now rub out those straight lines and in their places make two curves with the ends upward. That face has an expression of intense surprise, hasn't it? If you had made curved eyebrows with the ends down in the first instance, the difference between the two would have been more striking."

"Well, the human face has its 'lines,' and by studying them our men could improve their appearance. The most elementary expedient is to adapt the mustache and beard to the lines of the face, and I must here tell you that 'lines' in technical language include both straight and curves. Such an expedient is within the reach of all, and there is no need for me to remind you that the whiskers make a tremendous difference in a man's appearance."

"Take a man with an aquiline nose, clear cut features and broad brow, then imagine this individual with a long, drooping mustache; why, it accentuates the whole 'droop' of the face and spoils it. Such a man should have a small pointed beard and a mustache with ends pointing slightly upward."

"The exact opposite is also frequently met with. A man with features that have a distinct upward tendency will wear a mustache with ends that are turned up and so long that they seem to be thinking of joining the eyebrows. Men with mustaches that display an inclination to grow long ends think that these ends should be permitted to grow and that they must be trained upward. That strikes them as the only proper way. But to suit the lines of the face those ends should in many cases be cut off, and in others they ought to be trained downward."

"Whiskers, again, are allowed to grow whether they suit the face or not. Often a fine, vigorous, manly face is contradicted by an insipid little mustache worn over a firm, clear cut mouth, the expression of which it does much to alter. It is quite a pity to see such fine lines spoiled in that way. The wearer cultivates the hirsute appendage merely because it is the fashion for men to have a mustache. You talk about women being slaves to Dame Fashion, but in the matter of your whiskers you men are worse slaves than we are to dress!"

"Now don't run away with the notion that I advocate general shaving. Some men who are clean shaved ought not to be. The lines of their faces simply demand that of which they are depriving their countenance every morning. It requires a strong, very intellectual face to do without beard or mustache. The latter is an absolute necessity for hiding the bad lines of some mouths that would if left totally uncovered spoil the whole face."

"Women as a rule are more careful of their lines and choose hats and other things to match. Men also study their dress more than the hair on their faces, but a knowledge of drawing would correct many mistakes in hats, collars and other masculine accessories."

"In the matter of color we rather pass from the domain of drawing and mere lines and tresses into the realm of painting, but I cannot resist saying that both men and women, especially the former, would be all the better looking if they knew more about the blending of colors, because they would not then choose hues which do not harmonize with their complexions. I have known a man with red hair to wear a red tie because red ties were fashionable!"

"We are all going in for art and the beautiful nowadays, and you men are not handsome as a body. You could make yourselves more handsome by attending to such easily managed details as I have pointed out. See that your sons learn drawing."—Pearson's Weekly.

Applied Christianity.

Tommy had been quiet for fully five minutes. He seemed to be engaged with some deep problem.

"Papa," he said

"Well?"

"Do unto others as you would have others do unto you—that's the golden rule, isn't it, papa?"

"Yes, my son."

"And it's perfectly right to follow the golden rule, isn't it, papa?"

"Yes, indeed."

Tommy rose, went to the cupboard and returned with a knife and a large apple pie. The latter he placed before his astonished sire with great solemnity.

"Eat it, papa," he said.—San Francisco Bulletin.

FINICKY TURKISH LADIES.

Why Are Very Careful About What They Take In Their Hands.

Our Constantinople correspondent writes: It is not generally known that there exists among Turkish ladies of high class a kind of caste feeling similar to that prevailing among Hindoos. It takes the form of a fear of contamination from the outer world and is only observed, as far as I know, by those who cannot afford to keep servants in sufficient numbers. Before meals ladies always wash their hands at a tap from which the water runs into a marble basin. They will turn on the tap when they are just going to wash, but when they have finished they let the water run till somebody shuts it off, as to do it themselves would make them unclean. They cannot open or shut a door, as the handle would be unclean, so a slave is generally kept handy for the purpose.

One of these fastidious ladies was talking to a small niece the other day who had just received a present of a beautiful doll from Paris. The child presently laid the doll on the lady's lap, who was horrified and ordered the child to take it away. As the little girl would not move it and no servant was near, and the lady would be defiled by touching a doll that was brought from abroad, the only thing she could think of was to jump up and let the doll fall, which broke to pieces. The same lady will not open a letter coming by post, but a servant opens it and holds it near her for her to read. If her handkerchief falls to the ground, it is immediately destroyed or given away, so that she should not use it again. This curious state of exclusiveness or fanaticism exists, I am told, in many of the large harems. Among men it is not practiced.—London Telegraph.

ANIMAL LIFE.

In Maryland sparrows have been known to raise six broods in one year. In England there are seldom more than three broods.

Ostrich farms are profitable. Birds are worth \$100 apiece, and a good specimen yields about \$25 worth of feathers at a plucking.

Cats evince, as is well known, a curious emotional disturbance when in the neighborhood of valerian plant, of which they are very fond. It apparently produces in them a species of intoxication.

There are records of elephants that have lived for 200 years, and an age of 150 years is not regarded as so very old for an elephant. It takes about a quarter of a century to get the elephant to full maturity.

A French anatomist has analyzed the skeletons of 86 chimpanzees, gorillas and orang outangs and asserts that he has found in them bone diseases like those which afflict mankind and in about the same proportion.

He Was Satisfied.

A farmer entered an office in central New York and sent this message to a woman in Canada: "Will you be my wife? Please answer quick by telegraph." Although he waited the rest of the day, he got no answer, but the next morning he got a night dispatch, sent collect, but favorable. The operator in expressing his sympathy said, "Little rough to keep you in suspense so long."

"Look a-here, sonny," the farmer remarked, "I'll stand all the suspense. Any woman that'll hold back her answer all day to a proposal of marriage, just so that she kin send it half rate at night, is economical enough to make up after I get her for all the loss of time and injury to feelin's I've suffered waitin'!"—Exchange.

Icebergs.

The captain of an ocean steamer is often warned of the proximity of icebergs by the men in the engine room. When a ship enters water considerably colder than that through which it has been going its propeller runs faster, and as such water surrounds the vicinity of icebergs for many miles the engineers know when the propeller's action is greatly accelerated without any increase of the steam power icebergs may be expected. Of course the thermometer is the most useful indicator of icebergs.

Two Calamitous Fires.

The two most calamitous fires ever known anywhere in the world occurred in the United States within 13 months of each other. In the first of these, in Chicago, on Oct. 8, 1871, the property loss was \$200,000,000, and in the second, in Boston, Nov. 9, 1872, \$80,000,000 of property was consumed. In Chicago 100,000 persons were left without homes and 200 were killed. Chicago's heads the list of the world's destructive conflagrations.

Relieved.

"That must be a pretty bad toothache to swell your face like that. Why don't you see a dentist?"

"I did call on your friend, Dr. Pullen, yesterday, and experienced great relief."

"You must be mistaken. Pullen has been out of town for a week."

"I know. I felt relieved when I found that out."—Philadelphia Press.

The Chinaman's Dress.

Those who understand the subject have to admit that when it comes to the question of rational dress the Chinaman has very much the best of it. American clothes are not made for the performance of much stooping or domestic gymnastics, but the Chinaman, in his loose, easy fitting clothes, is as free to stoop, jump, run or turn hand-springs as a small boy in bathing. In a Chinese suit of clothes you can lie down and sleep with the same amount of comfort that you can stand up and walk.

OLD MILL.

(Continued from page three.)

today. Anger transferred the property to the elder John Richardson. John Richardson, Sr., transferred to John Richardson, Jr., John Richardson, Jr., to George Daniels. Daniels transferred to Town of Newton, town of Newton to Albert Brackett, the present owner, with a reservation of right of way beside the brook, for a trunk sewer to connect the sewage system of Newton with the Metropolitan Sewer. In 1859 George Daniels excavated the mill stone doorstep from the ruins of the mill and removed it to the face wall of the brook, where it now is. Excavations for the trunk sewer of Newton disclosed the lower story and part of the foundations of the mill or brewery, the mud and debris of the mill pond above the dam, and many objects of archaeological and historic interest, connected therewith, such as the brick roofing tiles with which the roof of the building was covered. Brick water pipes and perforated bricks used in the brewery by Oaks Anger.

The pond connected with this old mill was upon that land now called Farlow Park in Newton, which has been filled in within the memory of many now living residents of Newton. It extended from the George Hyde estate to the site of the present Unitarian church buildings, and down the narrow valley between Nantum street and the former Nantum street, now misnamed Charles-bank road, and to the mill which was quite near the river.

The letters N. T. cut upon the stone probably refer to the fact that the site of the old mill was no longer in Watertown, but in the lately constructed new town of Newton, when Anger took possession of the estate.

My father in 1819 occupied a house which was part of the same estate, then owned by J. Richardson, Sr., who informed him that the old brewery was an ancient mill. It was then standing in ruins. Mr. Daniels told me that the old brewery was at one time a mill, and called my attention to the mill stone doorstep, with the inscription N. T., 1747, cut upon it, which, he removed to the wall in the brook where it now is. When I first came to Watertown in 1838, this ancient building stood in ruins. The basement filled with bricks and mortar and debris of the walls, and the rotten timbers of the roof. The embankments of the ancient dam, one on either side of the narrow valley, were plainly visible, showing that the falls might have been nearly twenty feet in elevation, which would make them a prominent object as seen from the river. This, I think, must have been the falls at Watertown, which William Woods noticed in 1631 and mentioned in his description of New England at that date or soon after. This is as near as possible a true story of the most ancient structure of ancient Watertown, all of which is submitted.

Jesse Fewkes.

Mortgagee's Sale of Real Estate.

Pursuant to the power of sale contained in a certain mortgage deed given by Samuel W. George and Carrie A. George, both of Newton, Massachusetts, to Moses H. Clough of Gloucester, Massachusetts, dated April 26, 1898, recorded with Middlesex S. D. Dist. Deeds, Book 2650, folio 527, for the purpose of foreclosing said mortgage in breach of the condition thereof.

Will be sold at public auction, on the premises, on Wednesday, the thirteenth day of November, A. D. 1901, at eleven o'clock in the forenoon, all and singular the premises conveyed by said mortgage deed, namely:

A certain parcel of land with the buildings thereon, situate in that part of said Newton called Newtonville, on the northerly side of Court street and bounded as follows, to-wit: Beginning at the southerly corner of the granted premises on said Court street, at a stake placed thereon and fifty-one and one-half feet easterly from land whereof Nathan Chamberlain died seized, and running northerly parallel with said Chamberlain's land and distant easterly three and five-tenths feet therefrom, eighty-eight and eight-tenths feet to a stake; thence North four degrees East by said Chamberlain's land two hundred twenty-four and four-tenths feet to the middle line of a drain; thence easterly by said middle line one hundred twenty-one and eight-tenths feet to land now or late of F. C. Perry; thence southerly by said Perry's land three hundred eighteen and forty-five one-hundredths feet to said Court street; thence westerly by said Court street one hundred forty-four and four tenths feet to the point of beginning. Containing by survey of E. S. Smith, dated July, 1898, 2.24 acres less 2 square feet.

MOSES H. CLOUGH, Mortgagee.

Terms: \$500 at sale, balance on delivery of deed.

Mortgagee's Sale of Real Estate.

By virtue of the power of sale contained in a certain mortgage deed given by William R. Haddock to Frederick S. Converse, dated April 1890, and recorded with Middlesex South District Deeds, Book 2727, Page 73, for breach of the condition of said mortgage deed, will be sold at public auction, upon the premises hereinafter described, on Monday, the fourth day of November, 1901, at a clock of the afternoon, all and singular the premises conveyed by said mortgage deed, namely:—a certain parcel of land situate in Newton, in the County of Middlesex and Commonwealth of Massachusetts, and being Lot No. Eleven as shown on a plan entitled, "Land in Newton, Mass., belonging to the late low Hill Land Trust," drawn by E. S. Smith dated March 31st, 1899, and recorded with said mortgage deed, and bounded as follows, viz:—Northerly by Nantum Street, seventy-five (75) feet; Easterly by Lot No. 12 on said plan, one hundred and eighty (180) feet; Southerly by land of the Farlow Hill Land Trust, sixty-eight (68) feet; and Westerly by Lot No. 10 on said plan, one hundred and fourteen (114) feet; containing 2023 square feet. The premises are and will be sold subject to the restrictions referred to in said mortgage deed so far as now in force and applicable, and subject also to any or all unpaid taxes and assessments.

Terms cash; \$300 to be paid by the purchaser to the auctioneer at the time of the sale, the remainder in ten days thereafter.

FREDERICK S. CONVERSE, Mortgagee.

ROBERT HODGINS, Attorney, 53 State St., Boston, October 11, 1901.

BOARD OF RAILROAD COMMISSIONERS

BOSTON, October 14, 1901.

On the petition of the Waltham Street Railway Company for authority to extend its railway into the City of Newton, adjoining the City of Waltham in which its railway is constructed, the Board will give a hearing to the parties in interest at their office, No. 20 Beacon street, Boston, on Friday, the twenty-fifth day of October, instant, at eleven o'clock in the forenoon.

And the petitioner is required to give notice of said hearing by publication hereof one prior to said date in the Newton Graphic, a newspaper printed in the City of Newton, and to make return of service at the time of being.

For order of the Board,

WM. A. CRAFTS, Clerk.

Commonwealth of Massachusetts

PROBATE COURT.

MIDDLESEX, ss.

To the heirs-at-law, next of kin, and all other persons interested in the estate of Ellen Ayles, late of Newton, in said County, deceased.

WHEREAS, a certain instrument purporting to be the last will and testament of said deceased has been presented to said Court for probate by Elizabeth Ayles, who prays that letters of administration with the will annexed may be issued to her or some other suitable person, no executor being named in said will.

NEWTON FREE LIBRARY.

LIST OF NEW BOOKS.

BARR, Amelia E. The Lion's Whelp: a Story of Cromwell's Time. 65.1353

BATES, Arlo. Talks on Writing English. Vol. 2. 54.1086

Made up from material used in a course of lectures given in the Lowell Free Classes as supplementary to the author's previous "Talks on Writing English."

BOARDMAN, Wm. Henry. The Lovers of the Woods. 65.1367

"Sketches of life in the Adirondacks: filled with glimpses of nature and the common sense talk of the philosophic guides."

DORIS, Georges, pseud. Private Life of the Sultan of Turkey; trans. by Arthur Hornblow. 92.974

The author's father was one of the ministers of Abdul-Hamid II, and at one time governor of Crete. The book so angered Turkey's ruler that its author has been condemned to death.

ENGLISH Miscellany: presented to Dr. Furnivall in Honor of his Seventy Fifth Birthday. 56.501

FRENCH Cookery for American Homes: 634 Recipes of Simple and Easy Dishes. 102.930

GISSING, George. By the Ionian Sea; Notes of a Rambles in Southern Italy. 37.445

GOODRICH, W. W. The Bench and Bar as Makers of the American Republic. 53.722

An address delivered before the American Historical Association, celebrating the two hundred and eightieth anniversary of the landing of the Pilgrims.

GREENIDGE, A. H. J. Roman Public Life. 64.519

Traces the growth of the Roman constitution and explains its working during the two phases of its maturity, the developed Republic and the Principate.

HENTY, Geo. Alfred. At the Point of the Bayonet: a Tale of the Mahratta War. 65.1349

JOHNSON, Wm. Woolsey. Theoretical Mechanics: an Elementary Treatise. 102.365

KING, Chas. Norman Holt; a Story of the Army of the Cumberland. 64.1974

KIRK, Ellen Olney. Our Lady Vanity. 65.1358

WILDMAN, Edwin. Aguinaldo: a Narrative of Filipino Ambitions. 72.519

An account of American campaigns in the Philippines from the beginning to Funston's capture of Aguinaldo.

WILLIAMSON, Geo. C. Francesco Raibolini called Francia. (Great Masters in Painting.) 92.896

Zwingle, Huldreich. Selected Works 1484-1531; ed. by R. M. MacDonald, Man, Logan county, W. Va. Several very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. Sold by all druggists.

E. P. THURSTON, Librarian

Oct. 23, 1901.

Stricken With Paralysis.

Henderson Grimmett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, his wife recommended Chamberlain's Pain Balm, and after using two bottles of it, he is almost entirely cured. Geo. R. McDonald, Man, Logan county, W. Va. Several very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. Sold by all druggists.

Wawbewaw Canoe Club entertains the Officers of the American Canoe Association at their Club House.

The annual business meeting of the board of governors and executive committee of the American Canoe Association, in response to an invitation issued by Commodore Louis A. Hall of the Wawbewaw Canoe Association will be at the club house of that club on Saturday next at 10 a. m.

At this meeting will be present delegates from a number of the important canoe clubs of the United States and Canada, and among the delegates will be many well-known canoeists and racing men.

Among the clubs that will be represented at the meeting are the Brooklyn C. C. and New York C. C. of New York; the Rochester C. C. and Irondequoit C. C. of Rochester, N. Y.; the DeWainista C. C. of Rome, N. Y.; and Buffalo C. C. of Buffalo; the Duquesne C. C. of Pittsburgh, Pa.; also the Toronto C. C. and Thibault C. C. and Ottawa C. C. from Canada.

From New England the Lawrence C. C. of Lawrence, Medford C. C. of Medford, Winchester B. C. and Irondequoit C. C. the latter from Woburn. The Quinoboguin C. C. and Dedham Boat Club of Dedham; the Tatassit C. C. and Lakeside C. C. of Worcester.

All the delegates will attend the dinner given by the Commodore at the Woodland Park Hotel, Saturday evening, and will be the guests of members of the Wawbewaw Canoe Club Saturday night, and Sunday will have an opportunity to visit the various clubs and boat houses on the river.

DARING GIRL BURGLAR.

EMPLOYED AS A DOMESTIC AT NEWTONVILLE, NELLIE M. REAGAN, IS ALLEGED TO HAVE BROKEN INTO TWO HOUSES.

Through the arrest last Sunday afternoon of Nellie M. Reagan, aged 28, employed as a domestic at the residence of Mr. E. D. Van Tassel, 390 Newtonville avenue, Newtonville, the police have recovered much of the property stolen from the house of Mr. C. B. Fillebrown, Bellevue street, Newton, July 3, and from the house of J. J. Cornish, 409 Newtonville avenue, Newtonville, Oct. 2. They have, so they claim, the perpetrator of the breaks in the person of Miss Reagan.

The arrest of the young woman was brought about by the efforts of Inspector Frank B. Fletcher and Patrolman William P. Soule, who have been working on the case for a long time. About 3 last Sunday afternoon the officers went to Miss Reagan's room in the Van Tassel residence and found very near \$1200 worth of plunder. They arrested the woman. The Van Tassel family were greatly surprised for the young woman's work had always been satisfactory and they never suspected her misdoings.

Sunday evening and Monday morning members of the Fillebrown family and the Cornish family as well as Mrs. E. J. Pinkham, who had some property in the Fillebrown house at the time of the burglary, identified the property, which included about everything in the line of jewelry, silverware, woman's garments, knickknacks and trinkets, together with two bicycles.

In court Monday morning the Reagan woman pleaded guilty to breaking and entering at both the Fillebrown and Cornish residences. The only explanation she gave was that she had lost a dear friend last March and had since that time occasionally indulged in liquor. It was while under its influences that she committed the burglaries, she said.

The court continued her case until Saturday and placed her in \$2000 bonds. It is understood that this will permit of her case coming before the grand jury during the present term. It is said by the police that the Reagan woman has worked in Newton during a large part of the past 7 years. For several months in 1897 she was employed by Mr. Fillebrown.

Banker Rout A Robber.

J. R. Garrison, Cashier of the bank of Thornville, Ohio, had been robbed of \$10,000 by a serious lung trouble until he tried Dr. King's New Discovery for Consumption. Then he wrote: "It is the best medicine I ever used for a severe cold or a bad case of lung trouble. I always keep a bottle on hand." Don't suffer with Coughs, Colds, or any Throat, Chest or Lung trouble when you can be cured so easily. Only 50c and \$1.00. Trial bottles free at Arthur Hudson's Drug Store.

A Typical South African Store.

O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store, is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists.

Aunt Towne—"Firemen must be very childish and skittish, Justin." Uncle Justin Towne—"I just heard that constable say that after the fire is under control the fireman will play on the ruins all night long."

The Twentieth Century.

The advent of the new century is to be commemorated by the Newton GRAPHIC in the publication of a handsomely bound volume, entitled, "Newton, The Garden City of the Commonwealth, 1874-1901." It will contain valuable and interesting historical matter, fully illustrated with half-tone engravings of churches, schools, residences, street views, parks, etc. The history will tell of leading events, characters and progress of the city, and the many advantages of Newton as a beautiful and desirable place of residence will be fully shown. The volume will also contain the portraits and biographies of representative men who, in their lives, their work or their influence have made Newton of today the garden city of the Commonwealth and of New England.

It is believed that such a work will commend itself to the citizens of Newton as bringing together a carefully collated record of the lives of men who have contributed to the welfare of our city; men of whom we are justly proud as educators, lawyers, physicians, clergymen and men of affairs.

Such a publication at this time will give to the present, as up to date account of the city and will bequeath to the future a legacy of what Newton was at the beginning of what promises to be a most remarkable century.

We are exclusive agents for a modern hotel at Buffalo, within 5 minutes of Pan-American Gates, in the most fashionable residential district. Hotel is newly furnished throughout and terms are reasonable. Full information at Graphic office.

Danahy, pastor of St. Mary's church, was riding horseback from St. Patrick's mission in Needham to his church at this place, about 10 last Sunday morning, when his horse stumbled and he was thrown forward to the ground. Fr. Danahy suffered a number of cuts and bruises but was able to attend to his church duties after receiving medical treatment by Dr. W. H. McOwen.

Boston Food Fair

Among the immense number of special attractions at the Boston Food Fair, now nearing its close, no feature draws bigger crowds than Beautiful Jim Key, the educated horse.

This horse actually spells a large number of words, the spelling being done by the use of letters which the horse takes out of a rack. He has been taught to spell thousands of ordinary words and some long ones. He even spells Constantinople. He adds, subtracts and multiplies figures up to thirty. The figuring is done with the aid of figures on pieces of card board placed on a rack. The horse places letters in a letter file, putting a letter in the particular drawer he is told to. He detects coins as readily as a human being. He knows a nickel from a half-dollar and a half-dollar from a dollar as well as anybody, and he opens a cash register with his mouth, taking out the particular coin called for.

The attendance at the Boston Food Fair this year exceeds that of any Food Fair ever held in New England. There are excursions from all parts of New England daily. The price of admission to the Fair is only twenty-five cents.

At The Churches.

At the vesper service at Eliot church, Newton, next Sunday afternoon, Rev. Dr. William H. Davis will speak of King Alfred the Great, the ideal English king, the 1000th anniversary of whose death comes on Saturday.

Republican
Caucuses!

The Republicans of Newton are requested to meet in Caucus on

Friday, Nov. 15, '01
AT 5 O'CLOCK P.M.

in their respective wards as follows:

- Ward 1. Cole's Hall, 367 Centre Street.
- Ward 2. 2129 Walnut Street.
- Ward 3. Village A.O.U.W. Hall, Washington St.
- Ward 4. Taylor Block.
- Ward 5. Lincoln Hall.
- Ward 6. Bray's Hall.
- Ward 7. Eliot Lower Hall.

For the purpose of electing Delegates to a Republican City Convention which is hereby called to meet at

Temple Hall, Masonic Block,
Newtonville,

On FRIDAY, November 23d, 1901, at 3 P.M.

For the purpose of nominating a candidate for Mayor, seven candidates for Aldermen at large, one from each ward, and five candidates for the School Committee, each to serve three years, one each from wards 1, 2, 3, 4 and 7.

Also for the purpose of nominating seven candidates for Ward Aldermen, one from each ward, to be elected by the voters of the ward, and for the purpose of transacting any other business that may properly come before said Caucuses.

Each Ward is entitled to five delegates to the said convention.

Nomination papers will be issued from the office of the Secretary of the Republican City Committee, Room 1, Masonic Block, Newtonville, on Monday, October 28th, 1901, at 3 P.M.

Nomination papers may be filed with said Secretary at his said office on Friday, November 1st, 1901, at 3 P.M., and all nomination papers must be filed with said Secretary at said office before 5 P.M. of Friday, November 1st, 1901.

These Caucuses are called and are to be held in accordance with Chapter 548 of the Acts of 1898, and the acts supplementary thereto.

By order Republican City Committee of Newton,

CHARLES E. HATFIELD,

Chairman.

J. F. RYDER, Secretary.

Mortgagee's Sale of Real Estate.

By virtue of the power of sale contained in a certain mortgage deed given by John H. Watson to John R. Neal, dated June 30th, A. D. 1892, and recorded with Middlesex, South District, deeds in book 2190 page 300, will be sold at public auction, on the premises hereinafter described, on Saturday, the 21st day of November, A. D. 1901, at 4 o'clock in the afternoon, the following real estate described in said mortgage—A certain parcel of land, with the buildings thereon, situated in that part of Newton, County of Middlesex, and Commonwealth of Massachusetts, called Newton Highlands, and bounded Easterly by Chester Street, thirty-eight feet; Southerly by lot numbered thirty-five on a plan drawn by J. M. Harris, 1900, recorded in plan book 19, plan 41, in said Middlesex registry of deeds, one hundred and fifty feet; Westerly by lot numbered thirty-eight on said plan, sixty-eight feet; Northerly by land now or formerly of R. Levi, one hundred and fifty feet; and being a part of lot numbered thirty-seven on said plan; subject to such restrictions as may be contained in the deeds so far as the same are now applicable; and being the same premises conveyed to said John H. Watson by deed of Jeremiah M. Watson, dated August 31, A. D. 1891, and recorded with said deeds lib. 2002 folio 430. Said premises will be sold subject to all unpaid taxes and assessments if any there are. Terms two hundred dollars to be paid in cash at the sale and the balance in fifteen days on delivery of deed.

JOHN R. NEAL, Mortgagee.

W. H. H. EXMORSE, Counselor at Law,
10 Tremont Street (Room 56),
Boston, Mass.

Attorney for Mortgagee.

Bargains USED

PIANOS.

We have in stock 50 pianos of different makes that have been used. Prices range from \$50 upward. As these must all be sold immediately, we have made prices on them which we believe are lower than equally good pianos have ever been offered for. We will send list describing and pricing each if you cannot call. A small cash payment and monthly payments as low as \$5.

DIRECTIONS FOR WASHING WOOLEN UNDERWEAR.

Soak for an hour in soapuds as hot as the hand can bear. To every gallon of water add a teaspoonful of liquid ammonia, which will remove the effects of perspiration. Transfer to clean, warm soapuds and wash by stirring the garments around with the hands but without using a washboard or rubbing them at all unless there are soiled spots that cannot be removed otherwise; if so, continue the rubbing to those spots and if possible keep the garments entirely covered with water. Rinse twice in warm water, to remove all traces of soap, still avoiding rubbing.

After passing the garments through a wringer, immediately lay them one at a time on a board or table, and while still damp stretch to original shape by hand and hang up to dry.

It is best not to iron woolen underwear.

Don't wash in water used for other clothes. Don't rub soap on the garments except in case of spots, as above mentioned. Avoid patent washing powders and use only the best neutral soaps.

Remember that rubbing them, or suddenly changing the temperature of the water, is the way to shrink woolen goods.
